PLEDGE BROKEN, AVERS BRISTOW

He Declares He Will Vote Against Tariff Bill.

TAFT ACCUSED BY BAILEY

Senator From Texas Declares the President Has Been Indulging in Mock Heroics and That Much Time Has Been Spent in Doing Nothing—Kansas Senator States He Considers It His Duty to Keep Payne-Aldrich Measure From the White House.

Washington, Aug. 3.—Beginning its consideration of the conference report on the tariff bill by the tedious reading of that document, the senate dragged along during nearly seven hours with-

SENATOR JOSEPH L. BRISTOW, out accomplishing any important result.

The debate on the conference report was opened by Senator Daniel, who claimed that the Democratic senators on the finance committee had been dealt with unfairly in not being permitted to vote in committee on the adoption of the report.

Bristow Against the Bill.

Senator Bristow denounced the tariff bill as a violation of Republican pledges and announced that he would not vote for it.

"Before long I will demonstrate how much there has been to do about nothing," said Senator Bailey, referring to recent statements and acts of the president.

"I think I can make it manifest that the people of the United States have been entertained with some mock heroics and that this battle which has been raging here for days and weeks was nothing more nor less than a sham battle," he added.

Conferees Called Together.

Taking up one after another of the schedules, Bristow undertook to demonstrate in detail that the Payne bill had effected no material reduction in the duties by which the consumers would be benefited.

"I love the president," continued Bristow. "He has honored me with his friendship. I am devoted to the welfare of his administration and for one I will never vote to send him a bill for approval that is a violation of his party's pledges."

The conferees were called together once more. The session was for the purpose of listening to western senators who say that the leather schedule, as arranged by the conferees with the approval of the president, is unfair to the states interested in protected hides.

SAYS TAFT KEPT UP DUTY ON PRINT PAPER

Assertion That President Stood For Rate of \$4 Per Ton.

New York, Aug. 3.—John Norris,

chairman of the committee on paper of the American Newspaper Publishers' association, says:

"The publishers had asked for free print paper. The select committee of the house had recommended \$2 per ton. The senate raised the rate to \$4 per ton, and the conferees had substantially agreed on a compromise rate of \$3 per ton when President Taft announced to congressional callers on or about July 24 that a \$4 rate was necessary for the application of the protection principle to print paper."

"The president made this announcement without that full and impartial ascertainment of cost to which the consumers were entitled, and in disregard of numerous and voluntary assurances that he had given in favor of the lower rate."

CZAR SEES BRITISH FLEET

Russian Emperor and Empress Dine With Edward and Alexandra.

Cowes, Aug. 3.—The first official visit of Czar Nicholas to England was one of the most impressive events that Cowes ever witnessed.

Emperor Nicholas immediately went on board the British royal yacht,

EMPEROR OF RUSSIA.

where he was greeted by King Edward. Then the Russian monarch reviewed the British fleet. The British had 150 ships aligned in three files between Cowes and Spithead. There were twenty-six battleships, of which seven were dreadnoughts.

The Russian emperor and empress dined with King Edward and Queen Alexandra on board the Victoria and Albert.

King Edward in proposing a toast to the czar said:

"I am glad that you have seen the most powerful and the largest fleet ever assembled. I trust your majesty will never look upon these ships as a symbol of war, but as a means for upholding the interests of peace."

Taft Shortens Sentence of Banker.

Washington, Aug. 3.—President Taft has pardoned Manning C. Palmer, former president of the American Exchange National bank of Syracuse, N. Y., who was convicted of misapplication of the bank's funds and sentenced to five years' imprisonment in the Auburn state prison. Sentence would have expired on Aug. 31.
