THE PURE FOOD LAW.

Secretary Wilson says, "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always said that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by Jos. A. Mehlinger.

A tramp has beat all known records by swimming twenty-seven miles in thirty minutes. He did not mean it. He merely tried to steal a ride from St. Louis to Chicago on the rear of a locomotive tender. When the train started he fell over backward through the open manhole into the water tank. The noise of the train drowned his cries for help, and he was obliged to swim until the first stop was reached at Alton, when taken out he was nearly dead, but the engineer was so unfeeling as to call his attention to the fact that the water was only four feet deep, and he might have stood up. The conductor also unfeelingly asked him for his ticket, but the tramp said he had not come by rail but by water.—Youth's Companion.

For Township Trustee.

Mr Reinhard Fink on request of his old and new friends announces himself as a candidate for Bainbridge Township Trustee. He is a citizen of this township and has been for the last thirty-three years. He is a business man as well as a farmer. In the past he has been conducting business in various lines and has never failed. At present he is a farmer and Dairyman and well-known by the citizens of the township.

Mr Fink fulfilled the duties of the Trustee's Office for four years, namely from 1901-1905. He made a great number of improvements, building and remodeling several school houses and also a great number of bridges. He really was the Trustee that put the Township on a firm and good financial footing, not having a single outstanding debt of any kind whatever when his term expired. The editor can give evidence of this himself on account of previous publications in the COURIER during Mr Fink's official years. During the last two years of his administration the tax levy was set and the official records and reports examined and approved by Jacob Burger Jr. an expert member of the Advisory Board. If there was any error in regard to these, let him make it known to the public.

As there has been so much rumoring about Mr. Fink's salary below is a true copy as taken from the official record for the different years:

1901	\$235 75
1902	\$212 25
1903	\$238 75
1904	\$234 00

The above includes compensation for the discharge of all of his duties.

He is well qualified and experienced for the position he is seeking and if elected will no doubt make an efficient officer. The voters will certainly make a wise selection in selecting him for their Trustee Bainbridge Tp. Trustee drew for 1906, \$262 00 on \$28 more than in 1904.

If you haven't the time to exercise regularly, Doan's regulates will prevent constipation. They induce a mild, easy, healthful action of the bowels without griping. Ask your druggist for them. 25c.
