BRYAN AND KERN

Ladies' Thirty Cent Club
Organized.

PROMISES A LARGE MEMBERSHIP.

Every Lady In Jasper County Who
Proposes to "Support the Dem-
ocratic Ticket" Is Eligible to
Membership.

A Ladies 30-Cent Bryan and Kern Club was organized here Saturday afternoon with Mrs. Nelson Randle, President; Mrs. N. Littlefield, Vice-President, and Mrs. F. E. Babcock, Secretary and Treasurer. The ladies met in County Chairman Littlefield's office and perfected the organization and will meet there again next Saturday to report progress in soliciting membership.

Such clubs have been organized in many other places and thousands of dollars have been raised by them for the democratic campaign fund. That the Rensselaer ladies will hustle up a large membership here goes without saying, as all to whom the matter has been broached are enthusiastic over the project. The membership fee is 30 cents, all of which will be forwarded to the democratic national committee.

The time is short to organize a large membership here, but if the proper energy is put forth and every democratic lady, wife or daughter of a democrat, or one who endorses democratic principles and desires to see Bryan, Kern and Marshall elected Nov. 3, will consider herself a committee of one to solicit her neighbor, the club will be a big one in a few days.

We also understand that the men can become honorary members by planking down the required 30 cents.

TWAS A RICH HAUL INDEED.

Pickpockets at the Recent Ade Rally
Reaped a Fine Harvest.

Reports of losses from pickpockets at the recent Ade rally at Brook are heard of from all over this section of the state, and no doubt a much greater number have kept their losses to themselves for fear of the ridicule of their friends.

The Brook Reporter of last Friday contained quite a list of victims, and says a large number of empty pocket-books were found and turned over to the Reporter. Among those found and returned to their owners with losses unknown were: John Higgins, Kentland; Delmer Law, Morocco; Oscar Gilsbury, Fowler; James McAvoy, Westfield; Henry Vinton, Lafayette.

The Reporter also publishes individual losses as follows:

Ed Crudden	18.00
Walter Ponser	20.00
Jacob Flink	10.00
Geo. Knapp	2.00
John McKinney	11.00
John Lyons	20.00
Emery Wirt	5.00
Wm. Johnson	25.00
Two Lafayette men	140.00
Thos. Cauley, Seaford	27.00
A. McMullen, Forest, Ill.	5.00

A Chicago man had an \$800 diamond pin picked, while a Lafayette man was robbed of \$1,100 in cash and notes, the two largest losses reported.

Fowler papers report that James McDaniel, Sam Fleming and George Pfleeger of that place were touched, but the amounts are not given. Other papers all over this section also report losses by several of their citizens who attended the big blowout, so that the harvest must have been a very abundant one for the light-fingered gents.

THEY SURPRISED HENRY.

Henry Eiglesbach had quite a surprise worked off on him last Thursday night. It was his 53rd birthday anniversary, and through a ruse Father Geitl of the Indian School succeeded in inveigling Henry into taking a little journey early Thursday evening and in his absence everything was fixed so as to give him a genuine surprise on his return. Mrs. Clara Geitl, a sister of Mrs. Eiglesbach, came down from Chicago early in the week, and Tom Eiglesbach came down Thursday to the "dions" and to partake of the sumptuous supper that had been prepared by the good wife and Mrs. Geitl in Henry's absence. Ice cream and cake were also served about 11 o'clock. Numerous presents were given the guest of honor, which included a large easy chair by the two sons and the wife. About 20 friends and neighbors were present and they all stayed until after midnight before departing for their respective homes well satisfied with their evening's entertainment. Tom Eiglesbach returned to Chicago Friday and Mrs. Geitl returned Sunday.

LOUIS WILDBERG DEAD.

Louis Wildberg died at 11:45 Friday night from the effects of the same ailment that he underwent an operation for in the early spring. He had never fully recovered from the effects of the first attack and while he had been at his place of business at times since his return from the hospital, it was easily observable that he was not a well man, and it was not without some effort that he stayed down town. He was born near Seitzhoff, Bavaria, Feb. 6, 1849, and came to America 15 years later, going first to the state of Maine. After a time he went to Champaign, Ill., and from there to Kentland, Ind., where he went into the clothing business. This was in the late '70's. After many years there he went to Elkhart, Mich., and from that place he came to Rensselaer in 1896, and has resided here since. While at Kentland he was married to Bertha Tuteur, who together with one son, Jacob, and one daughter, Miss Edna, survive him. The oldest son died when but a few days old. One brother lives in Peoria, Ill., and two in Europe.

