

Jasper Republican.

RENSSELAER, Ind., Jan. 7, 1876.

Republican Convention.

WHEREAS, The State Central Committee of the Republican party, of Indiana, has recommended the holding of Conventions in the several counties of the State, on the 5th day of February, 1876; and

WHEREAS, The counties generally have called Conventions accordingly,

A call is hereby made to the Republicans of Jasper county, to assemble in Mass Convention at the Court House in Rensselaer, Indiana, on Saturday, the 5th day of January, 1876, at 1 o'clock, P. M., for the purpose of:

First, The selection of ten Delegates to the State Convention.

Second, The appointment of a County Central Committee for the ensuing Campaign.

Third, The fixing of a time for holding County Nominating Conventions.

Fourth, The transaction of any other business that may properly come before said Convention.

Rensselaer, Indiana, January 6, 1876.

By order of the Jasper County Republican Central Committee.

JAMES A. BURNHAM,
Chairman.

The divine who does the praying for this Democratic Congress refused to pray for Lincoln during the "wah."

At Columbus, Ohio, the Chief of Police has ordered all places, where games of chance are played, to be closed.

The REPUBLICAN is in favor of General Packard, of the LaPorte Chronicle, for the Lieutenant Governorship of Indiana.

There is one Brooklyn man who has obtained satisfaction. Henry C. Bowen has obtained a verdict against the Eagle for libel.

In the West, along the lines of the Union and Central Pacific Railways, it is reported that the snow is twelve feet deep on a level.

The Indianapolis Journal advocates the postponement of the Republican State Convention until after the adjournment of Congress.

Animal worship or horse idolatry is the latest species of lunacy. The Driving Park Association, of Elmira, N. Y., has decided to invest \$2,500 in the monument to be erected on the spot where American Girl died.

It took Mr. Kerr two weeks to raise his committee, and he has only succeeded in raising a prolonged Democratic howl. Every Democratic member wanted to be a chairman, and poor Kerr had no holes enough for the pegs.

The disabled Union soldiers removed from positions in the House of Representatives, whose places were filled by Rebel soldiers, have been given other positions by President Grant. Loyal people everywhere will be pleased to learn of this.

Camel raising has been tried in Colorado and with success for a number of years. Texas, within a few years, has taken a start in that direction. Recently, Major Steward, of Travis county, that State, sold of his own raising, five two-year-old camels for \$250 apiece, three three-year-olds for \$350 each, and one five-year-old for \$450.

Immigration to this country has fallen off remarkably in the last three years. The total of 1873 was 495,793; of 1874, 233,304, and 1875, only 227,493. The decline is attributed to the protracted prostration of business in this country. The real reason probably is that the Irish are better off in their own country than in former years.

General Jewell, the newly-appointed Captain General of Cuba, says the *Inter-Ocean*, is going to do all that his opponents found impracticable and impossible. He proposes to put an end to all abuses in that unhappy island, irrespective of person or position, and hold all offenders to full responsibility. If he accomplishes all this there will be no occasion for foreign intervention.

The monotony of existence in Boston is being varied just now by a spurt of excitement over the discovery of a Frenchman who is turning his Masonic knowledge to profitable account, says the *Inter-Ocean*. He gathered together a number of printers, pressmen, dog-fanciers, and others, and organized a Masonic lodge without observing the formality of applying to the Grand Lodge for a charter. He has communicated to his pupils a number of grips, signs, pass-words, etc., and charged them at the rate of \$10 each. As his pupils numbered somewhere in the neighborhood of fifty or sixty, his profits were considerable, in comparison with the labor expended. He has been arrested, but threatens to expose the whole outfit of Masory if he is prosecuted.

President Grant is accused of seeking for a third term. Well, President Washington was accused of trying to establish a monarchical despotism with himself for the despot. It was Thomas Jefferson and his party that accused Washington. It is the Democrats who accuse Grant. The Democrats claim that they are descended from the Jeffersonian party. If so, then it was the same party that accused Washington of trying to usurp the government and make himself a despot, that now accuses Grant of seeking a third term.—*Ex.*

and after three days of hard bombardment had captured him and his whole party, and now have them confined in the

one door east of F. J. Sears & Co's dry goods store. The Deacon and his party made a gallant resistance at the old stand on the north side of the street, but the Major was a little too strong for him and captured him and his subordinates,

Lieut. Meyer and Will Perigim.

Young Perigim was wounded by an accidental discharge of Meyer's piece, but young Perigim, at last accounts, was doing well; he was using RADWAY'S READY RESOLVENT for his blood, one bottle of WALLACE'S BITTERS for his Digestive Organs, and three boxes of M'ALESTER'S ALL HEALING SALVE for his wound. It is thought by his nurse that he will recover.

The Major, in the long exposure with Deacon Tubbs, cheering on his men, took a severe cold which settled in his throat, but by using a bottle of

Dr. Harding's Celebrated Cough Mixture.

we are happy to inform the public that he is able to be out again, and at the NEW BRICK STORE compounding Drugs and Medicines, where the Deacon and the Major are found at all times dealing out Medicines to their numerous Customers.
