Carpenter, P. L. Coble and Geo. Seibold, which speeches were interspersed by the good music of the Star band and the good singing of the Glee club.

Marion Township Institute.

The teachers of Marion township met at Dubois School No. 1 October 31, to hold their first regular institute. The program for second institute was followed, that for first institute having been discussed at the preliminary.

All teachers excepting Miss Hashins were present and responded to roll call with quotations from masterpieces in literature, after which the proceedings and minutes of the preliminary Institute were read by the Secretary and unanimously voted and adopted.

The various subjects were conducted by all the members of the organization. The first one being "School and Its Life" topics considered in it were, discipline, ideals, manners, character, obedience, disorder, interest, freedom self-restraint, cooperation, and the normal child, the child with special aptitudes, the defective, the undeveloped, the dull and the bright. At the conclusion of this was taken up the "Recitation" and the selection of the "Barefoot Boy" for the assignment in Reading.

The afternoon work opened with a discussion of Young People's Reading Circle, showing its success, increase, and benefits. The Theory of English Government Chapter 15, 5, and 51 was next taken up, the importance and origin of the English cabinet was given, also reason for its formation. The fundamental principles of the Cabinet and duties of the various members were discussed. President Roosevelt's was then spoken of proving very inspiring to teachers and parents.

This concluding the program outlined for the day's work the teachers adjourned deciding that their next Institute would be held Nov. 21, at the same place.

THE COST OF A BOY.

And Lessons the Average American Youth Should Learn from it.

The following, taken from a Chicago paper, would be useful for many of our boys to memorize.

It does not take as much money to live in this country, or in a small town, as it does to live in the city. I read the other day that it cost \$5,000 to bring up a boy city and educate him and dress him well. I said to myself: "That is because everything in the city has to be bought and living is high." But I began to study, and I found out that even a country boy costs his parents a good deal.

When you count what a boy eats, and what he wears, and the school books he has to have, and the doctor bills that have to be paid when he gets the measles or the scarlet fever, he will cost his folks at least \$100 a year. I guess if a boy is pretty bad to smash things or to kick his shoes out, he costs more than that.

So when I am 21 and old enough to do for myself, I shall have cost my father more than \$2,000. Mother cooked my victuals, made my clothes and patched them, washed and ironed for me, took care of me when I was a little fellow and whenever I got sick, and she never charged anything for that. If she were dead and father had to hire all that done, it would cost him another \$100 a year or more, and that is \$2,000 worth of work in other will have done for me by the time I am a man. Four thousand dollars for a boy! What do you think of that?

These are hard times. When parents put \$4,000 in a boy, what have they a right to expect of him? It is fair for a boy to play truant at school? Is it fair for him to play ball, go in swimming, or hang around town all of the time when maybe his father's potatoes are not dug nor the wood brought in for his mother? Is it fair for him to disappoint them by swearing, drinking and smoking?

Some of our parents have put about all the property they had into us boys and girls. If we make spittoons and whiskey jugs of ourselves, they will be poor indeed. But if we make good citizens and substantial men, they will feel as if they were well repaid for bringing us up.

NO REASON FOR IT.

When Jasper Citizens Show the Certain Way Out.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of diabetes or any kidney ills when relief is so near at hand and the most positive proof given that they can be cured. Read what a Jasper citizen says:

William J. Lamper, living on Fourth Street, Jasper, Ind., says: "I suffered for a long time from a depressing backache. In the afternoon before finishing my day's work, this would become so intense that I would feel almost unable to stand it. It was accompanied by dizziness at times and an irregular action of the kidney secretions. This robbed me of energy and ambition. I tried several remedies, but my misery still clung to me and when reading of Doan's Kidney Pills, I was induced to procure them at Flick & Peat's drug store. I had not taken the contents of one box before I was better. Now I am quite from any lameness in my back or any kidney difficulty."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., New York, sole agents for the United States.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits, by all druggists in fifty-cent and one-dollar size bottles. You may

have a sample bottle Home of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
