

# THE NEW \$2.00 Home Library Wall Chart

The Democrat one year, and  
This Fine \$2 Chart, for only **\$1.35**

Every home in the county should have one of these Wall Charts. They are filled with valuable information, which you want in the home. Valuable to every member of the family,

## The First Page Section

Contains one of the best and most up-to-date maps of Indiana it is possible for us to obtain. In striking colors it shows plainly—

The counties, county seats, and all the towns in the state.

The congressional districts, plainly outlined and numbered.

The railroads, interurbans, rivers and canals.

The distances between all railroad stations.

Around the margin of this map are good photographs of all the governors of Indiana, from Governor Arthur St. Clair of the Northwest Territory down to and including

Gov. J. Frank Hanly

On the reverse side of the map is a complete list of all towns and postoffices in the state, arranged in alphabetical order, with the population of each. The map is indexed with marginal figures and letters, so that a town, however large or small, may be instantly pointed out.

With the establishment of rural routes the postoffices of many small towns have been closed and the people are served by rural route out of a neighboring town. This map shows how to address mail for such places.

## The Second Section

Contains a handsomely engraved map of the United States, and four smaller maps, in colors, showing Alaska and our Island Possessions.

Also a map of the United States showing dates of accessions of territory from 1776 to the present day.

This is an exceptionally fine map, is up to date in all details, shows all the state capitals and all the principal cities, railroads, etc. Around the margin of this section are good portraits of all the presidents, from George Washington down to

Theodore Roosevelt.

On the reverse side of this section is shown the population of all the principal cities of the United States arranged in alphabetical order by states, and growth is indicated by the census figures in parallel columns for the years 1880, 1890 and 1920.

There is also much valuable data and interesting information about the possessions of the United States, and the Panama Canal Zone.

## The Third Section

Contains a map of the world engraved especially for this chart. It shows the ocean routes, and distances and length of time required to travel between different ports, the countries of the several continents are all brought out sharply in colors, and the capitals and principal cities are all shown.

There are also TWO NEW MAPS OF THE

Panama Canal Zone

Showing in relief with actual measurements, the great work the U. S. government is undertaking there. The map shows the lock canal as proposed by the latest plans, the artificial reservoirs, dams spillways and other important features.

This section also shows photographs of all the rulers of the nations of the earth, and their flags and coats of arms.

The reverse side gives an up-to-date historic sketch of the Panama Canal, profusely illustrated with pictures taken during President Roosevelt's recent trip of inspection to the Isthmus.

The Home Library Wall Chart would easily sell for \$2.00 at any book store or map supply house. It will prove a valuable feature in any home or office or school.

Only by co-operating with several of the publishers of the leading newspapers in Indiana, and ordering thousands of copies at one time, is the Jasper County Democrat able to secure

EXCLUSIVELY FOR ITS SUBSCRIBERS

this wall chart of valuable maps at a price so low that we practically give it away, as a premium to all new subscribers, and as well to old subscribers who pay for one year's subscription to the paper.

Jesse Walker's store at Indiana Harbor was burned Christmas night, entailing a loss of \$2,000. We did not learn how much insurance he carried or how much his net loss was. Jessie is a son of H. H. Walker of Remington.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health Coffee" is really the closest Coffee Imitation ever yet produced. Not a grain of real Coffee in it either. Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for Coffee. A. F. Long.

### Florida Letter.

Boynton, Fla., Dec. 25.

Christmas in Southern Florida: The sun rose clear and bright this morning seemingly out of the depths of old ocean. At sunrise the thermometer at the government station at Hypoluxo registered 56 degrees, at noon it showed 74 degrees, and at sundown 68 degrees. The eve and day was spent in the good old way. The eve by public and private X-mas trees, social gatherings, debating, recitations and stories of the birds sang sweet carols, and throughout the day there was church services, social visits, (nearly everyone wearing a bouquet of beautiful flowers) and all nature seemed to smile on this the birthday of the Heaven-born child.

