FRIDAY, SEPTEMBER 1, 1911

Ella Wheeler Wilcox on Health.

If you were presented with a house and knew that you must occupy it during all your natural life, and that under no circumstances could you sell it or exchange it for another, would you not at once set about making that house as comfortable, sanitary and attractive as possible? If the house lacked every attribute of beauty, if it possessed no pleasing feature, you would nevertheless feel it your imperative duty to overcome the discouraging conditions, by continual effort and careful planning. If the house had been substantial and comfortable and lovely, but by wrong usage, or by sudden disaster had lost its worth and beauty, yet would you make it the business of your life to restore it.

Your body is a house which has been presented to you, and your mind and spirit must occupy it until the day of departure for other planes of existence. However dissatisfied you may be with that body-house, it is the only one you can inhabit here on earth.

Therefore common sense reasoning makes it your imperative duty to set that house in order and to render it as comfortable and attractive as possible. You may say that it is an ugly building and that no amount of labor can render it beautiful. But such a statement can be disproved by a little observation. From Physical Culture for September.

Teachers Institute.

Next Monday at 9:45 a. m. the 47th annual teachers' institute will convene at the Teachers' institute. Teachers must attend all sessions or get no credit. In some counties teachers can not teach unless they attend.

Wednesday will be trustees' day; Assistant State Supt. Burmell will be present that day.

Board and room for the session may be secured for \$2.75.

Class A and Class B teachers are requested to bring their certificates from Normal Schools. Without these, teachers can not legally be employed.

We have received a copy of the Program of the I. O. O. F. Meeting and Parade at Indianapolis Sept. 20. H. M. Kean and his wife Lula B. Kean P. R. A. are members of the General Committee. They expect to have 25,000 members in the Parade. 50 are expected from Dubois County and Hugh Dillin and Chas. Gleason are to be the red sashed Marshals for this county. The Hon. Harry Carpenter is to be one of the Grand Marshals. When he goes past the Monument with a big Purple sash and mounted on a fine bay charger, you can expect the soldier to fall off his perch. The Grand lodge is expecting to have the largest attendance in its history. They are looking for you.

Mr. Lee is trying to harmonize Indiana for Mr. Beveridge. Mr. Lockwood is tooting a harmony tune for Mr. Hanly. Quite a number of gentlemen are playing the harmonicon for Watson, Hemenway, Goodrich, and other standpatters. The cry all around, from "black spirited and white," from "blue spirited and gray," is "mingle, mingle, mingle, you that mingle may." The rush to mingle is so great you can hear the rustle across the state; and the anxious man on harmony bent, has jumped the car and to Washington "went," to tell him with the eye on the second term, that Indiana is plumb full of the harmony germ. —The Martinsville Democrat.

Daniel knelt upon his knees three times a day and prayed. Many of his admirers today do not even kneel during the Sunday prayers at church.

A county superintendent asked the teachers attending an institute if they took the local paper. Six out of about one hundred responded in the affirmative. The superintendent gave them a lecture, saying: "You expect them to print free of charge, notices of institutes, insert long programs of same, and a full report of what you do and say on such occasions and thus advertise you and your abilities in your chosen profession, assisting you to climb the ladder to a higher position and better salaries without a cent's patronage in return. Were I an editor I would throw in the waste basket any communication sent me by a society, the members of which are too stingy to take a paper, or if I inserted it, I would demand full advertising rates for every line published."

The Girls as They Were.

Backward, turn backward, O, Time, in your flight and give us a maiden dressed proper and right. We are so weary of switches and rats. Bille Burke clusters and peach-bucket hats. Wads of jute hair in a horrible pile, stacked on their heads to the height of a mile. Something is wrong with the maidens, we fear. Give us the girls as they used to appear. Give us the girls we once knew of yore, whose curls didn't come from a hair-dressing store. Maidens who dressed with a sensible view. And just as Dame Nature intended them to. Give us a girl with a figure her own and fashioned divinely by nature alone. Feminine style's getting fiercer each year—oh, give us the girls as they used to appear. —Sterling (Kas.) Journal.

A City of White Tents.

