DISTRICT CONFERENCE.—The District Conference of the Rockport District, M. E. church, will be held at Dale, July 29, 30 and 31. The following is the programme of exercises:

Monday, July 29, 7.20 P. M. Opening Session by J. T. Bean.

Tuesday, July 30, 8.30 A. M. Opening Exercises conducted by Eli Parker and John Ferguson. 9 A. M. Organization. 11 A. M. Sacrament of Lord's Supper. 2 P. M. Disciplinary Business. 7.30 Love Feast conducted by John C. Parker and Thos. W. Youngblood.

Wednesday, July 31, 8 A. M. Disciplinary Business. 1.30 P. M. Disciplinary Business. 3.30 P. M. Sunday School Meeting, addresses by all members. 7.30 P. M. Closing address by John W. Julian.

The graduating class of the Maine Agricultural College consisted of ten members, and after all the theoretical knowledge acquired not one of these young men will be a farmer. Four are to be lawyers, one an assayer and the others teachers or doctors. They have had enough of agriculture.

Bishop Whittle, of Virginia, has put his ecclesiastical foot down on those who persist in dancing round dances. He will not admit later the rite of confirmation to such giddy creatures, on the brink of such a dangerous precipice.

Mr. Henry Berger is announced as a candidate for County Surveyor, and so far has no opposition. He is a good carpenter, and if he makes as good a Surveyor, and we expect he would, the people will be satisfied.

During the past year John Sherman has managed to pay twenty-four millions on the public debt. At that rate it would require one hundred years to pay the principal alone, and five times as long to pay the accumulated interest.

The Libson papal nuncio has discovered that many of the priests of that city are free masons, and he has addressed a letter to the pope asking that they be called to Rome and there placed in a monastery.

It is a fact easily demonstrated that a majority of the radical party like Jeff Davis better than they do R. B. Hayes.

EDITOR CORNER.—Of all dull places this is the dullest. No weddings, no deaths, no fights, no nothing but hard times. How is a scribbler to find an item? The debating society died out. Whether your reporter killed the society or the society killed him, I am unable to say. I think it a shame that all the talent displayed last winter should be hidden in the worldly occupation of mending fences, plowing corn and cutting wheat and such like. Blackberries and flies are here again and every one is out gathering them—the berries. Myself, with the rest, tore my garments in endeavoring to get enough berries for a pie. There was a gentleman out from Huntington to-day with a mammoth bucket. I saw him with pants and shirt torn in tatters, and enough berries in his bucket for a small dumpling and when the rain came on he fairly flew for tall timber. What do you think his frow at home said when she saw the contents of his bucket and the day's mending before her? I omitted to tell you that I seen him first dodging from a snake and getting away from there quick, sure. Why didn't he catch it by the caudal extremity and run off and slap it against a tree, that would have settled it? I do like to see some get up in a man. After he was gone, I being possessed of an inquiring mind, went there to see what kind of a snake it was, and as sure as you live, it was only the skin that a snake had worn last year. Mr. C. donned his new coat and gaiters and went a visiting to-day. I suppose he will have to carry them back in his pocket or they will be tectotally discomfited, and he will have to go without, like his family did last winter. The ways of providence are mysterious—every time he puts his gaiters on it rains and he has to come home barefooted. They are like heavy armor, they impede more than they protect.

Smallpox is spreading rapidly in Montreal, and many deaths are reported. The French Canadians will not allow their families vaccinated, hence the great ravages of the disease.

The Democratic canvas will be moved all along the line on the 10th of August. Speeches will be delivered by candidates and others in every Congressional District in the State.

It costs something to be sweet. The United States pays annually \$100,000,000 to other countries for sugar and molasses.

B.—I still have a few of the celebrated Favorite Cook Stoves on hand, the best stove in the world and have never been without them since they were made, notwithstanding the report to the contrary of undermining, meddling plunks, that envies enterprise, despises honest industry, and hostile to the stranger, a tyrant to the oppressed and persecuted, and still they are Christians—no a tree.

DR. JOHN BULL'S Great Remedies.

