LITTLE MORE RAIN YESTERDAY

And Cooler Weather Followed Two Real Spring Days.

Wednesday and Thursday we had very nice weather again, except that it was quite windy Thursday, but a light rain came early yesterday morning and it was cloudy and much cooler with a drizzling rain during the day. The crest of high water was reached by the river at about midnight Tuesday night, after which it steadily receded. The fields have all been too wet to work any time this week, and it will take several days yet for the lower ground to dry out sufficiently to get onto, even though we get no more rain.

It is generally conceded that we had not had so much water in the fields since the floods of 1913 as there was early in the week. Many farmers over in the south part of the county, in northern Benton and southern Newton counties, where the land is generally very thoroughly tilled, said they had never before seen so much water standing in their fields.

SLEEPER PASSENGER ROBBED

Losses Discovered When Train Reached Rensselaer—Jug Thief.

A young man 21 years old and giving his name as George Doyle of Montreal, Quebec, is in the Tippecanoe county jail charged with robbing at least three passengers in a sleeping car on Monon passenger train No. 4 early Thursday morning. Doyle and a companion boarded the train at Louisville.

Some of the people robbed discovered their loss when the train reached Rensselaer and Doyle, who was suspected as the robber, having left the train at Lafayette, Conductor Charles Moore communicated with Monon Railroad Detective Hayes of that city, who learned that Doyle had taken a traction car to Indianapolis. Officers at Lebanon were notified to arrest the man when the car reached that city, which was done. After his arrest, however, Doyle broke loose from the officers but was captured after a chase in which 50 or more people took part.

Passengers on the sleeping car claimed to have lost \$225 in money, a gold watch and chain, a pair of diamond cuff buttons, a pocket knife and a hand mirror. When searched by the Lebanon police Doyle had \$268.15 on his person and also the missing watch. He confessed a part in the robbery, but claimed to have secured but \$165 in cash, and said the amount over that sum found on him was his own money. He claimed that his partner pulled off the stunt and gave him the money, and said that he had never been in trouble before. He and his partner had started out on a career of crime some two weeks previous. The latter has not been apprehended.

The money and watch were not turned over by the Lebanon police with the prisoner, the Lafayette Journal says.

TURNER PROGRAM DECIDED HIT

Each year the Turner club event, given by the students of St. Joseph college, is becoming more popular. The annual program, which was staged Wednesday evening to a capacity audience in the college auditorium, was certainly an exhibition of real skill and each member of the club displayed thorough training. The entertainment consisted of various difficult stunts on horizontal and parallel bars, vaulting horse and ladders, also slack-wire walking.

A number of clowns interspersed the program with comedy. The mock prize fight between Jack Dempsey and the French champion, Carpentier, was especially good, and the audience was pleased to see Jack win out in the third round.

The college band furnished music throughout the entire evening, giving a real circus tinge to the affair.

Father Albin Sheldier, athletic director at the college, deserves great credit for introducing this branch of gymnastics and for making this unique and entertaining program an annual event at St. Joseph's.

Many people from Rensselaer and surrounding towns were present Wednesday night. The Remington band attended in a body. Those who missed the first performance will have an opportunity of witnessing it Sunday evening, when the entire program will be repeated.

"Five little lawyers sitting in a row, one dropped out and then there were four." Mose Leopold has announced his withdrawal from the Republican race for the nomination for judge, realizing the futility of the race with so many Jasper county aspirants. His name will be on the ballot, however, as he did not decide to withdraw until after the time had expired for withdrawing from the list of candidates as filed, and no doubt he will still receive many votes from numerous friends over the circuit.

Miss Hill of Indianapolis, a state inspector of the state board of charities and correction, was in Rensselaer Tuesday and inspected the county hospital, jail and poor farm. She spoke very highly of the conditions of each one of these institutions. So far as Jasper county is concerned no doubt all deserve it, but we are reminded that the same sort of a report was made right along by state inspectors of a Marion county institution and the shocking conditions recently made public in an investigation made in the federal court at Indianapolis and the grand jury indictments that have followed. These "inspections" seem to be largely a farce.

LOCAL SCHOOL OF CITIZENSHIP

To Be Organized Saturday Afternoon at 2:30 in the East Court Room.

This being the first year in the history of Indiana in which women will be permitted to vote for a president of the U. S., it is very important that they acquaint themselves with the machinery through which to exercise their franchise intelligently. For this reason a school of citizenship is to be conducted under the auspices of the Democrat women of the community so that any woman who wishes to thus prepare herself for citizenship may do so. The text books used will be those prepared for the State Franchise league and are therefore non-partisan. These books will be furnished free to any woman wishing to join the class.

We will be pleased to have our Republican friends come and study with us. Speakers of both parties will be asked to address the school from time to time and a question box in which those who differ with us as well as those who agree will be privileged to furnish helpful questions, will be a part of each program. Attorney Mose Leopold will give a short talk on the primary law at Saturday's meeting.

The school will begin promptly at 2:30 and continue just one hour. It is hoped that many country women who are in town on business will attend this meeting.

MRS. ALFRED HOOVER, County Chairman.
MRS. JOHN I. GWIN, District Chairman.

ANOTHER AGED CITIZEN DEAD

Joseph Smith Answered Death Summons Wednesday.

Joseph Smith, who had been in failing health for the past few years, died at 12:30 o'clock Wednesday at the county hospital where he had been taken only a few hours before. Mr. Smith was born Feb. 22, 1837, in Tippecanoe county, Ind., and was therefore past 83 years of age.

