## CROWN POINT NEWS

### Special Train Coming.

A special train of coaches leaving Crown Point at 6 o'clock on the Erie for Hammond next Saturday night will take at least 200 republicans to hear Watson there tomorrow night. The committee in charge have worked faithfully to get a good delegation to attend from Crown Point and from the present estimate and indications over 200 will make the trip.

### Assessments Are Made.

The assessments have been made on the concrete curb on North Main street in front of the Holton and Chapman property. One Crown Point citizen has figured out that the improvements on the triangular strip of ground owned by the Chapman estate will figure in the neighborhood of \$1,000, and the fact makes that small piece of ground an expensive piece of property to the owner.

### Housekeepers Spread

The Housekeepers, one of Crown Point's popular society clubs met for their first regular meeting for the coming season at the home of Mrs. Herbert Barr on Goldsborough street, yesterday afternoon. Nearly all of Crown Point's social clubs will be in full swing by next week and a busy social season is expected.

It is said that the Crown Point Brewing people were very fortunate in getting their bids for the new sewer and that a remarkably low price was quoted for the work. In some places a depth of nearly 16 feet has to be dug to get the proper fall and many predict that the contractor will lose money in the venture.

An epidemic of moving has struck Crown Point and the surrounding area. Families are moving to different quarters. Probably the coming election and the law regarding the length of time to reside in a precinct has something to do with the unusual activity in that line.

It is rumored that Cal Moon, the East Chicago contractor, well known here, and Miss Rose Wachter, sister of Mrs. George V. Sherman, will be married the first part of next week. Further particulars could not be learned but their friends extend congratulations.

The cause of Krug vs. Krug in the Circuit court went to the jury last evening, after the afternoon being devoted to the arguments. Beginning on Monday the court will try the case of the State vs. John Milligan, indicted for murder, which gives promise of lasting during the remainder of the term.

Erhart Bixenman is building a new addition to his cottage on Goldsborough street now occupied by his son. Mr. Bixenman intends to make numerous other improvements on the property before he cries quit.

The Northrup house on Main street is receiving the attention of the McWayne gang of carpenters this week.

George V. Sherman is reported as being confined to his bed with typhoid fever, and is under the constant care of a doctor. It is said, however, that the attack is only of a mild form and no serious consequences are looked for.

The first game of football with outsiders will be played tomorrow at the

### A Square Deal

Is assured you when you buy Dr. Pierce's family medicine—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from nature's laboratory, being selected from the most reliable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia, and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its nicotinic stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchitis, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most reliable remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membrane. The "Golden Medical Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected or badly treated, lead up to consumption, it is the best medicine that can be taken.

Many a Hammond Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Hammond readers.

E. S. Stevens, of 153 Morton court, Hammond, Ind., says:

"I suffered terribly from pain in the back and distended kidneys. In the morning I would be stiff and lame that I could hardly crawl out of bed, and to lace my shoes was almost an impossibility. I did not rest well at night for two causes. First, on account of the frequent action of the kidneys; second, because of the pain in my back and joints. I was in this condition when Doan's Kidney Pills were brought to my attention, and concluding to try them I procured a box. The benefit I received from the use of this box was more than I have obtained from all the other remedies put together. All the disagreeable symptoms were considerably lessened, and after using the contents of five boxes, disappeared entirely. I am now in good health, have a strong back and am able to stoop or lie without any inconvenience. My kidneys are also in a healthy condition. The secretions being normal and regular and free from sediment. I am grateful to Doan's Kidney Pills and highly recommend them."
