Big Day Coming For Orthodox Jews of Lake Co.
Sept. 13th.

RABBI KROOS WILL OFFICIATE

New House of Worship Donated By
Sam Cohen Will Accommodate
Seventy-five Families.

(Special to THE TIMES.)
East Chicago, Ind., Sept. 2.—Jewish churchmen are preparing for a huge religious festival on Sunday, Sept. 13, when they will dedicate the first general synagogue in Lake county. The building is at 4743 Magoun avenue and is designed to accommodate from fifty to seventy-five families.

Rabbi Kroos Will Officiate.
The services will be under the direction of Rabbi Kroos, of Chicago Heights, who is to have charge of the new synagogue. He will be assisted by orthodox rabbis from Chicago, South Chicago and Hammond, who will perform the entire dedicatory ritual.

Donated By Sam Cohen.
The synagogue is donated by Sam Cohen, its president. Mr. Cohen has always been actively identified in movements for the locating of a synagogue in this locality and built the edifice in accordance with plans submitted by the members. The synagogue will belong to the orthodox faith.

Has Represented Membership.
The membership of the church includes most of the prominent orthodox Jewish families in Hammond, Whiting and East Chicago and will doubtless increase when the house of worship is formally opened. The members of the trustee's board are: Sam Cohen, president; Isaac Spector, vice president; Julius Friedman, secretary.

DIES SEEKING HEALTH

Word Received in South
Chicago About Death
of John Russell.

Word was received in a telegram last night from Haswell, Colo., signed by Mrs. John Russell, that her husband had died Tuesday.
The deceased is well known in South Chicago and for years conducted a buffet at the corner of Ninety-first street and Commercial avenue. Last February Mr. and Mrs. Russell disposed of their interests in South Chicago and the latter purchased a large tract of land upon which they located.

Mr. Russell had been ailing for some time with a complication of diseases and it was the object in view that he would regain his health by going to the higher altitude.

Is Reported Better.
Shortly after their arrival in the western country reports were received that his health was better and his many friends and acquaintances seemed to have hopes that he would ultimately recover and eventually return to his old home in South Chicago.

Mr. Russell was about 55 years old and was one of South Chicago's pioneer business men. He was known for his philanthropic acts and his large contributions to charitable and other institutions.

At was first reported his remains will not be brought to his former home, but will be buried near Haswell, Colo.
Having no children he is survived by only his wife, including a number of relatives and a large circle of friends.

Marriage Age is Increased.

It is generally admitted that the marriageable age of women has advanced considerably of recent years. Many a bride has long felt girlishhood behind her before she exchanges her vows at the altar, and there seem to be few young men nowadays who care to assume the responsibilities of married life until they are in the financial position usually associated with middle age.

Time Hard to Kill.
"Time," observes the Philosopher of Folly, "has more lives than a cat. I've killed it more than a million times myself, and eternity doesn't seem a bit closer."

Class Honors.

The girl graduate who carries off the honors of her class deserves all the good things that can be said of her, and can afford to laugh at the bad jokes that are made at her expense. She has worked hard and studied hard, and the honors that have come to her are well worth the winning—Baltimore American.

Recruiting by Women.

A new and profitable vocation for women is suggested by the statement of Col. Walsh, in command of St. George's barracks recruiting station, that females are eligible as recruiting agents for the army.—London Woman.

The Untidiness of Suicide.
I always dress elaborately when I'm contemplating suicide; then by the time the last curl is in its place it seems a pity to do anything untidy.—Anna McClure Sholl, "The Greater Love."

CASE OF BRYAN KING DISMISSED IN COURT

Was Charged With Being
Intoxicated and Fright-
ened Little Girl.

WAS ON THE JOB ALL DAY

Employed by South Chicago City Rail-
way Co., But Did Not Leave His
Work On Day in Question.

The charge of slander while intoxicated, against Bryan King, 67 years old, living at 6507 Jackson avenue, was dismissed yesterday in Judge Torrisson's court, as insufficient evidence was produced which would warrant the court in holding the man on such a serious charge.

