FAMOUS FLYERS FOR EXPOSITION

Curtiss and Bleriot Expected In This Country.

ARE INVITED TO INDIANAPOLIS

Management of Indianapolis Motor Speedway Received a Cablegram From Famous Flyers Regarding Their Appearance In October—Curtiss Has Stated His Terms and Those of Bleriot, Which Are Satisfactory to All Parties Concerned.

Indianapolis, Aug. 31.—Glenn H. Curtiss and Louis Bleriot, with biplane and monoplane, will appear in an aeronautic exposition in this city in October, according to a cablegram received by the management of the Indianapolis motor speedway.

Curtiss was asked to enter and to arrange with M. Bleriot also to give an exhibition at Indianapolis, and in his answer to the speedway management he stated the terms of both aviators. The terms were at once accepted.

TAYLOR WAS IN KENTUCKY

Former Governor Passed Through Native State En Route to Arkansas.

Indianapolis, Aug. 31.—William S. Taylor, former governor of Kentucky, has returned to this city. He had made two trips through Kentucky, he

WILLIAM S. TAYLOR.

said, but on neither of them had he stopped in his native state longer than was necessary to change trains at Louisville. He went to Arkansas to attend to some legal business.

Taylor may go to Kentucky in October. That will be his first real visit to his old home since he left the state on being charged with complicity in the murder of William Goebel, nine years ago. He was pardoned by Governor Willson three months ago.

Taylor said he had no intention of changing his residence from Indianapolis to Kentucky.

GIVEN POISON BY MISTAKE

Drug Clerk Gave Student Carbolic Acid Instead of Pain Remedy.

Fort Wayne, Ind., Aug. 31.—William Thimier of Fort Wayne, a student in the medical course of the University of Chicago, is in a critical condition in the hospital here through the mistake of a clerk in a local drug store, who gave him carbolic acid when Thimier asked for a remedy for pains in his stomach.

When he realized that he had drunk acid he hastily called for the alcohol bottle, remembering that this is the antidote for the poison. By drinking a large quantity before he sank unconscious he saved his life for the time being.

WILL CHANGE MOTOR PLANT

Coppeck Car Company Has Decided to Change Its Location.

Laporte, Ind., Aug. 31.—A decision will be reached at Decatur, Ind., as to the location of the Coppeck Motor Car company. The plant probably will be moved to either Kalamazoo, Mich., or Fort Wayne, Ind. Kalamazoo will have to raise \$150,000 to secure the industry, which now employs about 150 men.

A change of location of the industry is desired because of its rapid growth which has made it too large a concern for the town of Decatur.

THREW BABES IN WELL

Mother Sets Fire to House and Barn and Cuts Her Throat.

Barnum, Minn., Aug. 31.—Mrs. Fred Young, aged twenty-two, wife of a farmer residing about five miles southeast of here, threw her three children, aged one, three and five years, into a deep well, set fire to the barn, destroying it, and also set fire to the house.

Failing in her efforts to burn the building, she took a dose of Paris green and then gashed her throat several times with a knife, making ugly wounds, but failing to sever the jugular vein. She was insane.

NO RAINFALL SINCE JUNE

Serious Drought Ruins Fruit and Crops In Central Pennsylvania.

Harrisburg, Pa., Aug. 31.—The drought becomes worse from day to day in central Pennsylvania. There has been no rain of consequence since June. The month of August is 3.28 inches below normal in rainfall, and there is a deficiency of 6.53 inches thus far for the year.

Lawns and meadows are burned brown, and what is left of the standing crops is almost dried up. Fruit on the trees is shriveled for want of moisture.

WANT THE RULES CHANGED

French Think the Distance Should Be Longer In Airship Contests.

Paris, Aug. 31.—Some of the French newspapers, especially interested in aviation, are already agitating for a change of rules for the international cup, which was won by Glenn H. Curtiss.

They contend that a twenty kilometre dash does not furnish an adequate test of the merits of the machines, and point out that when the conditions were laid down twenty kilometres seemed a great achievement, but this has already been outgrown. It is suggested that a change be made to a long distance endurance race.

PRIZEFIGHTS ARE RULED OUT

Acting Governor Oglesby to Stop Bouts Held at Springfield.

Springfield, Ill., Aug. 31.—Acting Governor Oglesby has telegraphed Sheriff Skogland of Bureau county that reports have come to him of prizefighting at Springfield.

He notified the sheriff that he would hold him responsible for a repetition of the offense.

DUTCH SLAUGHTER JAVANESE

Take Revenge for the Death of Fifteen of Their Soldiers.

Batavia, Java, Aug. 31.—Sharp punishment has been inflicted upon the rebels of the island of Flores by a Dutch detachment, fifteen members of which were killed in an ambush set by the natives.

The Dutch sent for reinforcements and attacked the rebels fiercely. The natives had 117 men killed.

J. R. KEENE'S SWEEP WINS THE FUTURITY

Took Twenty-Second Annual Event and \$27,000.

New York, Aug. 31.—James R. Keene's Sweep, son of Brush-Pink Domino, won the twenty-second running of the Futurity at Sheepshead Bay.

