CROWN POINT NEWS

Competing Bus Line.

It is said that Mr. Hayden, who purchased the Barker ferry business, will start a bus line to the different stations in the future, and will lower the fare to ten cents, the old price asked before the Williams firm took control. Present indications are that there is liable to be a rate war between the two concerns to get control of the business, which has considerably improved since Crown Point became the Gretna Green for the marrying couples who visit the county seat to obtain licenses.

Will Be Boon to Widows.

The pension increase, which goes into effect May 4 of this year, will affect and be a boon to quite a number of widows here. Pension Commissioner Warner of Washington, D. C., has instructed the pension agencies throughout the country to put the law into effect at once without the usual formalities and red tape, and the first payment of the increase from eight to twelve dollars will be made May 4 without further application from widows who are now on the pension rolls.

Of course, those not already entered on the pension lists will have to make the same formal application as is usually done but they will be entitled to the increase from the first payment.

Will Withdraw Divorce Suit.

GARY NEWS

Waters Are Receding.

The water in the south side which has completely submerged a large portion of the vacant lots and surrounded many buildings in the locality, has now been drained off to such an extent that the difficulty is greatly reduced. Contrary to expectations there has not as yet been found any dead body of man or animal who were drowned in the torrents of water which poured in upon the low districts of the city a month ago. The cofferdam which was recently constructed, is doing splendid work and in a short time it is thought that the territory will become entirely dry. As a consequence, business has greatly increased in the locality and the real estate firms are looking for renewed activity in the sale of the property.

Forty-One Lots Are Sold.

Another large real estate deal has been reported by Henry King and company in the sale of forty-one lots in the Red Oak addition to Oliver Holmes. The lots were purchased by the city clerk for speculation and the consideration will not be made known. The deal was closed up yesterday afternoon.

Track Depression Considered.

At a session between officials of the Pennsylvania and the board of trustees in regard to the crossing of the road, nothing was accomplished in the matter. Mayor Knotts and Trustees Sears and Caldwell merely discussed the matter. The officials suggested a plan whereby the road was to cross Broadway at an elevation of seven feet while the street itself would have a depression to the remaining necessary depth. The expense of the work, they stated, should be borne equally by the city and railroad. A meeting sometime in the near future will be held to attempt to settle the matter definitely.

WILL BE LET SOON.

Father Jensen of the Gary Catholic church announces that the contract for the construction of the Catholic school and parish is to be let in the near future and that those who desire to make bids on the construction may see the plans at Mercy hospital in Gary.

Robert Law, who recently resigned from the police force, plans to accept a position as conductor on the Gary and Interurban. He states that the company expects to have cars running along Broadway in not more than three weeks and he hopes to be the first car conductor in the city.

The city this afternoon was flooded with a large number of contractors from all sections of the country. They are here to bid for the construction of the school house, which will be opened this evening. There are at least fifteen different concerns represented in the city. Some of them are doubtful. It is said, if the contract will be let at all because of the fact that the estimates will be so much in excess of that prepared by the board of education.

E. A. Moore, representing the hydraulic pressed brick company, came to Gary yesterday on business. Mr. Morse is the Indiana-Michigan representative of the big brick concern.

The tennis club of Gary will meet this evening to complete arrangements for the organization and construction of the courts. The membership has been limited to twenty-five, but in case sufficient land can be secured to construct more courts, more members will be admitted. The location has not yet been determined upon but they have a deal on by which they expect soon to secure their ground.

BURNHAM.

Hot Time in Burnham.

Hammond and other surrounding cities, towns and villages are having their elections and hot campaigns but it is doubtful if there ever was a hotter one than is now being fought in the little village of Burnham, between the "people's party," headed by Johnnie Patton and the "citizens' party," headed by Geo. H. Mills.

John Patton is out on a platform that he claims stands for honest government and the rights of the people. This government of taxation without representation ought to be wiped out. John Patton's advice to the voters of Burnham is to vote the straight people's ticket to save themselves. The citizens' party having no objection against John Patton with the exception of his youth.

The Ladies' Aid society of the Methodist Episcopal church met yesterday afternoon in the church parlors.

The St. Columba church choir will hold a rehearsal at the home of Mrs. Carlin on Erie avenue this evening.

The work of setting in shade trees throughout the town has already begun. There are in all about one thousand silver maples. This is indeed very opportune as in a short time there will be enough silver to foot all lawyer's fees, etc., which have been very foolishly run of late and the payment about which there has been a great deal of unnecessary dispute.
