## HINES DENIES SOME STORIES

Claims He Never Boasted of Having Elected Lorimer.

## LAYS TAFT TALE TO ALDRICH

Telegrams Between Chicago Lumberman and Senator Lorimer Are Put in Evidence, in Original Handwriting.

Washington, July 1.—The senate committee investigating the election of Senator Lorimer had before it Edward Hines, millionaire lumberman, who has been charged with having expressed knowledge of a Lorimer election fund.

Under cross-examination by John H. Marble, attorney for the senate investigating committee, Mr. Hines contradicted sworn testimony given by Herman H. Hettler of a Chicago lumber company, before the Helm committee of the Illinois senate that Hines had boasted to him of having personally elected Lorimer. He denied also that the lumber interests raised a big sum to lobby for tariff legislation in 1909, or that the lumber interests had anything to do with the Lorimer election, but admitted that he worked in Washington for a tariff on lumber.

In addition to this testimony Mr. Hines declared that he was "absolutely certain" he was not mistaken about his testimony that former Senator Aldrich told him President Taft was anxious to have Mr. Lorimer elected. Asked about a denial of this from the White House, Mr. Hines said merely that such a denial had never been "called to my attention."

Attorney Marble demanded of Mr. Hines where he got copies of telegrams he had put in evidence regarding the administration's alleged desire to have Mr. Lorimer elected. They bore the date of May 25, 1909, the day before the election.

The witness said his secretary procured copies of his telegrams from Mr. Lorimer and some of his own notes.

"I remember that those are the telegrams I sent," added Mr. Hines.

Senator Lorimer left the room hurriedly and returned with two telegrams.

Here are the original telegrams that Mr. Lorimer received from Mr. Hines," interrupted Attorney Haney for Mr. Lorimer. "One of them is in Mr. Hines' own handwriting."

Senator Lorimer chuckled at the thought of a received telegram being in the sender's own handwriting, and Mr. Haney joined in the laugh at his expense.

## TENNESSEE A DEFAULTER

Interest on State Bonds, Due Today, Is Not Paid.

Nashville, Tenn., July 1.—As has been anticipated Tennessee will default in New York in the payment of its July interest to the amount of about \$170,000. It will probably be considered a technical default, since the money is forthcoming, but whether it will militate against the sale of \$11,000,000 refunding bonds remains to be determined later. Tennessee state securities are all held in New York city. The law of that state prevent the handling by trust companies and savings banks of any securities of defaulting states for a period of ten years.

Facing this grave situation and time and again forewarned by Comptroller Dibble that he would not pay out the money except by regular appropriation, the legislature has for the past several days dallied over an alleged "salary grab" that members of both factions in the house favored, but the same was opposed by a majority of the senate.

Cell for Carnegie Official.

New York, July 1.—J. B. Reichmann, former president of the Carnegie Trust company, convicted of making a false report to the state banking department, was sentenced to serve four and one-half months in the penitentiary by Judge Davis, in the criminal branch of the supreme court.

One Dead; Two Hurt in Auto.

Pittsburg, July 1.—A man believed to have been J. F. Truman, was killed and Edward Ward and Charles Irwin of this city were fatally hurt in an automobile accident near Braddock.

## ORDERS RECEIVER TO REPORT

Judge Says Engine Company's Affairs Must be Settled.

Michigan City, Ind., July 1.—The trouble arising out of the receivership of the Western Launch and Engine works was settled when Judge S. B. Tuthill of the superior court removed Martin T. Krueger as receiver and instructed him to make his final report in two weeks and the stockholders to agree on a new receiver within the same time. A petition by the majority of stockholders for Krueger's removal was based on the allegation that he was appointed without their knowledge and that he was employed by the company as attorney to bring the action for the appointment of a receiver.

When Krueger was appointed a month ago it was the intention to run the plant as a going concern, but in the hearing it was ascertained that the company is so hopelessly involved that it can not be placed on its feet by a receiver. It was found that the indebtedness amounts to more than \$50,000. The plant is worth \$30,000. The court ordered that it be sold at once.

## DROPPED BY RUSTY FENDER

South Bend Woman Dies Under Wheels of Street Car.

