## NEWS from the COUNTY

### FOUR CORNERS

Orville Fisher of near Wheatfield Center lost a valuable Jersey cow last Friday.

L. E. Noland, after spending a week with his daughter, Mrs. F. W. Fisher, returned to his home in White county Monday.

Mrs. O. M. Turner returned home from Kankakee Saturday where she was called by the fatal illness of her little granddaughter.

A number of farmers are sowing their wheat fields in oats. There are a number of fields in the north part of Jasper that will prove a failure.

Frank Fenzel of east Walker has made several trips to the dentist and is now a safer risk than an Alaska gold mine, and, well, girls, don't hesitate.

The benefit show and dance given for the ball team brought into the treasury, with the amounts donated, over \$200 which will start the boys off on their right foot.

Our friend Bowie said, so we are informed, that he thought more of us than he did of Robert A. Mannan. He surely does not think a h-l of a sight of Bob, then.

On our last visit to Rensselaer we saw our old friend, Frank Welsh, with an old pigeon-wing bridge on his arm, treading the streets in search of the Democrat mule. Frank has a difficult time keeping him in harness.

The daughter of Mr. and Mrs. Fred Meyers of Kankakee, Ill., but formerly of this place, died and was

buried at San Pierre last Friday. Mrs. Meyers is the daughter of Mr. and Mrs. O. M. Turner of Kankakee township.

The Rasmussen store at Tefft is working up a good trade. Well located, and now with a good, attractive ad in a paper that reaches the people, should bring results. Subscribe for and put on ad in The Democrat.

Cyril Steele of Wheatfield, who died suddenly Sunday evening, was buried Wednesday at 2 p. m. Rev. Downey, former pastor here but now of Fair Oaks, conducted the services, assisted by Undertaker Keen of Wheatfield.

Prospective Judge Halleck of Rensselaer and F. Guy Barnard of Fowler attended the ditch meeting at Wheatfield Saturday. "Honest Abe" had his vest pocket full of cards and was quite liberal with them, even giving them to Democrats.

George Williams blew in to the city of Wheatfield Saturday but declares he had nothing to do with the Easter storm; came just to see the old folks at home. George never will forget the frail home. No, he will continue keen on the trail until the game is caught.

Dr. Charles Downey of North Judson was called to treat a horse for Warren Fisher last Saturday morning for acute indigestion, and after 10 hours' faithful labor saved the animal. While at this work he had three other calls. He informed us that a great amount of stock is needing attention this spring.

Well, we truly hope the weather of this Easter Sunday will not continue for seven Sundays. Really, this was the most disagreeable Easter that we can remember since '58—the most unlucky day of our eventful life. We hope the Republicans will not blame Wilson or the Democratic administration for this storm.

A number of landowners who are assessed on the Barnard ditch met at Wheatfield Saturday for the purpose of forming some plan by which

the necessary money could be raised to make good the amount required to take up the work and push it to completion without referring the case back to court. The amount necessary for the work is an increase of nearly 30% on present assessments, or the difference between the estimated cost of about 11 cents per yard and the lowest bid of 14 cents per yard. The sense of the meeting was that those assessed should be solicited to see how many were willing to pay the percent necessary to raise the amount. A committee was appointed, consisting of Cook of Lacross, Ens of Demotte, W. B. McNeil and Marble of Wheatfield, to see those who are assessed when the ditch is completed, for their part of the increase. Should this plan fail the case will be thrown back into court and a delay of another year will be the result, as the case would be carried over into the September term for a decision.

### MT. AYR

(From the Tribune)

Miss Marie Harris has completed her school in Jasper county and is now at home.

Miss Addie Harris was home from Demotte, where she is teaching school, over Sunday.

## DARTING, PIERCING SCIATIC PAINS

Give way before the penetrating effects of Sloan's Liniment

So do those rheumatic twinges and the loin-aches of lumbago, the nerve-inflammation of neuritis, the wry neck, the joint wrench, the ligament sprain, the muscle strain, and the throbbing bruise.

The ease of applying, the quickness of relief, the positive results, the cleanliness, and the economy of Sloan's Liniment make it universally preferred. 35c, 70c, \$1.40.

### Best of 22

The Eldorado Stage Co. of Los Angeles tested 22 leading makes on 12-passenger Packard buses. Not a tire was found to match the Millers in that extreme service.

## Some Costly Mistakes

Men are Making on Tires

Men who buy tires on a guess, or on claims, are making some costly mistakes.

Large tire users make tests and comparisons. And the results in late years are amazing.

Hudson Taxi Co. of Detroit, for instance, made a long test on Miller Cords. And the average was 15,000 miles.

Miller dealers get hundreds to compare Miller mileage with others. And they find an increased mileage of 50 per cent to 75 per cent.

Large truck users are comparing Miller Cords, passenger type, with all others. And they are coming in large numbers to Millers.

California stage lines are using Millers after million-mile tests with many rivals.

### The Way to Know

At the Miller factory over 1,000 tires yearly are worn out in tests and comparisons.

They constantly prove that Miller is the best tire built.

In extreme rear-wheel tests they require an average of 15,000 miles on Cords.

They prove that the new Miller tread outwears the best of others by 25 per cent.

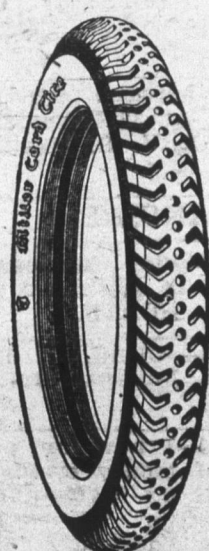

Such tires should be tested by every owner of a car. See what they give you. Compare with any tire on opposite rear wheels.

Miller experts, in late years, have doubled average tire mileage. Old-times figures do not apply today.

You will fix new requirements for your tires when you try a Miller. Do it now.