The funeral was held yesterday morning at 10 o'clock at the late residence on south Van Rensselaer street, services being conducted by Rev. W. T. Barbre of the Christian church and burial made in the Johnson cemetery near Seaford, White county.

Joseph Smith was born in Tippecanoe county, near Lafayette, Feb. 16, 1837. He enlisted in the civil war in Company G, 63d Ind. Inf., and served until the end of the war. Dec. 22, 1867, he was united in marriage with Mrs. Catherine Wiley, who at that time was a widow with three children. To these children Mr. Smith was a true and loving father. These children have grown to maturity and now reside as follows: John M. Wiley in Moravia, Mont.; William S. Wiley in Hartford, Mich., and Mary J. Summers, widowed, who makes her home with the parents in this city.

Mr. and Mrs. Smith were the parents of two children. A daughter died in infancy. The other is a son, Charles F. Smith, of Salem, O. For a number of years Mr. and Mrs. Smith lived near Seaford, White county. In the spring of 1888 they moved to Jasper county, occupying a farm which he had purchased near Knlman. While living there he became a member of the Odd Fellow lodge of Wheatfield, in 1884. They moved to this city in 1912, and since that time had been residents here continuously.

He was in poor health for some time and was taken very seriously ill Saturday, April 16. Wednesday, April 21, he was taken to the hospital in the forenoon, but lived only a few hours, passing away at 12:30 p. m.

Mr. Smith was a splendid citizen, of a happy, jovial disposition, and was beloved by all who knew him.

HOW DISAPPOINTING IT MUST HAVE BEEN

It is evident that anything shipped in oak barrels these days is given the "once over" at least by the freight handlers and others who have the opportunity, in the hope that the barrel, no matter how labeled, may contain booze. The Democrat got in a 250-pound barrel of newspaper ink this week from a New York ink factory, and the barrel gave evidence of having been tapped a couple of times by driving a large nail through one of the staves near the head. The seekers after alcoholic liquors must have been awfully disappointed when nothing more palatable than printing ink oozed from the incisions.

It is thought that her death occurred about midnight Tuesday night. GRUNAU ASKS END OF STRIKE

Leaders of Outlaw Union Calls Meeting to Halt Walkout.

CAN'T DEFEAT GOVERNMENT

Two Other Leaders of Rebel Switchmen Join Head of New Union in Calling Meeting to End Struggle.

Chicago, April 23.—The outlaw strike of switchmen and enginemen, which originated in Chicago two weeks ago and infected workers on practically every railroad in the United States, has reached its climax. John Grunau, leader of the striking switchmen and regarded as first figure among the union "rebels" of the country, called a mass meeting of all his followers. At this gathering Grunau will advise the men to return to work, he said.

"We're Licked," Says Grunau. "We are licked," he said. "We could fight the railway brotherhoods and the railroad officials, but we can't fight the government. So far as our immediate demands for wage increases and working hours are concerned the strike has been a failure. I shall give the men this advice.

"But we have one fight which can be continued. Even though we are forced to return to the yards, as now is evident, we yet can battle for the permanent maintenance of our own union. We will carry this fight to Washington."

End of Strike at Hand.

Grunau's influence among the strikers is admittedly nationwide. Railroad officials, apprised of his statement, regarded it as representing the termination of the entire strike movement. While it was recalled that an attempted peace meeting Wednesday was taken over by radicals and brought no results, yet no such possibility showed for the meeting arranged by Grunau.

Two other leaders of the outlaw strike movement have joined with Mr. Grunau in calling the gathering. They are William Bond, treasurer of Grunau's Chicago Yardmen's association, and Harold Reading, president of the United Enginemen's association.

MUNDAY MUST GO TO JAIL

Illinois Supreme Court Affirms Verdict of Guilty.

Chicago, April 23.—Charles B. Munday, charged with wrecking the LaSalle Street Trust and Savings bank in Chicago in 1914, must go to the penitentiary. The Illinois Supreme court affirmed the verdict of guilty returned by a jury in the Grundy county circuit court, where Munday was tried, after taking a change of venue from Cook county. The verdict carries an indeterminate term and Munday must also pay a \$500 fine. Munday was first vice president of the bank. William Lorimer was president. Lorimer was indicted with Munday in connection with the wrecking of the bank, but was found not guilty in Cook county. Munday is engaged in the flour business in Chicago.

UNIVERSAL DRILL APPROVED

D. A. R. Convention Goes on Record for Military Training.

Washington, April 23.—Universal military training was endorsed by the continental congress of the Daughters of the American Revolution, an amendment to make such training voluntary instead of compulsory being lost for want of a second. There were scattering "nays" on the vote on the resolution, but no call for a division was made.

Balloting for national officers was in progress throughout the day, the only contest being that incident to the election of seven vice presidents general from a list of 12 nominees. Mrs. George Maynard Minor of Waterford, Conn., was the nominee for president general.

BOARD MUST ACT ON STRIKE

Hands-Off Policy to Be Pursued by President Wilson.

Washington, April 23.—President Wilson is to pursue a distinctly hands-off policy with regard to the outlaw railroad strike. He will leave the question of the settlement of the wage controversy entirely in the hands of the railroad labor board.

This flat statement came from the White House following a conference between Joseph E. Tumulty, secretary to the president, and chiefs of the railroad brotherhoods.

The Barkley Ladies' Aid will hold a market at the Warner hardware store Saturday, April 24, commencing at 11 a. m.—Adv.
