

Ford

THE UNIVERSAL CAR

The Ford Delivery Car is probably one of the most used cars in the business world. The reasons are simple: It is the most economical motor car in service; it is the most dependable motor car in service; it is the most satisfactory motor car in service, because it is the regular Ford Chassis with just the kind of body you want. We can get or build any kind of a body you may desire, plain or fancy. It will multiply the volume of your business by doubling your business territory. If this were not so, the biggest corporations in the country would not be using fleets of Ford cars for delivery purposes. Come in. Let's go into details a little farther with you. You will find it a profitable investigation.

THE PEACE PUZZLE

The more the proposal to make peace by "declaring" it is studied, the more ridiculous does it appear. Even many of those who favor this policy admit that peace can not be "made" in this way. Senator Lodge himself has admitted this. But suppose the resolution were passed and signed by the president. Before it could become effective, Germany would have to agree to carry out all the provisions of the treaty that affect this country, of a treaty that we have thus far repudiated by failing to ratify it. It is calculated that our claims against Germany aggregate in the neighborhood of \$1,000,000,000.

000,000. There is no assurance that she would comply with our "declaration." It is almost certain that the German government would decline. If it did, then it would be the duty of the president to impose a boycott. Here again is an attempt to do something that can not be done. For duties can not be imposed on the president by congress; they are imposed only by the constitution. The president might carry out the expressed will of congress in this matter, but he would be under no obligation to do so. Congress having taken into its hands the business of making peace—or declaring it—he might well leave it to congress to finish the job.

In contrast with the present folly, the words of Senator Colt of Rhode Island and a Republican, are enlightening: Peace has to be made. Terms have to be agreed upon. The common sense thing to do is to stay with our associates and to make with the common enemy the peace they made. If we permanently stay out of the league of nations, instead of having the bulk of the world with us, we shall have 45 nations in the league all allied against us. Our Monroe doctrine will be gone, for the South American countries are going into the league. Our world leadership will be gone.

The league safeguards the Monroe doctrine, and every nation that enters it by that very act agrees and consents to that doctrine. Nor should it be forgotten that Germany may at any time apply for admission to the league, and be admitted by a two-thirds vote of the assembly "provided that it shall give effective guaranties of its sincere intention to observe its international obligations, and shall accept such regulations as may be prescribed by the league in regard to its military, naval and air forces and armaments." The German government might very well decide that association with 45 nations was greatly to be preferred to such a peace with the United States as it is proposed to proffer.

To this controversy there are two parties, and the only way to end that controversy is by agreement between the parties. Such an agreement has already been made, and it is for us to say whether it shall go into effect. Senator Colt is entirely right when he says that "the common sense thing to do is to stay with our associates and to make with the common enemy the peace they made." The only alternative is to follow the example of him of whom it is said in Scripture that he is "a wild ass alone by himself." The writhings of congress over this peace question are amusing to on-lookers; they must be painful to the writhers.—Indianapolis News (Rep.) writhers.

There is no reason why there should be—as it is said there is not—an interest in the absurd resolution now pending in the house the purpose of which is to "declare" that peace exists. But the point that is desired to make is that congressmen are still thinking of peace in connection with the narrowest sort of politics. In a Washing-

ton dispatch printed recently in this paper it was said:

Many of the Republicans in both senate and house are saying that the only purpose of the resolution is to camouflage the treaty situation; that the real object of the resolution is to give the majority an excuse for keeping hands off the treaty of peace for the time being.

That is, "the only purpose" and "the real object" are purely political.

FORTUNE COULD NOT BUY GOOD, SHE SAYS

Peoria Woman Praises Tanlac for Ending Twenty-Five Years Trouble.

"Now, since I have taken Tanlac I am in better health than I've been in twenty-five years," said Mrs. Henrietta Shoup, who lives on Route No. 3 from Peoria, when she called at the Sutliff & Case Drug Store, the other day. Continuing Mrs. Shoup said: "If it hadn't been for Tanlac I would not have been able to have made the trip into town today, and I feel so thankful for the good this medicine has done me that I have come in the store here now to tell you how I have been restored to complete health. No, sir, a fortune couldn't buy the good this medicine has done me."

"Before I commenced taking Tanlac I had been in bad health for twenty-five years, and my condition had been getting worse all the time until I got to where I was in misery nearly all the time. My stomach was in an awful fix and nearly everything I ate soured and caused gas to form so bad that I thought I would smother at times. I would have terrible headaches, and I had such bad dizzy spells at times that I couldn't stand up. I was very nervous and restless and my sleep was broken, and I lost in weight until I looked almost like a frame. I had always taken pride in raising my own chickens and turkeys, but I was so broken down that I had to give it up entirely."

"When I had almost given up all hope of ever being relieved of my suffering, a neighbor persuaded me into trying Tanlac, so I got a bottle. That one bottle did me more good than all the other things I had taken put together for the last twenty-five years. I was so encouraged that I kept right on taking Tanlac, and now today you can see for yourself what it has done for me. I am seventy years old but I am in the best of health, have a splendid appetite and am never troubled, one bit with my stomach. The headaches and dizzy spells have all left me, and I am not nervous or restless and can sleep fine every night. My strength has come back and I have gained in weight. I just feel so fine that I am simply overjoyed at my recovery."

