Goodland Herald: Lot Stoudt, a young man who was raised in Remington, was arrested here Thursday by Marshal Hough as a deserter from the U. S. navy at San Francisco, and held awaiting instructions from the Federal authorities. Stoudt says the life of an enlisted man in the navy is worse than a dog's existence, and that forty other deserters took an excursion at the same time that he did. A citizen who knows something about "life on the ocean wave" as a victim of the navy, looked the young man over and said: "I am about as patriotic as any man, but my eyesight would have to be a good deal better than it ever has been if I identified one of these fellows."

Makes Homely Women Pretty.

No woman, no matter how regular her feature may be, can be called pretty if her complexion is bad. Orino Laxative Fruit Syrup aids digestion and clears sallow blotted complexions by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Remember the name, Orino, and refuse to accept any substitute. A. F. Long, druggist.

Prof. A. Gingrich, the Dunnville violinist, and ye scire entertained themselves to music Friday evening.

Miss Estelle White admires Mr. Bogg's

50-acre buckwheat patch. Fred says he likes honey and flap jacks for the winter. Fred would look queer with a flap-jack and his mouth and a tear in his eye, helping for more.

In answer to Sister Baum's bridge, we will say Mr. D. V. declared not long ago, that if he did not like an alarm clock of the brindle rooster type he could eat it. We find out that it gave alarm out of season, 3 p. m., instead of daylight. He undoubtedly is the one that ate it, as she said it was eaten. So circumstances alter cases and for S. P. to furnish another clock under these conditions is out of the question.

A Card.

Our cattle man, C. R. Peregrine, sold no head of cattle to the Notre Dame college a few days ago. With very few exceptions they were the nicest lot of cattle for so large a herd ever sent out of this township.

We are sorry to say that the celebrated trader of Porter county has been dethroned. No longer will be be fed upon the ambrosia of honor and legal homage. That \$40 back down of his did the act. That immortal spark which lighted up the world and whose rays reached forward a thousand years and backwards until it lighted up the tombs of the ancient kings of Egypt has been snuffed out.

Our friend of San Pierre gave us quite a little article a few days ago upon our appetite for fried roosters. We wish to say that we got all of them ate but one, and he got away after we had picked him. We were going to serve him to our enemies. Our crag and moor we searched for him but found him not. I imagine our joy when we heard his musical voice at San Pierre, crowing through the horn of The Democrat. We have reconsidered our intention of serving him to our enemies, for the bible says, "Love thy enemies," and I'll be confound if I would eat him or serve him to others.

Don't Be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. The worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. A. F. Long, druggist.

There was a very large crowd of neighbors and friends followed the remains to their last resting place. He leaves three brothers and one half brother and one sister to mourn his demise.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better and continued to improve until I was entirely well." A. F. Long, druggist.
