

OILPULL HAS WORLD RECORD

Famous Advance-Rumely OilPull Defeats All Competitors in Demonstration at Columbus, Ohio.

John A. Secor Wires Tractor Officials Recording the Notable Triumph Won Over Other Leaders.

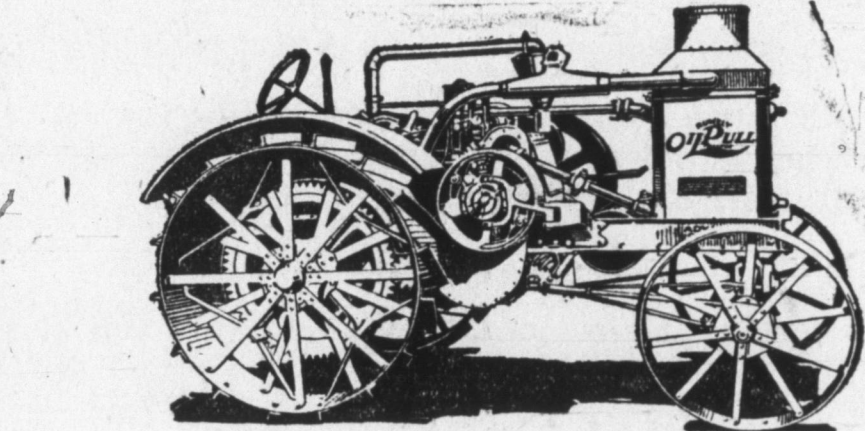

FRANK WURSTER OPERATES WORLD BEATING MACHINE

Test Furnishes Another Striking Illustration of the Superiority of Product of the Laporte Plant.

"Twelve-Twenty OilPull has broken all records for kerosene or gasoline tractors to date. Kerosene used per horsepower hour was point five eight of a pound, costing one and four-tenths cents. Next best tractor was Wallis gasoline, fifteen-hundredths tractor, using point five eight three of a pound of gasoline, costing two and forty-four hundredths cents. Second best kerosene tractor was Case, fifteen-hundredths tractor, using point six eight three of a pound, costing one and seventy-one hundredths of a cent.

The above telegram sent from the tractor demonstration now being held at Columbus, O., under the auspices of Ohio university gives absolute proof of the supe-

riority of the OilPull tractor over any other tractor built and demonstrates the fact that the faith which the dealers throughout the country and the people of Laporte have in the ability of the officials of the Advance-Rumely Co. to produce a tractor that would stand without a peer has not been without foundation.

THE WORLD FAMOUS 12-20

The 12-20 tractor was entered in competition with 28 other makes from all parts of the United States, was able to handle.

The Advance-Rumely demonstration was in charge of John A. Secor, known as the father of the famous OilPull. Mr. Secor is at present consulting engineer for the Advance-Rumely company and has the distinction of being the designer of the first OilPull tractor built by the Rumely company.

An American \$2 Bill Did This

BEFORE.

Motherless, fatherless, homeless, nameless, hungry and clad only in rags, the pathetic little three-year-old shown at the left wandered into a Near East Relief orphanage in Armenia. Another photograph of the same child, shown at the right, was taken a week later, this time showing him happy, well clothed and well fed.

Somewhere in America is the happy man or woman who contributed the \$2 bill which wrought this miracle. More than a quarter million other helpless little victims of Turkish cruelty and oppression are knocking at the doors of the Near East Relief orphanages in Western Asia. Many more American \$2 bills are needed now to let them in and to care for them until they can care for themselves.
