Hello! Oil Field. We sadly learned you had that article so saturated with oil as to be hardly recognizable. Say, do not be so slippery or you will slip out of the sled next time.

San Pierre has been fortified by a brass cannon for many years which is to be transported to Indianapolis in the near future. Wm. Gusa says he will turn his blacksmith shop into a fort if necessary.

The San Pierre correspondent responded to a call given by Mr. and Mrs. Bertram Vandercar to take supper with them Saturday eve. We certainly had a democratic reunion. Brother D. V. and S. P. talked of Bryanism, the "Open Door Policy" in the Orient, Hanlyism, and all other current events and moral philosophy, while Mrs. Vandercar lavishly loaded the table with the very best eatables which was certainly to my heart's delight and gratification to the soul.

### Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. La Grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." A. F. Long.

## If You Suffer with Rheumatism

Dr. Shoop's Rheumatic Remedy Will Bring the Utmost Relief that Medicine Can.

The one remedy which many physicians rely upon to free the system of the Rheumatic Poisons which are the cause of all Rheumatism, Lumbago, Sciatica, Gout, is Dr. Shoop's RHEUMATIC REMEDY. Dr. Shoop spent twenty years in experimenting before he discovered the combined chemicals which made possible one almost always certain cure for Rheumatism, etc. Not that Dr. Shoop's RHEUMATIC REMEDY is a blood purifier, but that it is a blood purifier in the sense that it drives out the poisons which cause the pain and swelling. And it does this by the end of the pain and swelling. The end of the pain and swelling is the end of the Rheumatism. This remedy never fails where a cure is possible. It is put up in tablet form—convenient and economical. You who have suffered and are suffering today from pain and aches which you know to be Rheumatism; you who experience lameness or twinges of pain in damp weather; you who feel the joints stiff and lame without apparent cause—just try DR. SHOOP'S RHEUMATIC REMEDY. It is just the kind of a remedy that accomplishes results. Sold and recommended by

A. F. LONG.

## ONE CHANCE IS LEFT

Supreme Court the Last Resort to Save Sherrick from His Sentence.

### NEW TRIAL IS NOT GRANTED

Ex-Auditor Will Go to State's Prison Next Week—Railways Are Storing Coal.

Indianapolis, March 29.—Special Judge James E. McCullough, who sat in the trial of David E. Sherrick, ex-auditor of state, convicted in the criminal court of the embezzlement of \$120,000 of the state funds, overruled the motion of the defense for a new trial, and sentenced Sherrick to a term of not less than two and not more than twenty-one years in state's prison. Sherrick stood while Judge McCullough slowly said the words that sent him to the penitentiary, his jaw set and hard, and his eyes on the judge.

### Many Sympathize with Sherrick.

Following the announcement of the judge, hundreds of friends crowded about Sherrick to offer their sympathy and to express the hope that the supreme court, to which his case will be appealed, will reverse the finding of the lower court. Sherrick thought Judge McCullough would give him a new trial. "I was confident until Judge McCullough took the bench this morning," said he, "that I would get a new trial. But it seems not. I think the supreme court will reverse the verdict."

### Will Go to Prison Next Week.

Unless there is some intervention in the meantime Sherrick will be taken to Michigan City prison some time in the next five days. It is stated that Sherrick will be allowed several days in which to settle up his business affairs preparatory to going to Michigan City. Sheriff Soubrier has not said when he will be taken away, but it is generally supposed his departure will be delayed until the first of next week.

### Held's Opinion Didn't Count.

In overruling the motion for a new trial Judge McCullough held that his instructions to the jury complained of by the defense were correct according to the law and the evidence. He sifted the matter of the testimony given by the three men who swore that Louis Held, one of the jurors, had gone into the trial with a fixed opinion as to Sherrick's guilt, and had been shown, holding, in substance, that at least one of these witnesses should have interfered with the trial of the case by telling sooner what he asserted he knew regarding the accused juror if he had had such knowledge.

### RAILWAYS BUSY STORING COAL

Vandalia Confiscates Three Train Loads Consigned to Manufacturers at Chicago.

Indianapolis, March 29.—Taking advantage of a privilege that obtains in instances of emergency the Vandalia Railroad company has confiscated three train loads of coal consigned to Chicago manufacturers, and immediately unloading it along its right-of-way a few miles south of Indianapolis.

In addition to this the Vandalia, it is said, has a thirty-day supply stored at several points along its route in Indiana. The Big Four, according to Superintendent Van Winkle, has a sixty-day supply stored along its route in Illinois, Indiana and Ohio. The officials of the C. H. and D., declare that road will have a supply of 75,000 tons before April 1.

### Evidence for Sutherland's Defense.

New Albany, Ind., March 29.—Samuel F. McBride, member of the official board of the Park Christian church, was the first witness examined by the defense in the trial of Rev. Ulysses G. Sutherland, charged with wife-murder. He testified that during the church trial following the filing of a suit for divorce by Mrs. Sutherland, the latter admitted that her husband had twice taken poison from her.
