FASCINATING PARIS—MYSTERIOUS CAIRO
A Beautiful Woman—A Crafty Tempter

LOUISE GLAUM

in
"Sahara"

Gowns to Challenge Any Woman
Who Ever Lived

LADY OF THE PEACOCKS

The Total Effect of the Picture Is Fine

The final summing of the efforts of C. Gardner Sullivan, author; Allan Dwan, director, and the brilliant cast headed by Matt Moore is a remarkably good production. Louise Glaum is excellently cast in the role of the butterfly woman to whom masculine admiration is the breath of life. Matt Moore is strongest in his moments as the

drug-crazed white man in the beggar quarter of Cairo. The settings in the Palace of the Dawn, Cairo, are nothing short of wonderful. "SAHARA" IS MAGNIFICENTLY PRODUCED. BIG IN ALL ITS PHASES. A POWERFUL STORY. WITH "SAHARA" AND CAIRO SETTINGS, MAKES "SAHARA" A PHOTOPLAY MARVEL OF BEAUTY.

DESERT SANDSTORM—A THRILLER

BIG SUFFRAGE MEET

TWO THOUSAND DELEGATES
OPEN CHICAGO CONVENTION.

Battle Is on for 20,000,000 Women
Votes—Democrats and Republicans Busy.

Chicago, Feb. 13.—Chicago became the battle ground for the potential votes of 20,000,000 women as the National American Woman Suffrage association opened the preliminary conferences of its fifty-first and probably its last, annual convention.

With the national political conventions only three months away, and the ratification of woman suffrage imminent, the question, "How will you vote?" threatened to supplant the query with which suffrage conventions have opened for 50 years, "When will we get the ballot?"

The chief women politicians and suffrage leaders of the country were present among the 2,000 delegates and their alternates as the preliminary meetings began in the Congress hotel. The gathering is admitted even by the opponents of equal rights to be the most important convention of women ever held in the United States.

The officers of the organization are confident that the amendment providing for national woman suffrage will be ratified in time for the women to vote in the coming presidential election.

How the women will go back home and vote or tell others to vote is conceded by the leaders to be the paramount issue in the congress, ostensibly nonpartisan.

Headquarters have been opened in the hotel by both the Democratic and the Republican woman parties. The appearance in the printed program of the congress of pictures of prominent candidates for the presidency is sufficient evidence that the meetings will not be lacking in political color.

While the convention proper will not be called to order until Friday, the preliminaries are now in full swing, consisting of six all-day conferences on subjects of vital importance to women.

SAYS IT KEPT HIM ON THE PAY ROLL

G. C. James Was Remarkably Built
Up After Taking Tanlac.

"Nothing else in the world kept me on the pay roll of the Illinois Meter Co. but Tanlac for I had already made arrangements to give up my position when I began taking it," said G. C. James, who lives at 1419 Franklin Ave., Springfield, Ill.

"I had suffered for over 15 years," continued Mr. James, "and my health had reached a low state. I had rheumatism in my back and legs, and the pains were so awful that I couldn't bend over 12 inches without my legs hurting me so bad I couldn't hardly get about and sometimes my left leg just below the knee would be swelled up twice its normal size. My kidneys bothered me day and night almost as bad as the rheumatism and I was hardly ever able to get a good night's sleep or rest. But the worst part of it all was that I was never able to enjoy a single meal for nothing agreed with me, and I would be in misery for hours sometimes with indigestion. I had such terrible dizzy spells at times that I couldn't stand up and I would have to lie down until the attack passed off. I have seen times when I gave completely out while at work and would have to be carried home in a car, why, it's no wonder at all that I was about to give up my position.

"One of the men I work with who knew I was going to quit came to see me and told me to try Tanlac as it had done so much for him. So I decided to take it, and now, I'll praise the day I bought it as long as I live for I haven't a trace of rheumatism and I don't believe any man can look at me and say I look like I ever had rheumatism in my life. I couldn't tell that I ever had been troubled with indigestion for I eat anything set before me without any bad effects. Dizzy spells are a thing of the past and my

kidneys don't give me any more trouble and every night I sleep like a log. I tip the scales at 160 now, just 38 pounds heavier, since I have taken Tanlac and I feel 20 years younger. There is nothing in the world I would exchange for the good Tanlac has done me."

Tanlac is sold in Rensselaer by Larsh & Hopkins, in Remington by Frank L. Peck, and in Wheatfield by Simon Fendig.—Advt.

Exquisite Tones that Thrill the Soul

PHONOGRAPHIC tone reproduction reaches its climax when presented by The Brunswick. Play any make record—vocal or instrumental—and the utmost in tone quality is achieved.

Such triumphant success is due to the Brunswick Method of Reproduction. This is accomplished by two exclusive features. Both are scientific yet simple. The Brunswick Phonograph has

The
Brunswick
ALPHAPHONOGRAPHY IN ONE

built into it the best ingenuity known to the phonograph world. The Ultona plays all records truer, finer, sweeter. It is not a makeshift contrivance. A slight turn of the hand presents the right needle, diaphragm and weight for playing any record.

The Tone Amplifier is an oval shaped vibrant tone chamber. Like the sounding board of a fine piano or violin, it is made entirely of wood and free from metal.

One hearing of The Brunswick will cause you to discard the standards of yesterday in judging phonographs. You can easily verify those claims. A call will permit us to play your favorite record.

Worland Bros.
Rensselaer, Ind.
