

JASPER COURIER.

Mr. T. Herbig is recuperating at the Springs.

Pike Co. Radical convention held at Winslow yesterday. Nominees unhappy for long.

Miss Mollie Niblack, of Rockport, Ind., is visiting relatives and friends in Ireland.

We learn that Sammy P. is engaged to be married to one of Jasper's beautiful belles. Success Sam.

Mr. R. C. Harbison's little baby, of Portersville, Violet L., 9 months old, died on Wednesday.

Mr. Joseph Ferguson, of Ireland, who was prostrated by heat last week, is yet in a very precarious condition.

M. A. Sermersheim & Co. received this week a large addition to their stock of dry goods, and having bought while prices were down, are selling cheap.

Master Edward Kuebler says that he didn't come any ways near drowning. Mr. correspondent of the Signal, and that you allowed the boys to play off on you.

Mr. Weber, near Portersville, lost two horses by sun-stroke last week.

Mr. Niemoeller, of Huntingburg, lost one of his stage horses, and a number of others lost animals.

Heppner is prepared to make up in latest style all kinds of gentlemen's clothing, and warrants satisfaction. He is regularly in receipt of Butterick's fashions—the standard of the world.

Mr. Alois Gramelspacher is preparing to bring the walk on the west side of the drug store up to grade, and lay a brick pavement. Go then, and do likewise.

The Town Trustees, out of mercy, we suppose, to the contractor, received the grade on Mill street, Wednesday. To complete it according to survey would require several days work yet.

Attention is directed to the professional card of Dr. W. W. Lemmon in to-day's Courier. The Dr. is a regular graduate, besides having the experience of several years' practice.

Sick.—His many friends will regret to learn that Rev. J. B. Madden has been prostrated by sickness this week, and will wish him a speedy recovery. He was unable to meet his congregations last Sabbath.

A good farm of 92 acres, well improved, and laying well, only a mile south of Jasper, on the Troy road, for sale cheap and on easy terms. Possession given immediately. Enquire at or address this office.

Pigo.—July 21st, 1878, BAZIL EMORY, infant son of Dr. W. R. and Nancy E. Osborn, of Jasper.

The parents have the sympathy of all their acquaintances. The suffering babe is a bright cherub now.

Rev. Pius Boehm, of St. Meinrad, who has been assisting in the services at St. Joseph church, called on the Courier this week, in company with two of his brothers. He is an affable gentleman, with a brilliant prospect for accomplishing a vast amount of good before him.

Miss Maggie C. Moore, of Vincennes, Ind., is instructing a very creditable class of young ladies and gentlemen in instrumental music, at Ireland. Judging from present indications her class is greatly increasing in number and interest.

Some of the saloon keepers supplied their customers with Evansville and Cincinnati Lager this week, and some who were not used to it, couldn't tell what was the matter with them, after taking a few glasses, and it wasn't sold by the salooner, either.

Republican Rally.

HON. I. S. MOORE, Republican candidate for Secretary of State, and

Capt. Geo. Reilly, Of Vincennes, have been invited by the Republican Central Committee, and have consented to address the people at IRELAND, Saturday, AUGUST 10.

ACCIDENT.—Two ladies, Mrs. Kendall and Miss Parker, of Ireland, were last Friday driving from Bretzville to Ireland, when their horse ran off the side of a bridge, near John Opel's, and turned over the buggy, dislocating one of Miss Parker's ankles, and bruising Mrs. K. considerably. A recent decision of the Supreme Court renders counties liable for damages which may occur, by reason of bridges being unsafe or out of repair.

Are We Christians?

