Mrs. Grace Leffer of Lafayette came up Thursday evening for a few days visit with her parents, Mr. and Mrs. G. A. Jacks. Len will come up tomorrow morning and they will eat turkey with his father, James Leffer and wife of Hanging Grove.

At the recent Eastern Star initiation and banquet here, Mrs. L. M. Imes left her pocketbook containing \$30 in money and her gold watch in the Masonic lodge rooms, and did not miss it until she got home. She then thought it would be safe until next day, when she expected to go get it. She forgot it next day and it was the second day after the meeting that she went to look for it. Then it could not be found, and has not been found to this time. She cared more for the watch than for the loss of the money, but from present indications will not get it or the money back. She had left it in a chair, it seems, when she left the hall.

Rev. J. L. Brady preached his farewell sermon at the Christian church Sunday evening, terminating a pastorate of seven years, lacking a month. Rev. Brady was extremely popular in Kentland, not only among his own church followers but the people in general. He was looked up to as a sincere, honest christian gentleman, and his open cordiality won him a host of friends. His work in the Christian church was effectual. Under his pastorate the membership was largely increased and the handsome new church building was erected. No successor has been chosen but the pulpit, we are informed, will be supplied by special calls until such time as the congregation is ready to engage a permanent pastor.—Kentland Enterprise.

CHICAGO JOURNAL NOW DEMOCRATIC.

The Chicago Daily Journal, until now an independent paper, has come out as a democratic daily and will henceforth advocate democratic principles. The Journal is one of the oldest of Chicago's newspapers, having been established in 1844, and has a very large circulation. The need of a true democratic paper in Chicago has long been felt, and now that the Journal has fully espoused the democratic cause, and did excellent work in the campaign just closed, it is up to the democrats of the middle west, who want a Chicago paper, to subscribe for the Journal.

The Democrat has made arrangements to club with the Journal, and can furnish it and The Democrat for \$3.00 per year, or only \$1.50 additional over the price of The Democrat alone. This offer applies to both new subscribers and renewals.

GIRL WHO SHOT MAN IS FREED

Liberated After Hearing by Coroner's Jury.

PHOTO CAUSE OF TRAGEDY

Estelle Stout Declares She Used Revolver Because She Saw Man Grappling with Her Sister After Quarrel Concerning Style of Frame on an Enlarged Picture—Inquest Brings Out Peculiarities of the Business of Reproducing Pictures of Departed Persons.

Chicago, Dec. 4.—A coroner's jury freed Estelle Stout who shot and killed Henry M. Hornberger, following a dispute over an enlarged and framed picture of a dead relative of the girl.

It was brought out that all over the country there are men whose business is to obtain photographs of dead persons, agreeing to enlarge them at a trifling cost.

The pictures are returned in frames for which exorbitant amounts are demanded. The agents then declare that unless they get their money for picture and frame they will keep the original photograph and the enlarged picture. Sometimes they state the original was destroyed accidentally, or lost.

Often it happens the victim has no other portrait of the departed one, and rather than lose the picture pays for a frame worth a very small fraction of the sum demanded.

In this case Mrs. Mary Chambers, a sister of Miss Stout, ordered a photo reproduced and a frame with a mourning border placed around it. Hornberger called to deliver the picture in a heavy gilt frame for which was asked a sum far in excess of what Mrs. Chambers expected to pay. Words followed. Miss Stout saw the man grappling with her sister and shot him.

Hornberger's widow in the inquest room spoke to the girl: "You are the one who murdered my husband. I will tear your eyes out!" she said.

COOL BEFORE YOU FREEZE

Experts Hear This Is How to Properly Preserve Your Product.

Washington, Dec. 4.—That most of the decay in fruit in connection with its storage comes from improper packing was the consensus of opinion developed at the meeting of the American Warehouse Men's association.

Dr. Harvey W. Wiley stated it was better to cool products than to freeze them.

The fact was brought out that the prompt cooling of milk was an important factor in its proper keeping, and as regarded butter it was agreed that careful manufacture before storage was most necessary.

BIG DYKE WASHED AWAY

Block of Business Houses Abandoned in Pine Bluff, Ark.

Pine Bluff, Ark., Dec. 4.—Unable to withstand the torrent hurried against it through the diverting of the current of the river, the result of dynamiting operations, the government dyke south of the former danger zone, was washed away for a distance of 200 yards. The steep bank, with the force of the swollen river striking against it, is fast crumbling into the river.

An entire block of business houses has been abandoned and smaller buildings are being roller away.

ATTACKS INHERITANCE TAX

Wisconsin May Have to Refund \$1,000,000 to Various Estates.

Madison, Wis., Dec. 4.—Mrs. Abbie E. Beals of Milwaukee, widow of Elias F. Beals, began suit in the supreme court of Wisconsin to test the constitutionality of the state inheritance tax law.

If the suit is successful, it will mean that the state will, if it follows rules of equity, have to return to different estates over \$1,000,000 which it has collected under the law since the statute was enacted five years ago.

HAPPINESS IS DEPENDENT UPON HEALTH

Health is dependent upon digestion.
Digestion is dependent upon mastication.
Mastication is dependent upon teeth.

Good teeth are a continuous pleasure to those who possess them. An occasional thought about your teeth, is a profitable habit. How long is it since a dentist has told you the condition of your teeth?

Operations that my patients receive, create a satisfaction they want to tell the neighbors about. Prices meet the ordinary purse.

You need to know the news I will tell you about your teeth.

H. J. Bartoo, formerly of Rensselaer and late editor of the Morocco Courier, writes The Democrat from Seattle, Wash., enclosing a check for \$1.50 for a year's twice-a-week news from old Jasper. He states that he is pleasantly located at 1331 Arcade Way, Seattle, in the job printing business and thinks he has a good thing. Bert understands the printing business in all its branches, and should make a great success in his new location, and The Democrat believes that he will.

An exchange says that the editor who can please everyone is not suited for this earth, but is entitled to wings. Human nature is so constituted that some of our readers would like to have us feed them on scandal; some would like to have us tell the unvarnished truth about them, while others would kill us if we did. It is a comforting thought to the editor to know that the Lord himself did not please everybody while on earth. We labor hard to entertain and please our subscribers, but that we occasionally fail is to be expected. And yet you will always find us willing to be forgiven.