Dr. John Bull,

MANUFACTURER AND VENDOR OF THE CELEBRATED

Smith's Tonic Syrup!

FOR THE CURE OF

AGUE AND FEVER,

OR CHILLS AND FEVER.

THE proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the AGUE, CHILLS, FEVER, and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion, that in the case of whatever it is that cures the direful disease, it has followed out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain cure, if it is not discontinued in smaller doses for a week or two after the disease has been broken or checked, more especially in difficult and long-standing cases. Usually, this medicine will not require any aid to keep the bowels in good order, should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

BULL'S

WORM DESTROYER.

To my United States and World Wide Readers.

I HAVE received many testimonials from professional and medical men, as my aim and various publications have shown, all of which are genuine. The following from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Doctor says of Bull's Worm Destroyer:

VILLANOVA, WISCONSIN, U. S. A.,
June 29, 1868.

Dr. John Bull—Dear Sir: I have recently given your "Worm Destroyer" several trials and find it wonderfully efficacious. It has not failed in a single instance to cure the most obstinate cases. I am doing a pretty large business in your medicine, and have daily use for some articles of the kind. I can testify to the fact that I know of no remedy so recommended by the best authorities, and so certain and so speedy in its effects. On the contrary they are in certain in the extreme. My object in writing you is to find out upon what terms I can get the medicine direct from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the feelings and prejudices of many, but I may be able to command—not hesitating, because some one more ingenious than myself may have learned its effects first, and secured the sole right to use that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, and I am willing to make a matter of course to which human flesh is heir. Please reply soon, and inform me of your best terms.

I am, sir, most respectfully,

JULIUS P. CLEMENT, M. D.

BULL'S

SARSAPARILLA!

A Good Reason for the Captain's Faith.

Read the Captain's Letter and the Letter from his Mother:

BENTON, MISSOURI, Mo., April 20th, 1868.

Dr. John Bull—Dear Sir: I have been afflicted with your Sarsaparilla and the healthful and beneficial qualities it possesses, I need not the following statement of my case.

I was troubled about two years ago with a skin disease, and continued for six months. During this time, my wounds have not healed. I have not been able to work, and I was very much distressed. My general health is impaired, and I need something to assist nature. I have a great faith in your Sarsaparilla, and any thing else. I wish that you could give me a bottle of your Sarsaparilla, and I will be very much obliged to you. Please express me my love to your mother and sister.

Captain C. P. JOHNSON, JR.

St. Louis, Mo.

P. S.—The following was written April 20th, 1868, by Mrs. Jennie Johnson, mother of Capt. Johnson.

"The Sarsaparilla—Dear Sir: My husband, Dr. C. P. Johnson, was a Sarsaparilla and physician in Central New York, where he died, leaving the above C. P. Johnson to me. At thirteen years of age he had chronic diarrhea and scrofula, for which I gave him Sarsaparilla. It cured him. I have for ten years recommended it to many in New York, Ohio and Iowa, and it has cured many. I have seen it cure many cases of scrofula and fever, and were almost miraculous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a scrofula article home, but I believe he will recover."

Respectfully, JENNIE JOHNSON.

CEDRON BITTERS

AUTHENTIC DOCUMENTS

ARKANSAS HEARD FROM.

TESTIMONY OF MEDICAL MEN.

Stony Point, White Co., Ark., May 23, 1868.

Dr. John Bull—Dear Sir: Last February I was in Louisville purchasing drugs, and I got some of your Sarsaparilla and Cedron Bitters.

My son-in-law, who was with me in the store, has been down with rheumatism for some time, commenced on the Bitters, and soon found his general health improved.

Dr. Gist, who has been in bad health, tried them, and he also improved.

Dr. Coffey, who has been in bad health for several years—RHEUMATISM AND LIVER AFFECTION—has improved very much by the use of your Bitters. Indeed the Cedron Bitters has given you great popularity in this section. I think I could sell a great quantity of your medicine, and especially your Cedron Bitters and Sarsaparilla. Ship me via Memphis, care of Rickett & Seely.

Respectfully, C. B. WALKER.
