A FEW LINES FROM IOWA.

Knierim, Iowa, Dec. 11. Editor Democrat:—As we have had your paper sent to us through a friend at Rensselaer, I feel as if I would like to write a few lines to your readers. We had some good corn crops here and plenty of oats and hay, but not much fruit or vegetables except potatoes. We have no such roads as Indiana, nothing but mud, sloughs of water for miles that the roads are built through. It is cold here. Monday morning, the 7th, it was 11 below zero, and 4 or 5 inches of snow, and is snowing here today. I was to visit the dredge No. 7, which they are building. It will not be able to start this winter on account of the cold weather.

WHY SUFFER.

Breathe Hyomel and Kill the Loathsome Catarrh Germs.

Just as long as you have catarrh your nose will itch, your breath will be foul, you will hawk and spit, and you will do other disgusting things because you can't help yourself. The germs of catarrh are continually and persistently digging into and irritating the mucous membrane of your nose and throat. They are now making your life miserable; in time they will sap your entire system of its energy, its strength, its vigor and vitality.

But there is one remedy, that will kill the germs and cure catarrh, and that is Hyomel, the Australian dry air treatment.

B. F. Fendig, the druggist, will guarantee Hyomel to cure catarrh, or money back. Don't delay this pleasant antiseptic treatment. Breathe in Hyomel and kill the germs.

B. F. Fendig will sell you a complete Hyomel outfit, including inhaler, for only \$1.00. It is also guaranteed to cure bronchitis, asthma, coughs, colds, hay fever and croup.
