A Phenomenal Suit Sale

250 Men's Pure Worsted Suits at \$7.98

This is the greatest purchase and sale of Suits that the men of Hammond ever had an opportunity to attend; it was a case of paying spot cash to relieve one overstocked manufacturer, and the price that we paid for these Suits we know positively did not pay for the cloth in them; the extra saving that we made on the purchase goes all to you, in other words here is a \$15 Suit that we will sell you as long as the lot of 250 lasts at \$7.98. You save nearly one-half. To give you an illustration of what you may expect to find, we wish to state that all of these Suits were made up for this Fall season, the style and cut therefore is the very latest; the patterns the very newest, plenty of new brown and olive shades that are so much in demand and usually very scarce; the sizes are regular from 35 to 42.

It is not our habit to urge our customers to buy any particular thing, but in this case where the saving is so large and the bargain is so great we feel that we owe it to all our friends and the public at large to call particular attention to this sale, and urge them emphatically to take advantage of this opportunity to secure a good Suit at a low price.
