SUDDEN DEATH.—GEORGE W. ECKERT, aged 14 years, 7 months, and 30 days, only son of Andrew and Caroline Eckert, died suddenly from an attack of cholera morbus and congestion of the stomach, on Wednesday, August 2d, 1899. George was as well as usual up to Saturday last, when he had a slight attack of congestion, but nothing serious it was thought. He was up and around again next day and the day following, but had another attack on Tuesday, and died at half past one o'clock on Wednesday. He was the fleshiest young boy in Jasper, and always full of fun. The funeral will occur at St. Joseph's church this morning at 8 o'clock, to which friends are invited. The bereaved parents have the sympathy of the entire community in their deep affliction, but they are not of those who sorrow without hope. They expect to meet him again where death does not come.

DEPAUW.—We are in receipt of the catalogue of DePauw University for the year just closed. It seems that DePauw has had a prosperous year. About \$30,000 was collected, pledged, or bequeathed to the University this last year, for endowment and sustaining funds, in addition to the regular income. The student enrollment was large, coming from many states of the Union, and some from foreign countries. The faculty will be increased. The DePauw estate will be settled soon, adding \$200,000 more to endowments. The University has really entered a brighter day. Catalogues will be sent on application to the Registrar, Greencastle, Ind.

GOING TO TELL CITY.—Prof. A. F. Gutzell, one of the best as well as most pleasant teachers in Dubois county, has contracted to teach grades 6 and 7 in the Tell City schools the coming term, and with his estimable wife will move there as soon as he can obtain a satisfactory residence. Their many friends in Jasper will regret the change of residence—but such are the vicissitudes surrounding the teacher's life in Dubois county, and the fact is not much of an inducement to young men to enter that occupation. The COURIER, with many other friends, wishes him success wherever his lines may be cast, and heartily commends him to the good people of Tell City.

Clotting at cost at Eckerts' New Store.

The 31st U. S. Volunteers, the one Indiana recruits were being assigned to at Ft. Thomas, Ky., received its full complement of 1310 enlisted men on Monday last, and now the officers are busy drilling them, so as to be ready at any time to go to the Philippines. Col. Pettit, of the regulars, will command them, and Webb C. Hayes, son of ex-President Hayes, who saw service in Cuba, is Lieut. Col. It is the first of the ten regiments called for to be filled, but the others are reaching the mark rapidly, and now the Indiana recruits, who volunteer for only two years, will be sent to one of the others, and those who enlist for three years will fill up the ranks of the regulars.

EXPLODED, OF COURSE.—A young daughter of Mr. Ed. Scherman, on Main street, attempted to start a fire Tuesday morning by pouring coal oil from a can upon it. She succeeded, and the blaze reached the can, exploding, it and burning her arms and face severely, and setting fire to her clothing. Her mother in extinguishing the fire was also burned, but not so badly. The girl will know better henceforth.

BIG FISHING.—Last Tuesday morning, during the early shower, some persons fishing near the Friedman & Co. saw mill, saw a large school of fine fish darting around on top of the water. Skiffs and dip nets were soon among them, and it did not take long to capture over 100 pounds of fine buffaloes, weighing from 1 pound to 6 or 7 pounds. The hard rains of the night preceding had caused muddy water to run into the river, and it is supposed the fish came to the surface to get clear water and fresh air.

A Mother Tells How She Saved Her Little Daughter's Life.
I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering.—Yours truly, Mrs. Geo. F. Beckwith, Liberty, R. I. For sale by B. B. Brannock, Druggist.

She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept all night; and with two bottles has been absolutely cured.