South Bend, Ind., July 1.—The failure of a rusted fender of a type installed only two months ago resulted in the death of Mrs. Carrie Maughmar, aged sixty-seven, under the wheels of a street car. She alighted from one car and stepped directly in front of another on the second track. The second car was moving slowly, but the woman's body was drawn under the wheels.

Investigation of the accident is being made by the city officials, and the street car company may be compelled to adopt another style of fender, as the city has control of this part of the street car equipment under a franchise.

## PENITENTIARY FOR BADER

Supreme Court Overrules Petition for Rehearing of Case.

Indianapolis, July 1.—The supreme court has overruled the petition of Clinton Bader for a rehearing from his conviction on a charge of filing a false sum to lobby for tariff legislation in 1909, or that the lumber interests had anything to do with the Lorimer election, but admitted that he worked in Washington for a tariff on lumber.

In addition to this testimony Mr. Hines declared that he was "absolutely certain" he was not mistaken about his testimony that former Senator Aldrich told him President Taft was anxious to have Mr. Lorimer elected.

Asked about a denial of this from the White House, Mr. Hines said merely that such a denial had never been "called to my attention."

Attorney Marble demanded of Mr. Hines where he got copies of telegrams he had put in evidence regarding the administration's alleged desire to have Mr. Lorimer elected. They bore the date of May 25, 1909, the day before the election.

The witness said his secretary procured copies of his telegrams from Mr. Lorimer and some of his own notes.

"I remember that those are the telegrams I sent," added Mr. Hines.

Senator Lorimer left the room hurriedly and returned with two telegrams.

Here are the original telegrams that Mr. Lorimer received from Mr. Hines," interrupted Attorney Haney for Mr. Lorimer. "One of them is in Mr. Hines' own handwriting."

Senator Lorimer chuckled at the thought of a received telegram being in the sender's own handwriting, and Mr. Haney joined in the laugh at his expense.

## PRESIDENT IN INDIANA

Today He Is Honored Guest of City of Marion.

At Indianapolis Tuesday He Will Make Address on Canadian Reciprocity.

Marion, Ind., July 1.—President William Howard Taft is the guest of this city today. During his stay in Indiana he will speak to the Hoosiers on three subjects: Reciprocity, arbitration and currency reform.

In this city he talked this afternoon at the soldiers' home upon world peace and arbitration, and he will address the local bankers' and editors' associations this evening regarding the Aldrich plan of currency reform.

His Indianapolis speech on Tuesday night before the Marion club will be devoted to reciprocity.

On his way here from Beverly, Mr. Taft suffered as much from the heat as he has at any time this summer in Washington. At Springfield, Mass., a large crowd gathered at the station to greet him. Mr. Taft walked to the platform perspiring profusely and raised his hands against their pleas for a speech.

"It's too hot," he said.

"Aunt Della" Torrey left the president's car at Worcester, Mass. She lives in Millbury, Mass., and went from Worcester to her home. Miss Torrey has been away from home since the middle of June, when she came to Washington for the silver wedding.

The president did consent to a short talk at Pittsfield, Mass. They were celebrating the centennial anniversary of the settlement of their town and had invited him to be their guest, but this had been unable to accept.

## EXCITEMENT IN LONDON

Action of Germany in Sending Ship to Agadir Causes Flurry.

London, July 3.—If the whole German high seas fleet had bombarded Tangier and blown it in the air, it could hardly have excited the London press more than has the arrival of the little German ship Panther and her crew of 125 at Agadir.

Such adjectives as dramatic, startling, serious, grave, critical, are plentifully applied to Germany's action and the situation created thereby. Even the few non-anti-German newspapers are shocked into garnishing and leaded type. There is, however, no outburst of abuse, although Germany's plea that her interests are endangered is frankly not believed.

## "IRONQUILL" IS DEAD

Eugene F. Ware, Ex-Commissioner of Pensions, Dies in Colorado Springs.

Colorado Springs, Colo., July 3.—Eugene F. Ware, ex-commissioner of pensions, who was known by his poetic writings under the pen name of "Ironquill," died here. He was ill only five minutes.

Somebody once asked "Ironquill" why he chose the columns of the Topeka newspapers for his poems and why he didn't find some means of writing for a larger audience. "What's the good of it?" he said. "If the stuff has any vitality a little obscurity won't kill it; and if it hasn't publicity won't keep it alive."
