## Day's Grist in South Chicago

### SO. CHICAGO HIGH SCHOOL NOTES

The members of the junior class are preparing to give a dance at Bessemer park. This affair will probably take place Friday evening, Oct. 23. The high school orchestra will play for the first time this season.

Many members of the sorority who have been wearing their society pins were sent home Monday morning. Principal Parker telling them that he hated to deprive them of a high school education, but that the rules of the board had to be enforced.

Very little practice was had by the football team Monday afternoon. Almost half of the members are so badly injured that they could not don their meekskins. Sunday afternoon the regulars will line up against the scrubs for the first scrimmage of the year.

Miss Radcliff of Mexico was a visitor at the high school Monday and entertained the students by telling them stories about Mexico.

There are some pupils so slow to learn that even now they don't know that we have a football team.

Wednesday is report card day. No wonder the students have been so good the last few days.

The photographs of the football team are being rapidly sold. George Adams and Sam Stein have charge of them.

An order has been placed by the athletic association for fifteen jerseys for the football team. Are we happy? Well I guess, yes.

The botany students are complaining about the amount of work they have to do, laboratory work, text book

work and field studies take up all their time.

The rule of no loafing in the halls is being strictly enforced.

The management of the basketball team is busy these days arranging games for the season. They have already scheduled McKinley high school for Thanksgiving night, the game to be played at Bessemer park. The two schools are on such friendly terms that it is more than likely that this game will become an annual affair.

We have two days of singing now where formerly we had only one. The classes are smaller, but more attention can be paid to individual pupils with the result that many good singers have been discovered. Such good material has been found that a boys' glee club is being considered.

The Routers' club has elected officers for the ensuing year. New yell is being practiced and will be used in the basketball game at Austin on Oct. 17. Ied, won't some one wake up.

The sophomores have not yet organized.

Class spreads will soon be in order. Not yet, but soon.

South Chicago will probably enter a swimming team in the Cook county high school league this winter. We have no tank, but will travel to other schools. Many of the boys who take advantage of Manhattan beach during the summer months have become proficient in the art of swimming and from these a good team can be picked.

Theo. Schullin will not be able to attend school for several days on account of a severe cold.

The money for the association tickets is coming in fast now and it will not be very long before they will all be paid for.

## HERE AND THERE.

Parkside is to have six new 2-story flat buildings constructed at Seventy-third street and Adams avenue. They will be 22x56 feet and to cost \$20,000. A. G. Mackie is behind the movement.

The diptheria epidemic in the Stony Island Park territory has almost been stamped out and has given cause for much joy among the residents. There has been an increased attendance in the neighborhood school the past few days and according to reports there is no further need for alarm.

"Yom Kippur," the day of atonement was observed strictly yesterday in South Chicago, among both orthodox and reformed Jews. This is the tenth day after the beginning of the Jewish New Year and the Jews believe their sins are weighed and a reckoning made. All of the Jewish faith observe the religious requirement by which they atone their sins.

The majority of the Jewish stores in South Chicago were closed all day yesterday until 6 o'clock last night. The teachers of the public schools were given the day without decrease from their salary or marks against their efficiency records.

In the orthodox synagogues services began at sundown Sunday evening and continued until sunset last night. Adults attended in their shrouds and prostrated themselves on the floor. Neither food nor water was partaken of in the twenty-four hours.

The reformed Jews observe the Day of Atonement more closely than any other holy day. Their method of worship differed but little from the orthodox.

Stony Island park's dewhiskered goat rescued from the fire Sunday night has created a great deal of humorous comment in that district. While many believe the animal will again grow a new coat of hair others think that it will remain in that state the balance of its days, and providing the latter it may be taken to one of the down town museums by its owner, Mr. Johnson.

## Gus Leads the Losers.

The Woodlawn came to South Chicago last night and gave an idea of what they expect to do in the bowling league during the coming winter months, at the Gus Steele alleys. The winners secured the honor of rolling the first four figure average of the season, scoring 1,012 against the Al Mohrs. Gus Steele led the losers. Following is the score:

Al. Mohrs.	1	2	3

# EAST CHICAGO AND INDIANA HARBOR

## EAST CHICAGO.

### Reception Is Held.

The annual reception of the M. E. ladies' social union for the teachers of the East Chicago schools was held in the church parlors last evening with about 125 in attendance. The new teachers seemed especially grateful that the difficulties of assuming new work should be lightened in this manner, and almost three hours of the evening were spent in an exchange of conversation in accordance with a pre-arranged schedule of subjects. An interesting program was rendered by members of the church, and is appended:

Solo.....Miss Townsend  
Address of Welcome.....Rev. J. H. Palmer  
Response.....Principal A. C. Clark  
Solo.....Miss Stone  
Solo.....Miss Pearl Foraker

The last number was exceptionally fine and exemplified the highest type of East Chicago's talented pianists' playing.

