

DEADLOCK OVER GERMAN POLICY

Deliberations at San Remo Fail to Bring an Agreement.

FRANCE STANDS ON TREATY

Millerand Insists Germany Shall Not Escape Her Obligations at France's Expense—Two Boards Picked to Rule the Turks.

San Remo, April 23.—Deliberations here have failed to loosen the deadlock between France and Britain on the German question. Premier Lloyd George, it was learned, is urging Premier Millerand to extend his stay here in order to prevent the conference's breaking up without the Anglo-French differences regarding the German policy being settled satisfactorily to both powers.

Marshal Foch is credited with being ready to agree to let Germany keep 200,000 men under arms, instead of the 100,000 stipulated by the Versailles treaty, provided Premier Lloyd George insists that Germany shall not be allowed to escape her treaty obligations at France's expense.

Two Boards for Turkish Rule. Plans for the control of the Dardanelles were formulated by the supreme council.

The control will be exercised by two international commissions. One of these, an administrative body, will regulate the traffic, fix the dues for the use of the straits and supervise affairs generally, much the same as the Suez canal commission does for the Suez waterway.

The other body will be a military commission, having at its disposition forces which will be located in part on the Gallipoli peninsula and in part on the other side of the straits.

Millerand Lauds United States. Alexander Millerand, the French premier, received the American newspaper correspondents, of whom 11 are here, and talked freely about peace conference affairs. "Our friendship with the American people," he said, "did not begin with 1914, but very long before that, and before you brought us the decisive help in the war, which now is such a precious recollection."

"I regret we could not have the direct active co-operation of the United States government in the preparation of the Turkish treaty here, but I am sure America will not stand apart always from European affairs. I regret much more that the United States does not participate in the discussion of Versailles, which will be considered at once."

Says Policy of France Is Open. "I am confident the Americans, whatever their points of view respecting the Germans are, have also sympathy for the victims of Germany. The policy of France, which I have declared twenty times, is simple and entirely open. We suffered, and Germany pledged herself by the treaty to do certain things. She has not done them."

"In France there is neither hatred toward Germany nor desire for revenge. France recognized the difficulties confronting the German government, and was disposed to help Germany. We only asked proof of Germany's good faith. This has not yet been given, but the contrary is the case."

REFINERS OF SUGAR CALLED

Conference on Supplies and Prices Set by Government.

Washington, April 23.—Sugar refiners were asked by the department of justice to come here Monday for a conference to discuss sugar supplies and prices.

Investigation of the sugar situation by the federal trade commission to determine whether there has been hoarding, profiteering or unfair competition is proposed in a resolution, a favorable report on which was ordered by the house judiciary committee.

TRAP 4 IN \$200,000 FRAUD

Federal Agents Make Arrests in Huge Liquor Blank Scheme.

Chicago, April 23.—The first arrest of counterfeiters of government whisky prescription blanks was made here by government operatives after a search of more than six weeks. The arrests include one woman and three men. They are said to have struck off more than \$200,000 worth of the prescription blanks during the short time they have operated, and of this number have sold more than \$100,000 worth.

KILLS LOVER AND HERSELF

Chicago Woman Slays Man in Apparent Jealous Rage.

Chicago, April 23.—Enraged because she believed he had turned to another woman, Mrs. Louise Dimmick, thirty-five years old, shot her lover, Thomas Schweig, thirty-two years old, through the neck in a rooming house at 233 East Huron street. She then turned the weapon on herself. She fell dead with a bullet through the heart. Schweig died on the way to Passavant hospital.

MAY EXILE CAILLAUX

IS FOUND GUILTY OF DEALING WITH GERMANY.

High Court of Senate Convicts Former Premier—Finds There Were Extenuating Circumstances.

Paris, April 23.—Joseph Caillaux, former premier of France, was found guilty of having had commerce with the enemy by the high court of the senate. The vote was 150 to 91.

The court by a vote of 128 to 110 found that there were extenuating circumstances in M. Caillaux's case. The crime for which M. Caillaux was convicted is covered by article 78 of the military code, which calls for a sentence of banishment for a maximum of five years or a minimum of one year.

The charges of high treason and intelligence with the enemy against Caillaux were eliminated by the high court by a vote of 213 to 28.

This eliminated the possibility of the death penalty being inflicted. The court then took up the charge of correspondence, or commerce, with the enemy. Conviction on this count might entail imprisonment in a fortress for not more than five years or less than one year, or banishment.

BANKER MUST GO TO JAIL

Verdict of Guilty Against C. S. Munday, on Charge of Wrecking Lorimer Institution, Is Affirmed.