The funeral was held from the residence yesterday at 10 o'clock by Rabbi Krasz of Lafayette, at which the Hebrew burial service was read. Interment in Weston cemetery. Mrs. Eliza Spangle, a sister of Mrs. Wildberg, Mrs. Dr. Well, a brother, Isaac Wildberg, and Nathan Weiss, of Peoria, Ill., Isaac and Mrs. Tuteur, and Morris Well of Chicago. Dr. Jacob Wildberg and wife of Colgate, Okla., were out of town relatives who attended the funeral.

FAMILY REUNION.

A family reunion was held at the home of G. U. Payne, Oct. 4, in honor of his brother Foy Payne of Kingman, Kan. Those present were:

G. U. Payne and wife; Foy Payne, Mrs. Nettie Payne and daughter of Kingman, Kan.; John Timmons, wife, daughter and son; Al Timmons, wife, daughter and two sons; Foy Payne, wife and son; William Moore, wife, son and two daughters; Will Frye, wife and daughter; Arthur Waymire, wife and son; W. H. Timmons, wife and daughter; Harvey Moore, wife and two daughters; Godfrey Deshant and wife; Mrs. Stephenson; Mrs. Mary Morgan; Mrs. I. B. Marion and daughter of Wall, So. Dak.; Ike Saidla, wife and grand-daughter; Ephriam Hickman, wife and two sons; Blanche Parker; John Jackson, Manson, Ind.; and last but not least was Harry Parker, who came to take a picture of the entire group and thereby got his name in just in time to get his share of the good things they had to eat. Just ask him about that part of it. xx

A CLOSE CALL.

Monday afternoon, Edna, the five-year-old daughter of A. F. Shesler of east of town, came near losing her life by being run over by a wagon loaded with corn which her father had just driven in from the field and had stopped to open the doors of the crib before driving in. He heard the girl come through the gate but had no idea that she was climbing up on the rear wheel when he took the horses by the bits and started them up. Before he knew it the wheel had passed over the little girl's body, crossing at the pelvis. June, a sister of the little girl, picked her up and had her some distance from the wagon when her father discovered what had happened. She seems to have been injured very little and was at the depot to see her parents off to So. Dak., yesterday morning.

A "GOOD" INDIAN.

Levi Renicker was down town Saturday with a small basket of human bones that were unearthed in a gravel pit north of town a day or two before. There was a part of the skull, the lower jaw and some other parts of the skeleton. Local dentists who examined the jaw bone, in which most of the teeth still remained, pronounced it that of a noble red man, on account of the prominence of the back part of the jaw, and judged that the Indian must have been upwards of 60 years of age by the condition of the teeth.

PRESBYTERIAN LADIES' RUM- MAGE SALE.

The ladies of the Presbyterian church will give their annual two days' Rummage sale, on Friday and Saturday, Oct. 23 and 24, in the former Michael Eger shop, on Van Rensselaer street, north of D. M. Worland's furniture store. Many useful and desirable articles, all in good condition and repair will be on sale at very low prices.

THE TWICE-A-WEEK

Jasper County Democrat.

RENSSELAER, JASPER COUNTY, INDIANA, WEDNESDAY, OCTOBER 7, 1908.

Vol. XL No. 36.

THE COURT HOUSE

Items Picked Up About the County Capitol.

This is the last week of the September term of the Jasper circuit court. The Newton circuit court will convene Monday.

New suits filed: No. 7365. Frank Krempel vs. Horace Marble; petition to have deed set aside.

No. 7366. R. M. Karr and Edward Karr vs. George W. Bowman; action for an accounting.

On another page will be found a complete roster of the Jasper county school officers and teachers, together with the postoffice address of each. This list will be of interest to many readers of The Democrat and the paper should be preserved for future reference.

It is reported that night-riders are abroad in Jasper county—or be hunters, rather—and the other night a farm in Hanging Grove tpo. was visited and a bee tree cut down and the large amount of honey contained therein was made away with. The parties were caught in the act, but the identity is being kept from the public for the present we are told.

