

A STRANGE COMPLAINT.
A correspondent of the Greeley (Col.) Tribune, who signs himself "Justice," complains that the railroads between that place and Salt Lake City are bringing in wheat at too low rates. He argues that the farmers in that Territory have wheat enough to supply the people in the Territory till spring, and taking advantage of high freights, they have put their own prices on it, having no fear that the Mormons could send in their wheat. But now the railroads have put down the price of carrying wheat from \$200 to \$75 per car, and Mormon-grown wheat is pouring into Pitkin County, Greeley. The Colorado people had better employ their Chinese in building a wall around their country. They are the only farmers who complain that railroads carry produce too cheap.

CAPACITY.—A common councilman's wife, paying her daughter a visit at school, and inquiring what progress she had made in her education, the teacher answered:

"Pretty good, madam; miss is very attentive. If she wants anything, it is capacity; for that deficiency, you know, we must not blame her."

"No, madam," replied the mother; "but I blame you for not having mentioned it before. Her father, thank heaven, can afford his daughter a capacity, and I beg she may have one immediately, cost what it may."

DOOLEY'S Yeast Powder is convenient, economical, and always reliable. No waste of food prepared with it, as it is always of the best quality. [Com.]

WHAT NEXT?—The May number reaches us on time, and is filled with an unusual variety of the choicest reading for young people. The publisher announces 6,450 cash subscriptions received during the month of April. Its success is quite wonderful, but is no more than its merits deserve. Thirty cents a year, with choice of two fine \$1.00 Chromos to each subscriber, besides splendid inducements for clubs. Specimens, 3 cents. JOHN B. ALLEN, Publisher, Chicago.

NEXT to the boyish delight of surreptitiously sucking the mouth of a molar-jug, says a philosophic correspondent, is the pleasure of breaking an engagement with the dentist.

DR. RANSON'S HIVE SYRUP and Tolu, or Honey Syrup, is not a quack medicine. It is prepared by a regular physician of over twenty years' practice, who used it many years with great success in his large practice for the cure of Croup, Coughs and Colds among the children, and nearly all of his families kept the medicine in the house to be ready for a sudden attack. Only 35 cents. [Com.]

A GEORGIA woman is credited with having raised a large family, although not out of her teens. It was her mother-in-law's family, and she did it with a keg of powder planted in the cellar.

THE PUREST AND SWEETEST COD-LIVER OIL is HAZARD & CASWELL's, made on the sea shore, from fresh, selected livers, of the Cod only, by CASWELL, HAZARD & CO., New York. It is absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians have decided it superior to all other oils in market. [Com.]

A WRITER in a late number of the *Revue des Deux Mondes* estimates that the total cost to France of the war with Germany was ten billion francs (two billion dollars).

MANY persons suffer with sick headache and nervous headache, usually induced by constiveness, indigestion, &c. Such persons will find relief, if not cure, by keeping the bowels open with small doses of *Parsons' Purgative Pills*. [Com.]

"You know how it is yourself." If you have not found it out yet, try the *Elmwood Colic* that has created such a furore and made all the men look so handsome. [Com.]

What is Your Life Worth?
No estimate can be made of the value of a human life. It is beyond appraisement. The wealth of the world weighed against it would kick the beam. Yet how many precious lives are thrown away unwittingly. The laws of health are simple enough, but they are not generally understood, and even when understood are too often disregarded. At this season, for example, when it is expedient that the physical system should be toned, regulated and purified to enable it to endure without injury the intense heats of summer, how many thousands, even of the feeble and delicate, neglect to fortify themselves in this way against a known danger. Who is so ignorant as not to be aware that Hostetter's Stomach Bitters, if taken when taken regularly, are a sure protection against intermittents, remittents, and all epidemics engendered by the vaporous atmosphere of spring? Who does not know that the same wholesome tonic and alternative, if taken at proper intervals throughout the summer, will prevent fevers, bilious attacks, headache, colic, nervous debility, indigestion, and all the long catalogue of ills to which heat and malaria give rise? Whoever wants a clean bill of health for the most enervating season of the year, should take time by the forelock and commence a course of this unequalled vegetable invigorant now.

The Late Gov. Geary wrote as follows:
EXECUTIVE CHAMBER, HARRISBURG, Feb. 21, 1871.
"DR. SHALENEBERGER:—I regard your Antidote as a public benefaction.
In the fall of 1864, it proved itself in my case, as well as in many others that came under my observation, a most invaluable remedy for Fever and Ague, not only prompt and powerful in curing the disease, but singularly pleasant and beneficial in its general effects upon the system."

A dose every two days is the way to take Shaleneberger's Fever and Ague Antidote. One dose stops the Chills, and a cure is certain.

AN ENTERPRISING young farmer, living in Illinois, who had a little spare time at his command, applied a year ago to the New York Life Insurance Company for an agency. The necessary papers were forwarded to him and he made a clean sweep of two counties. Since then he has taken two more counties and gone regularly into the business. He says that it pays better than any business he has ever undertaken, for the plans of the company are so popular that he finds easy work. There are thousands of neighborhoods where an agency for this grand old company can still be had. If you apply, send full particulars, age, former business, with two names as references, to the head office at 346 and 348 Broadway, New York. [Com.]

PUBLIC SPEAKERS and Singers will find "Brooks' Bronchial Troches" beneficial in clearing the voice before speaking or singing, and relieving the throat after any exertion of the vocal organs. For Coughs and Colds, the Troches are effectual. [Com.]