Mrs. Bredas, Ninety-fifth street and Ewing avenue, East Side, the mother of the child who is but 9 years old, testified in court that King last Wednesday, Aug. 26, had walked into her yard and had accosted her daughter. The child, who has lately come from the city, became frightened when King took hold of her arm and ran around the house and told her mother. King is said to have followed the girl around the house when he saw her mother, who chased him out of the yard with a broom. She then went to the police station and swore out a warrant for King's arrest.

King was employed by the South Chicago City Railway company, who were building their tracks on Ninety-fifth street and Ewing avenue. Officers of the street car company and employees testified that King had been working with a shoveling gang and had not left his work during that afternoon. King on the stand also positively denied that he had ever entered Mrs. Bredas' yard that day. She was the only one who said King was the man who had accosted her daughter. The others said they were not sure.

Both the officer and King's attorney, J. J. Poulton, testified to the character of defendant and each of them said it was above reproach.

STAG FOR THE 'BIG SIX'

The fall season of stag parties was ushered in Monday evening by the "Big Six" of the East Side, the "shindy" occurring at the Gallistel home, 10303 Avenue M.

Oriental dances were a feature of the evening and while the costumes were not the costliest to be found on the market, yet they served the purpose equally as well. Music, both vocal and instrumental, was in abundance and far into the night the neighborhood in that vicinity was treated with some rare selections on the mandolin and guitar.

After the indoor performances had become monotonous, the entire party proceeded to the lake front and there a "lap supper" was served in which chicken chowder was in abundance, and also the preceding—White Seal was served as a side issue, including good three-for-a-quarter cigars.

The future motto of the organization will be, "When the cats are away the mice will play."

The following are those who composed the party: Fred A. Ruskowsky, A. G. Gallistel, J. P. Gallistel, James Mackay, Frank Hermbolter and Matt Engert.

Articles of Incorporation.

Articles of incorporation have been filed at the office of secretary of state for the following companies:

Kokomo Automobile club, Kokomo, to create interest in public highways of Howard county; directors Albert V. Conrad, George L. Davis, Henry C. Davis, John A. Kautz and Steven Tudor.

Washington Township Horthshier Detective association; Nora; trustees, P. F. Johnson, W. F. McShane and Thomas Jackson.

American Cafe company, Indianapolis; capital \$5,000; to operate restaurants in manner known as "dairy lunch" plan; directors, William D. Prazee, O. L. Ross, W. F. Hitt, G. A. Jackson and O. F. Scrimsher. This concern is now operating a restaurant in East Washington street.

NEW TERRITORY TO BE ANNEXED

Gary Board Will Hold Special
Meeting For Important
Business on Saturday.

TO BRING CLUB UP TO TIME

City Will Then Condemn Land Owned
By Chicagoans For Purpose of
Widening Broadway.

At a special meeting of the town board to be held Saturday afternoon at 2 o'clock, the city fathers will annex the territory to the city of Gary, lying south of the Calumet river which had at the present time been cut up into sub-divisions and placed on the market by enterprising real estate dealers of this city. This action will not be taken for the purpose of increasing the territory of the city, because the city needs it, but it will be for the purpose of bringing the antagonistic Tolleston Gun club time by placing it in the jurisdiction of the city.

City to Condemn Land.

When this is done, it will then be possible for the city to condemn the necessary land, now owned by the club for the purpose of widening Broadway at the approach to the bridge, and later putting in the new bridge for which the county commissioners have already appropriated the sum of \$37,500 and which they have been unable to use because of the low grade of the approach to the bridge. As Mayor Knott says: "They took the horse by the tail" when they appropriated the great sum of money for the bridge which is impractical unless the approaches are raised above high water.

Mayor Knott says now that they will shortly have a way in which to bring the Tolleston Gun club's land under their control, that they must be the money with which to raise the grade of South Broadway. This, however, could not be done this year even if the money was on hand ready to begin the work. Another high water period will have to be passed through with when the city is cut off from communication from the south end of the county, before the bridge and the approach can be built.

There is nothing like a sense of humor to keep one in good health, says a medical contemporary, but I would be well had we been told at the same time how this excellent gift is to be acquired.
