THE lasting qualities of Kirschbaum Clothes lead you back to our slogan, "The Weaker Be Served." This means that Kirschbaum Clothes are made of—pure woolsens—pure woolsens that are thoroughly shrunken—pure woolsens that are hand tailored. Not a very spectacular statement, is it? Most men know that honest clothes cannot be made lacking any one of these three essentials.

Yet what man hasn't at some time or other bought a suit which, for example, puckered along the edges after

a few damp days? That wasn't an honest suit.

Over here in Philadelphia we have built up a great national reputation simply on the way we combine into stylish clothes—our pure woolsens, thoroughly shrunken woolsens, hand-tailored woolsens.

We do not accept a yard of wool-and-cotton mixtures, no matter how trivial the amount of cotton may seem.

Next we shrink all of our woolsens by the original London cold-water method. It is the only

process which shrinks so thoroughly that a Kirschbaum suit simply cannot shrink or pucker after it goes into service.

Finally, we hand-tailor all of the Kirschbaum collars, shoulders and lapels because these important parts cannot otherwise hold their shape with any degree of permanence.

In short, when you see the Kirschbaum label in a suit, you may be sure that whatever is necessary to make that suit a good suit is there.

And so we come right back to our starting

point. Kirschbaum Clothes command your confidence this Fall because they are—pure woolsens—pure woolsens that are thoroughly shrunken—pure woolsens that are hand tailored.

On the sleeves of Kirschbaum Coats we have placed our Guarantee Ticket which legally warrants these qualities.

Should you have any difficulty in finding Kirschbaum Clothes, write us for the name of the nearest dealer.
