

# GIVE HER A HOOVER

## THE HOOVER

eliminates all destructive embedded grit, surfacedirt and lint. The action of THE

HOOVER during the cleaning operation is such that the colors are freshened and revived.

We want to be perfectly clear in our explanation of these points so we repeat that THE HOOVER eliminates **all** dirt—it cleans thoroughly—it revivifies the rug but in the process handles them so gently as to materially prolong their life. Think what this will mean to you in the care of your own, beautiful rugs and fabrics. Only THE HOOVER beats—as it sweeps—as it cleans.

During this week we are having a special demonstration in our store of THE HOOVER. Come in and let us show you how efficiently this economical machine fulfills the claims made for it. You will be down town for Christmas shopping and will probably be in our store several times during the week.

It will take only a few minutes for you to see THE HOOVER and it will be worth your while to do so—eventually you will want a HOOVER in your home. Let us suggest the desirability of buying a HOOVER now to be delivered for Christmas.