Chicago, April 23.—Charles B. Munday, charged with wrecking the LaSalle Street Trust and Savings bank in Chicago in 1914, must go to the penitentiary. The Illinois Supreme court affirmed the verdict of guilty returned by a jury in the Grundy county circuit court, where Munday was tried, after taking a change of venue from Cook county. The verdict carries an indeterminate term and Munday must also pay a \$500 fine. Munday was first vice president of the bank. William Lorimer was president. Lorimer was indicted with Munday in connection with the wrecking of the bank, but was found not guilty in Cook county. Munday is engaged in the flour business in Chicago.

D. A. R. FOR UNIVERSAL DRILL

Convention at Washington Goes on Record for Compulsory Military Training.

Washington, April 23.—Universal military training was endorsed by the continental congress of the Daughters of the American Revolution, an amendment to make such training voluntary instead of compulsory being lost for want of a second. There were scattering "nays" on the vote on the resolution, but no call for a division was made.

Balloting for national officers was in progress throughout the day, the only contest being that incident to the election of seven vice presidents general from a list of 12 nominees. Mrs. George Maynard Minor of Waterford, Conn., was the nominee for president general.

STATE NEWS ITEMS

The Doings of Hoosierdom Reported by Wire.

RIVER NEAR DANGER STAGE

Flood Waters of Wabash at Lafayette, Logansport and Connersville May Force Residents to Flee From Homes.

Lafayette, April 23.—The flood waters in the Wabash river at this point reached an alarming stage, although the government station at Terre Haute sent word to Purdue university that the crest of the flood appears to have been reached at Bluffton. The Lafayette ball park is inundated, and traffic on the battleground interurban line has been abandoned, the tracks being submerged in many places for a depth of three feet. In Connersville, a settlement in the south part of the city, many families have moved from their homes and many others are packed ready to leave at any time. If the waters should rise a foot more all residents of Connersville will be compelled to abandon their homes. The Wabash river has risen three feet and is still rising at Logansport. Residents in the lower sections of the city are ready to leave their homes. Several families whose homes are on Biddle's island have already moved out. The Fort Wayne & Northern Indiana Traction company has annulled its schedules between this point and Fort Wayne.

Maj. A. C. Rosencranz Is Dead.

Evansville, April 23.—Maj. Albert C. Rosencranz, seventy-eight years old, head of the Vulcan Plow company here and one of the best-known citizens of Evansville, died here from the effects of a stroke of paralysis suffered about a year ago. He had been in failing health since that time. Major Rosencranz was born in Germany in 1842 and came to Evansville with his father in 1851. Major Rosencranz served in the Union army during the Civil war and attained the rank of major. He served several terms as member of the city council and was active in civic affairs all his life. He was a member of the city school board and a few years ago was made an honorary member of that body for life. He gave the site to the Young Women's Christian association and was regarded as its founder. He also founded the colored Young Men's Christian association and gave liberally to other organizations.

Crop Outlook Discouraging.

Valparaiso, April 23.—County Agricultural Agent Stanley B. Sink of this city has just completed a 200-mile trip of crop inspection in northern Indiana and reports the outlook for the future as distinctly discouraging. He says that more than 50 per cent of the wheat crop will not be worth cutting, owing to the destructive ravages of the Hessian fly and the damage done by winter freezing. He says the situation is rapidly growing worse because it is now too late to sow oats and barley in place of the wheat.

Would Eliminate Jazz Dances.

Richmond, April 23.—The task of making America musical can be accomplished by the co-operation of private music teachers, the public schools and the women's clubs, Mrs. Frances Clark, member of the executive committee of the National Association of Music Teachers, said in an address here before the state Music Teachers' association, which opened its annual convention in Grace M. E. church. "Jazz" will be eliminated by a process of education emanating from these factors, she said.

Lineman Electrocuted.

Worthington, April 23.—Grover Marshall, twenty-nine years old, employed by the Indiana Power and Water company, while loosening a guy wire was electrocuted. Twenty-three hundred volts passed through his body. He had been employed by the company about six weeks. The body was taken to the home of his father, G. L. Marshall, near Spencer. His brother, Milton Marshall, was working with him at the time of the accident.

Negotiations Resumed.

Anderson, April 23.—Mediation efforts were resumed between striking switchmen and railroad officials here. It is rumored that there is a break in the walkout here and that some of the Pennsylvania switchmen may return to work. Some Big Four men also may go back, it is said. A brotherhood representative was here conferring with local yardmen.

Ordered to Find for Defendant.

Decatur, April 23.—Judge R. H. Hartford of Portland, acting as special judge in the trial of Will Hammett, former clerk of the Adams circuit court, charged in a grand jury indictment with embezzling funds paid into the clerk's office for Jennie Mast, instructed the jury to return a verdict in favor of the defendant.

County Roads Washed Out.

Shelbyville, April 23.—All the rivers and creeks in Shelby county are out of their banks and the situation is extremely serious, roads to the north of this city being completely under water. The road between Marietta and Bengal, south of Shelbyville, has been washed out.