Five lengths back, ridden out with whip and heel to beat Sweep's stable mate, Grasmere, a short length for the place, staggered the tired Montpelier stables candidate, Candlerberry, also a son of the sire of Sweep.

The time for the six furlongs was 1:11 4-5. Sweep's share of the purse of \$31,000 was \$27,000.

The Keene entry was installed a hot favorite in the betting, and at the opening odds, 7 to 5, the multitude swooped down upon the memory brokers with such bundles of money that the layers were forced to cut the price until at post time 9 to 10 was the best price in sight.

EARTHQUAKE ON THE ISTHMUS

Not Thought That Any Damage Has Been Done to Canal.

Panama, Aug. 31.—The Isthmus of Panama experienced an earth shock extending over a large extent of territory.

No damage was done, however, nor is it believed that the canal has been affected in any way.

RICH TREASURY BOX MISSING

Second That Has Disappeared In the Last Two Months.

Michigan City, Ind., Aug. 31.—A remittance box containing a large sum of money was either lost or stolen from a Chicago, Lake Shore and South Bend electric car in coming from Pullman to this city.

The box is said to be the second that has disappeared within two months.

Men Killed in Railroad Yards.

Laporte, Ind., Aug. 31.—A man believed to be James Hudson of Sawyer, Mich., was found dead in the Wabash railroad yards at Lafayette. The body was frightfully mangled. A letter unmailed was found in the pockets, addressed to Mrs. James Hudson, Sawyer, Mich.

DIRE HAPPENINGS ARE PREDICTED

By Leader of Holy Ghost and Us Denomination.

HAS RETURNED FROM TOUR

Reverend Sanford Says Earthquakes Will Be Sent to Bring Men to Their Senses and Tidal Waves Will Sweep Along Coasts of Earth—Stars Will Fall From Heaven and War, Pestilence and Famine Prevail.

Rockland, Me., Aug. 31.—Denying having made any prophecy about the world coming to an end, and announcing his purpose to establish a chain of missions from Panama to the Arctic for the evangelization of the American continent, Rev. Frank W. Sanford, leader of the famous sect known as the Holy Ghost and Us, granted his first extended interview since departing on his world cruise of 30,000 miles three years ago. He said in part:

"I have already knowledge that three more ships will be added to our fleet, (which now consists of the yacht Coronet, the barkentine, Kingdom, and two small craft, the Ripple and Overcomer).

"Earthquakes will be sent by the Lord to bring men to their senses; tidal waves with fearful violence will sweep along the coasts of the earth, till men in their fright will die of heart failure; stars will fall from heaven like falling figs in a tempest; war and pestilence and famine, and many other similar agencies will be brought by the commander-in-chief of Heaven and earth to conquer this globe, to conquer hearts, to bring the lofty looks of man down and to make emphatic the fact that Christ is Lord indeed."

Speaking of his return two weeks ago from the world tour, he said:

"We were fairly besieged to go to our great center, (Shiloh). Much as we desired to see our loved ones, we must continue our career of conquest along the coast of our native state until such time as God Himself permits us to go up."

Election of British Scientist.

Winnipeg, Man., Aug. 31.—The Rev. Dr. T. G. Bonney was elected president of the British Association for the Advancement of Science for the year 1910-11.

AMERICA WON YACHT RACES

Easily Defeats Germans Whose Boats Trail Away In Rear.

Marblehead, Mass., Aug. 31.—America won a decisive victory over Germany in the first of the series of Sonder boat races for the President-Taft and Governor Draper cups. All three places at the top of the list were captured by the defenders of the trophies, while the three challenging boats brought up well in the rear.

The Joyette, owned by Commodore William H. Childs of the Bensonhurst Yacht club of Brooklyn won first honors, with the Ellen, owned by Charles P. Curtiss of Boston, second, and the Wolf, owned by Caleb Loring of Boston, third.

WHALE IMPALED BY STEAMER

Kaiser Wilhelm der Grosse Runs Bow Into Sleeping Leviathan.

Plymouth, Aug. 31.—The steamer Kaiser Wilhelm der Grosse arrived here from New York. While off the banks of Newfoundland she struck a seventy-foot whale that evidently was asleep on the surface of the water.

The whale became impaled on the liner's bows, and all its efforts to free itself were futile. Finally the steamer had to go full speed astern in order to get clear of the dying leviathan.

COLLECTOR LOEB AFTER QUIBBLERS

Has Scheme to Punish Persons Not Declaring Effects.

New York, Aug. 31.—Collector of the Port William Loeb, Jr., has determined to teach a lot of people who tell petty falsehoods to Uncle Sam that honesty is the best of policy.

The customs law allows a passenger to bring in dutiable goods to the value of \$100 free, provided the articles are set forth in declarations, but many persons have been found guilty of failing to declare these little things.

Hitherto they have gone unpunished, but a score or more of passengers were taken to the customs house and made to pay duty on property which, if they had not attempted to conceal it, would have been admitted free. This little punishment will be continued until people learn better ways.