Tanlac is sold in Rensselaer by Larsh & Hopkins, and in Remington by Frank L. Peck; in Wheatfield by Simon Fendig.—Adv.

and the aim is to win a party advantage at the expense of the public interest. Such, at any rate, is the view of "many of the Republicans in both senate and house." We shall never get ahead with this business of making—not "declaring"—peace until we are prepared to deal with it on the basis of patriotism rather than partisanship. Unfortunately we are called on to consider this great question, and the vital issues that grow out of it, in a presidential year, when the temptation is so great to subordinate everything to the election of a president. But nevertheless here is a great world problem to be faced—and solved. It can not be got out of the way, or evaded. The treaty itself, every one now sees, is not disposed of, the recent action of the senate having settled nothing. Senator Lodge informed the country last November, after the senate had failed to ratify, that the treaty was dead. But it was not dead then, nor is it dead now. Nor can it be "camouflaged" by the pending resolution, or anything else. It is doubtful whether that resolution can pass the senate; it is certain that it would, if it reached him, be vetoed by the president. We are merely trifling with a situation that is serious, and may become dangerous. If we could, to quote the words of Chairman Hays, regard everything but ratification "as chores" we should soon have a peace that would amount to something.—Indianapolis News.

25 YEARS FOR SEVEN I. W. W.

Sentence Pronounced on Men Convicted for Armistice Day Rioting.

Montesano, Wash., April 8.—The seven men convicted here, Feb. 13 of second degree murder for the slaying of Warren O. Grimm of Centralia, Armistice day parade victim, were sentenced to not less than 25 years nor more than 40 years each in the state penitentiary, by Judge John M. Wilson, after he had denied a defense motion for a new trial.

Judge Wilson said he could not pay attention to the jury's plea for leniency for Eugene Barnett and John Lamb, in the light of the evidence submitted. He said he regarded the cases against all the men as identical.

Loren Roberts, whom the jury found insane, was ordered sent to the criminal insane ward at the state penitentiary. The seven sentenced to 25 to 40 years imprisonment were: C. C. Bland, Bert Bland, John Lamb, Eugene Barnett, James McInerney, Ray Becker and Britt Smith. The defense attorney took exception to the sentence and gave notice of appeal.

COUNTY EDUCATIONAL NOTES

(Co. Supt. Sterrett)
The board of education met Monday in the office of the county superintendent but was unable to transact legal business owing to the lack of a quorum. Bowie of Wheatfield, Dugleby of Kankakee, Fairchild of Keener, Postill of Marion, Rush of Newton and Huff of Jordan were present. The board resolved itself into a committee to act upon a recommendation from Purdue university of a young man by the name of Mahorton, who applied for Mr. Leaming's position as county agricultural agent. The committee was assisted by Frank Welsh of Jordan and Russel Van Hook of Marion. The latter were drafted unsolicited to represent the farmers. The impression of this committee was that the young man be selected. A recommendation was made that Mr. Mahorton remain over until Wednesday when the president called a special meeting for 10 a. m. that day.

State Supt. L. N. Hines will deliver the commencement address at Fair Oaks Wednesday night, April 21. Music for the occasion will come from Indianapolis. Fair Oaks is planning to give a program for this commencement that outdoes any school function that has been held in their building. Eleven eighth grade pupils from various parts of Union township have enrolled there. They are Loretta Lockard, Alice Kiersma, Dean Zellers, Ivan Cedarwall, Lester Ogle, Agnes Cedarwall, Roy Gunyon, Ora Whitel, Alva Whitel, Hazel Lowman and Edith Sanders.

In terms free from sugar-coated camouflage. Everything was openly and fearlessly attacked by Porter, Harrington, Bowie, Poole, Postill, Rush and Fairchild. After the stormy atmosphere cleared the chair closed the discussion and called for motions. Rush of Newton moved that Mr. Mawhorter be employed by the board for the rest of the year at \$2,000 salary and \$740 expense money. The motion was seconded by Fairchild of Demotte. The secret ballot was demanded and the results gave six favoring the selection and four against. Should the entire board have been present it would mean a gamble as to the outcome of the vote. Dugleby of Tefft was in favor of an agent, but no one knows the sentiment of Davidson and Pettit. Their presence might have changed the vote very materially.

The last township institutes in Jasper county for this year will be held this month at Wheatfield, next Saturday, and at South Marion consolidated Saturday, April 17.

The schools at Fair Oaks will close Friday, April 23. On Wednesday the high school will give their commencement at Fair Oaks and an honorable position will be given to the eighth grade pupils who were promoted or graduated from the common branches.

USED UPRIGHT PIANOS!

BARGAINS OFFERED BY GEORGE R. DURGAN.

We are offering many used upright pianos for sale for the next thirty days or until sold, that will be mighty fine instruments for anyone desiring a really good instrument at a moderate price. These instruments were traded in to us on player pianos since the first of the year, and all of them come from the best of homes. Many of them have been used but a short while, and cannot be told from brand-new. These instruments will last for years, and all of them are in good tune. We will deliver them when purchased, at Rensselaer, or within ten miles in any direction and free of charge to a customer. If anyone in this vicinity feels interested in these pianos, they may write us, and we will be glad to give a general description, to which we, of course, guarantee the pianos to meet. It will do no one the least harm to write us anyway, and we promise a prompt reply.
