Although the woman had suffered the misery of the unloved for years, in fact from the very day of her wedding, she had the courage to fight on. She even brought cheer and comfort to a poverty-stricken family in the slums and by so doing unearthed a diary that told her the history of her husband's past life. This discovery led to a most unheard of change in her daily life, it eventually brought her happiness. But how and why? By seeing "Wives of Men" you'll learn the story of this woman's life and the story is of absorbing interest. Florence Reed is the star. See her at the PRINCESS Theatre.