The county commissioners did nothing Monday except allow claims, of which there were an unusual number owing to the special election claims. The members of these election boards were allowed for only one day, except the inspectors, who were allowed for three days. They had filed claims for two days, while most of the inspectors had filed for four days.

WHAT CONSTITUTES "REASONABLE PROFIT?"

Mr. Taft says the tariff duty on pottery should be raised. And this statement perhaps gives a line on what the people may expect in the way of tariff revision if he should be elected to the presidency. By reference to Census Bulletin No. 57, page 38, we find that the total labor cost of manufacture of pottery is 39 1/4 per cent of the value of the finished product. Schedule B, paragraphs 95 and 96, of the so-called Dingley law, fixes the duty on pottery at 60 per cent. Now suppose the foreign manufacturer got his labor free, the American manufacturer would still have 20 per cent, plus the freight, advantage over the foreigner. Does it require more than that to make up the "reasonable profit?"

INDEPENDENT CANDIDATE FOR ASSESSOR IN UNION.

Edward Lakin, the present assessor of Union tpo., has filed a petition with the Clerk of the circuit court, asking that his name be placed on the ticket in Union tpo. as an independent candidate for assessor. The petition is signed by 21 voters all of the north precinct, 14 republicans and 7 democrats, we understand. This will entitle Mr. Lakin to a place on the ticket, but in view of the fact that his name was before the democratic township convention as a candidate for the nomination and was withdrawn by him when he found that he had no show, will not gain him much support from that quarter, and we believe he has made a mistake in taking this step or allowing himself to be led into it.

The Democrats expect to re-elect Fulton.

Oklahoma will go for Bryan and the only question is as to the majority.

What is the matter with Gov. Hanly? Everybody is astonished at his calling the legislature in special session on the eve of a presidential election. It looks like Indians ought to go democratic.

Governor Charles N. Haskall of this state seems to be attracting a great deal of attention in the United States at this time. At the primary election the fight was very bitter between him and Lee Cruse for the nomination. I had but little choice, but voted for Haskall. He is a hard hitter and his enemies will find that he is able to take care of himself. In this fight he has had enemies in the Democratic party to fight as well as the Republicans.

This has been a good year for Oklahoma and there is quite a boom in this city this fall. There are a great many buildings going up. I will state that Prohibition in this city has been a great success. While some will send on to St. Louis or Kansas City for their booze and some will get a supply from the boot-leggers, there has been a great decrease in drunkenness in this city since the saloons went out. Even some of the old soaks have quit from the fact they can't get it.

I will close by hoping for your success, politically, financially and socially.

WHEN THE "YOUNG TURKS" RISE.

NOT EUGENE DILLEY.

Man Found at Chatsworth, Ill., Was Not the Missing Trafalgar Man

Under date of Oct. 5 Mrs. Eugene Dilley writes The Democrat from Trafalgar as follows:

"The man found at Chatsworth, Ill., Oct. 1, was not Mr. Dilley. My sister went out there and it was not my husband and not even the man we have been after with the scar on the head. The last we heard of that man was at Hooperston, Ill. He left there about two weeks ago and said he was going either to Logansport or Lafayette, Ind. We must have that man and set all doubts at rest as to who he really is."

LETTER FROM J. W. DOUTHIT.

Weatherford, Okla., Sept. 30.

Frank E. Babcock, Rensselaer, Ind.

Dear Sir: I have noticed that you mention the various accidents that result from the game of football. The last we heard of that man was at Hooperston, Ill. He left there about two weeks ago and said he was going either to Logansport or Lafayette, Ind. We must have that man and set all doubts at rest as to who he really is."

THE FARMERS' FESTIVAL.

The Harvest Festival closed at Parr Saturday evening after a two days session. The display of farm produce was limited but good. Sol Norman showed tomato, some cabbage and celery that was fine. Mrs. Charles Burns had some very fine sweet potatoes on exhibition, in fact as fine as one could wish to see. Charles Pullins' potatoes were very nice. Charles Lakin and J. K. Garrott had some excellent products on show. George Wilcox was there with his big "punkin," also S. P. Thompson with his speech. Everybody had a good time. Numerous premiums were awarded in the afternoon.