We went to Del Ray via carriage and rock road. On the way we saw thousands of acres of pineapples and some very nice fruit and vegetables. Del Ray is a thriving little town of perhaps four

or five hundred contented and seemingly happy souls. The town is beautiful, having many modern up-to-date buildings, stone streets and avenues, fine yards and lawns that are covered with tropical flowers, grasses and strange (to us) trees and plants and taking all together makes a strong contrast with some of our dirty little burgs of the north.

Ab there "Four Corners," step lightly and listen. I will not wait till I get home to tell you that fish story and of that wonderful machine. It is more wonderful than you, wise as you are, can conceive. Listen, here is an accurate description which we hope will satisfy even your honor: This wonderful machine, by turning the crank to the right with the right hand, will draw in the fish from the lake, scale and clean them, separate the bones from the meat, cook, season and place them in your mouth. Then, listen, if it should be a kind that you don't like or if you are dissatisfied for any reason, all you have to do is to turn the crank to the left with the left hand, and out it comes—the fish I mean—and fish, bones, head, tail, scales and fins are immediately reunited and placed back in the lake alive and as good as ever. This machine accounts for the vast amount of fish in Florida. Great machine, isn't it Frank, and its name is Rebsif and the name if spelled backwards, too wonderful. F. W. Austin.

### Watched Fifteen Years.

"For fifteen years I have watched the working of Bucklen's Arnica Salve; and it has never failed to cure any sore, boil, ulcer or burn to which it was applied. It has saved us many a doctor bill," says A. F. Hardy, of East Wilton, Maine. 25c at Long's drug store.

### Sleepy Hollow

Miss Agnes Hurley is working for Mrs. Frank Alter.

Miss Ella Platt called on Miss Agnes Hurley Saturday evening.

Miss Agnes Hurley returned home Saturday from a week's vacation at Wheatfield.

Mr. Charlie Reese died last Wednesday and was buried at the Prater cemetery Friday forenoon.

Jimmie Knight who fell the other day and got some of his ribs broken, is some better at this writing.

The people all wonder what — is going to do. She packed her grip for a farewell trip and said good-bye Hugh.

Next time a certain young lady in Wheatfield goes to buy furniture and says she goes to hear the graphophone play we won't believe her. Be bold, D. V. (Continued on next page.)

### Seven Years of Proof.

"I have had seven years of proof that Dr. King's New Discovery is the best medicine to take for coughs and colds and for every diseased condition of throat, chest or lungs," says W. V. Henry, of Panama, Mo. The world has had thirty-eight years of proof that Dr. King's New Discovery is the best remedy for coughs and colds, la grippe, asthma, hay fever, bronchitis, hemorrhage of the lungs, and the early stages of consumption. Its timely use always prevents the development of pneumonia. Sold under guarantee at Long's drug store. 50c and \$1.00. Trial bottle free.

## VALUE OF RIGHT BREATHING.

Health Comes From Knowing How and What to Breathe.

Dust laden with germs of consumption or other disease is inhaled by all who use the streets, but the disease is not developed unless the germs find conditions suitable for their lodgment and growth.

With people having catarrh there is an ideal culture medium for these germs, as the irritated membrane and weakened tissues is a hot-bed where germs must thrive and multiply until they are numerous and active.

If you have catarrh, you should use the easiest, simplest and quickest cure, the direct method of Hyomei, whose wonderful medicated air is taken in with the air you breathe directly following and destroying all germs that have been inhaled, repairing any damages they may have worked and so healing and vitalizing the tissues as to render catarrh and germ infection no longer possible.

The unusual way in which Hyomei is sold should dispel all doubts as to its curative properties, for B. F. Fendig offers to refund the price to any one whom it fails to benefit. You do not risk a cent in testing the healing virtues of this breath of life, for with every \$1.00 outfit B. F. Fendig gives a guarantee to relieve catarrh or money refunded.

FARMERS, HERE IS SOMETHING YOU ALL WANT.

The Success Spreader I have got High lands, low lands, it matters not Will spread manure on every spot Load your wagon, hitch your team Mount the seat, and let her steam, Throw the levers, let her stream Beats old way, try new scheme.

C. A. ROBERTS,  
at Rensselaer, Ind.
