Health is quite good with us nowadays.

DARTING, PIERCING SCIATIC PAINS

Give way before the penetrating effects of Sloan's Liniment

So do those rheumatic twinges and the loins-aches of lumbago, the nerve-inflammation of neuritis, the wry neck, the joint wrench, the ligament sprain, the muscle strain, and the throbbing bruise.

The ease of applying, the quickness of relief, the positive results, the cleanliness, and the economy of Sloan's Liniment make it universally preferred. 35c, 70c, \$1.40.

road, where Herb Bozell lives.

Herb is thinking of buying a farm. Jess Garriott and wife will leave here in a few days for the west to take up their work on a dredge again for the coming season.

Joe Brown of east of town was taken down with the flu Tuesday and sent for Sam Kettering and wife to come out and take care of the stock.

We are still having nice winter weather, thawing some through the day and freezing again at night. This is quite hard on the wheat, however.

Joe Kosta got tired of riding in his old Ford so he sold it and bought a new one. That's right, Joe, we are living in a time of progression.

Andy Hopkins moved Tuesday from the old Blankenship farm west of Parr, now owned by Joe Kosta, onto another farm owned by Joe about 2½ miles north of Parr.

NORTHERN JASPER

It takes a wise guy to be a mind-reader.

The James Keene family is quite sick with the flu.

Mr. Cook of Lacross was a Wheatfield caller Saturday.

Mr. and Mrs. H. Minor were in Valparaiso Thursday buying furniture.

Mr. and Mrs. Fred Stalbaum are the proud parents of an eight-pound boy since Feb. 3.

Wm. Davis and Art Anderson, in company with two girls, attended the dance at Wheatfield Friday night. Now they won't tell who the girls were, but just ask us and see if we know.

Dr. Fyfe comes over from Valparaiso several times a week to see his patients. The Clark families, Bush family and Mrs. Jake Hell are all under his care, all except Mrs. Hell having the grip.

Isn't it queer how the boys plan the best way they can to look attractive to the girls. Now the Boes brothers and Warren Fisher are added to the Ford purchasers within the last few days and still the girls don't understand why.

The Zick sale held Monday and the Rasmussen sale Tuesday were both well attended. Mr. and Mrs. Rasmussen will move at once into the Schrader building in Tefft, and Mr. and Mrs. Schrader will move to the Lakin farm, which they recently purchased.

When any of the Rensselaer fellows are driving their automobiles out in the country several miles from town and happen to pass a farmer stalled in the road with his car they usually pass on thinking he is only a hayseed and they haven't the time to waste on him.

But when one of the city dads, such as Ben Forsythe, gets hung up for about three hours, as was the case a few days ago, when he was up in the north end, he hauled every farmer who chanced along to ask him what was the trouble with his car.

He had everything imaginable causing the trouble, but was so confused for fear the other city dads would find it out that he never thought of being out of gas, and after cranking for over two hours, finally listened to one of the farmers whom he stopped, and upon examining his gas tank found it empty.

Then, after paying another passerby \$2 to run into Wheatfield for gas, he was soon ready to start out again, but asked his rescuers "not to tell on him."