Some years ago, when I tried to run for an office, some "smarties" put up a tale that I had visited another man's wife with a bottle of wine in my pocket, and so forth. Said "smarties" got that man drunk and made him believe said story. And he, in the hour of darkness shot through my door, the ball striking the wall a little above my wife's head. I am now running for office again with a strong belief to win the race. And lo, the "smarties" put up a similar tale of a visit to a young wife in her husband's absence. This time the visit was a fact, but the insinuations are a solid "made up" and empty bubble. Nevertheless they made the young husband believe them, and he struck me hard, (the first time I got a lick since my dear father quit.) Now comes the worst: I did not go to the Squire, because I knew the young man needs all he earns and has but lately been fined in similar scrapes. But does not that suspicion my guilt? No. I am a Christian, and Christ said: "If a man strike you on the right cheek, present him also the left. Do good to those that hate and persecute you. And pray for your prosecutors and slanderers." I take this opportunity to caution my friends and enemies both, now, when so many candidates, and to my knowledge all respectable gentlemen, are out, that nobody listen to base and slanderous reports, by which some men will only disgrace themselves, and as Daniel said in Susan's trial, "their lies will fall back on their own wicked heads."

I scolded Mr. Doane, because he had my name in larger type than the rest. It is now corrected. AUGUST MAYER.

PRINTING.—Mr. T. Withers has moved to Jasper, and is now prepared to take contracts for printing of all kinds. He feels confident he can give satisfaction, and only asks a fair trial. When not at work he may be found at his residence in the Bohner property.

EXTRA SPECIAL NOTICE.

TESTIMONY OF REV. P. B. WILLIS COVINGTON, KENTUCKY.

Smith's Tonic Syrup.

The Best and Safest Remedy for Chills and Fever, or Fever and Ague.

Covington, Ky., May 21.

There has not been for many years, in this country such a general complaint about chills and fever. This depressing disease is now prevailing in many portions of Kentucky and elsewhere, where the people have long suffered themselves that they were entirely exempt from its influence. To those who are thus afflicted, we wish to recommend Smith's Tonic Syrup, believing it to be the very best remedy extant. Every one who has heard of using it, pronounces upon it in the very highest terms. We have lately used it in our family with marked success. The ingredients are simple, and the tonic can be used freely without any detriment to the constitution whatever. If the directions, which always accompany every bottle, are carefully followed, it will in nine cases out of ten result in a permanent cure, whether the disease be of short or long standing. We take pleasure in recommending this medicine to the subjects of this disease everywhere, sincerely believing that the use of it will verify every word we say. P. B. WILLES.

Flower Pots, Drain Pipes,

—AND—

CHIMNEY TOPS!

HUNTINGBURGH, INDIANA.

HAVING established themselves as above, desire to call the attention of the public to a few facts, viz:

1. The clay we manufacture from is the best yet found in Indiana, consequently they are permanently located, and can, and do, furnish the best ware on the market.

2d. Their STONE PUMPS are sold at very reasonable rates, put up directly from the Factory in good order, with insurance of satisfaction, and if properly used will last a lifetime, but if carelessly used anything about them should get out of order, they are where they can be applied to, and will repair them expeditiously.

3d. They give a written guarantee on their PUMPS to work well and give satisfaction with proper usage.

4th. The Stone Pumps are the best, most convenient and most durable Pump in use, for farm or household purposes. They do not poison your water with rotten wood or rusty iron, making it unfit to use; they do not freeze in Winter, or crack or go to pieces in the heat of Summer, but after being put up by us in good and tasty style, are always ready to furnish you pure healthful water, upon demand. Then, put aside the worthless of the past age, attended with so much danger, and the wondrous old wooden pump, which in a very brief period outlives its usefulness, and file your water with worms, and get a Model Champion Stone Pump, and drink and give your stock healthful water.

5th. Our manufacture of drain pipe for cellars or wet places, is cheaper and far better than the usual drain made of two inch plank or brick, because it is permanent, with no chance for its getting out of order, or being choked up by rats or vermin burrowing in it, and can be put down by any one.

6th. The stone-ware will be supplied to merchants or others in any quantity desired, and at reasonable rates, and of a superior quality. Send in your orders and receive a home manufactory.