Miss Foraker had excellent command of her instrument and the rippling notes seemed to fall from the tips of her fingers like the notes of solid silver bells. From the tiniest notes to the heavy, swelling crescendos she possessed excellent technique and displayed the powers of her training at the Balatka musical college.

Several numbers by the orchestra of Professor Lloyd assisted in making the evening pleasant. This orchestra is destined to become one of the prominent musical organizations of the city and is composed of Prof. R. Lloyd, first violin and director; Mr. Bickell, first violin; F. Lloyd, cornetist, and Miss Mansell, pianist.

Misses Florence and Mildred Stewart of Whiting were East Chicago visitors last evening.

Miss Edith Thompson of Robertsdale has entered the Field school, following the removal of her parents to this city.

Miss Ada Dixon of Superintendent Canine's office, substituted as instructor in the first grade of the Harrison building yesterday, during the absence of Miss Edna Cox.

Miss Edna Dixon has accepted a position as operator on the local telephone exchange, during the illness of Chief Operator Miss Rabe. Miss Janet McNabb is handling the chief operator's desk during the absence of Miss Rabe.

The 9 and 10-inch mills of the Republic steel mill were reopened this morning after lying idle for three days. The mills are operating about every alternate day.

IF YOU ARE SICK AND DISCOURAGED, AND HAVE ABOUT GIVEN UP ALL HOPE OF EVER BEING WELL AGAIN, CALL IN AND TELL ME ABOUT IT. I HAVE CURED MANY SUCH.

Below I mention a few of the more common ailments which I treat, not having room for all. If you have any disease or ailment that your physician cannot cure, come and tell me about it. If I cannot cure you I will tell you so promptly and charge nothing for the advice.

STOMACH TROUBLES.—If you feel depressed after meals, with a bloated condition of the stomach and bowels, with belching gas, I can give you prompt relief and a thorough cure.

DISEASES OF MEN.—You are to be the fathers of the coming generations. LIKE BEGETS LIKE. Don't be guilty of handing down to your offspring diseases or weakness brought on by your own viciousness or ignorance. If you have already made those mistakes come to me. I know how to advise and cure you.

DISEASES OF WOMEN.—WOMEN AND GIRLS.—Suffering with ill health, you are at a great disadvantage. You cannot become the ideal companion, sweetheart, wife or mother without health. If you want to become healthy and happy come to me. I know how to advise and cure you.

TIRED FEELING.—I find so many people who complain of being tired from every little exertion, or they are more tired in the morning than after a day's work. Many of those do not sleep well, but are continually being disturbed by dreams. I can always help those cases promptly and cure them in a short time.

NERVOUS DISEASES.—I treat the various phases of nervous diseases in their early stages. If you are troubled with Loss of Memory, Despondency, Weakness, Nervousness, Nervous Debility, Aversion to Society, Insane Feeling, Suicide Tendency, or any other disease of the brain and nervous system, call and I will tell you what can be done for you.

MODESTY.—Many times people suffer untold agony from ailments of which through modesty they dare not speak to their physician. I will say to all such, if you have a disease or ailment that you do not want others to know about, call in and tell me about it. You can depend on getting the best possible advice and treatment, and everything will be strictly confidential.

BLOOD AND SKIN DISEASES treated with remarkable results. ... EPILEPTIC FITS—I have cured many cases.

CATARH—I treat Catarrh in the most rational way by correcting the blood.

CONSTIPATION AND PILES treated and cured.

KIDNEY DISEASES—if you have any difficulty with your Kidneys or Bladder call and get my opinion.

RHEUMATISM—I treat Rheumatism very successfully.

PURE MEDICINES—I furnish all medicines so that I may know them to be pure and just what I want my patients to have.

OFFICE HOURS—