The sight of witnessing the unloading of a modern railroad tented show is a most interesting scene and one never to be forgotten. The coming here of the renowned Sun Brothers' Great Shows and Colossal Trained Animal Exposition next Thursday Sept. 7th will be awaited with much interest. This excellent and mammoth show will arrive over the Southern railroad at an early hour. It will possibly reach here about 5 o'clock. It is an easy run to make, as the distance is only 30 miles. The show owns its own special train of magnificent sixty-foot cars, including stable cars, flats, baggage and animal cars and Pullman sleeping coaches, all of these being elegantly furnished and equipped with the very newest appliances, all makes, and all of the latest edicts of the M. C. B. The train is certainly a beautiful sight, and is worth your time to be at the depot yards when the show train strikes town.

It goes without saying, that all young America of town and a few of their elders will be there in force to greet the showmen and the expectant elephant.

After the cars are "spotted," the first thing that will come off the train will be the huge iron skids, these are inclined for the wagons to run from the train.

The first wagon to come down will be the cook house, or commissary wagon, which will at once be rushed to the show grounds at Second and Mill streets. Then in rapid succession will come the canvas, stake and chain, big poles, seats, illuminating, property and animal vehicles. The last thing to leave the cars will be the elephants, camels, dromedaries and sacred cattle, these all being led to the show grounds. The horses, mules and ponies carried by the show are all first-class lookers, and are recognized by all the leading showmen of the United States as among the best in the show business. The Sun Brothers have an established reputation of carrying the finest horses in the show profession. The horses and all of the stock can be seen free of charge by the public in the commodious stable tents erected on the show grounds, and it is a veritable free horse fair. The Sun Brothers' Shows will give two complete and uncut performances at 2 and 8 o'clock p. m. The show is replete with all new star acts, this season and includes a category of European and American celebrities. The wild beast and zoologic department is greatly augmented this year and is worth seeing and an all-embracing object lesson.

The word of God is a lamp only to him who wants light.

In going through life take and give—take time to give your best.

Let men practice as they preach, and Satan will stay out of reach.

Results That Remain

Are Appreciated by Jasper People.

Thousands who suffer from backache and kidney complaint have tried one remedy after another, finding only temporary benefit. This is discouraging, but there is one special kidney medicine that cures permanently and there is plenty of proof right here in Jasper.

Here is the testimony of one who used Doan's Kidney Pills years ago, and now states that the cure was lasting.

Mrs. E. Parker, Smoky Row, Jasper, Ind., says: "My little boy was afflicted with a kidney weakness and his trouble caused me no end of annoyance. Doan's Kidney Pills, procured at Flick and Pfau's Drug Store, effected a cure and had no bad after effects. I heartily recommend this remedy and advise its use in similar cases." (Statement given April 24, 1907.)

A Permanent Cure.

On March 24, 1910, Mrs. Parker said: "The cure effected by Doan's Kidney Pills in my son's case has been permanent. During the past three years he has enjoyed the best of health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Dairy School at Indiana State Fair

A Show of Dairy Cattle at State Fair.

One of the great schools for dairy workers is held at the Indiana State Fair every fall, this year the week of Sept. 4. It is continued through the week and in that week, and into every day, is crowded a great volume of practical information which men and women from the farm may acquire without cost, and apply it to their own dairies to the end of making them greater money producers.

The Dairy building at the Indiana Fair is in the charge of the experts of Purdue University. Exhibits of butter and cheese from Indiana farms and creameries, extensive displays of the newest dairy machinery, practical demonstrations in milk-testing, separating milk, ripening cream, butter making, will be given each day. Lectures by well known authorities on herd improvement, care and feed of the dairy cow, farm butter making, and other important dairy topics will be given. Charts, weed seeds exhibit, and other displays will help in making the State Fair Dairy School of utmost importance and of lasting value to all men and women who would have success in this profitable line of farm work.

In the cattle shows will be seen hundreds of high grade dairy animals of all kinds. They will be an inspiration to the farmer who would improve his herd, and he will find the State Fair the best market if he seeks to buy a dairy animal of the highest quality.
