

HERE AND THERE IN THE CALUMET REGION

Day's Grist in South Chicago

SOUTH CHICAGO MAN GOES TO NEW MEXICO.

William Suvoroff Goes to Albuquerque For His Health.

William Suvoroff, 3159 Cornell avenue, with his wife and two children will leave this evening over the Santa Fe for Albuquerque, N. M., where they will permanently reside, or at least until Mrs. Suvoroff, who is suffering with tuberculosis, recovers. The family physician advised a few days ago that the entire upper lobes of both lungs were affected to such an extent that only a change of climate would bring relief and as to permanent cure was only problematical.

This unexpected departure of Mr. Suvoroff is regretted not only by his large following of friends in South Chicago, but the firm with which he was identified as advertising manager, will keenly feel his absence.

During his four years in South Chicago he was for a long time with S. Lederer & Co., South Chicago's big store, and later with E. A. Lange, another large department store, and in other capacity acted as advertising manager. Mr. Suvoroff was in important factor in the Stony Island Park improvement association and that section of the Calumet district will lose one of its most progressive citizens.

Dies From Injuries.

Thomas Murray, 4 years old, died at the home of his parents, 6759 Morgan street, today from an injury received when he was struck on the head by a board falling from a building under course of construction near which he was playing. The child ran to his home when hit and told his mother of the accident. His scalp had not been cut, and Mrs. Murray rubbed his head with liniment and put him to bed. The little fellow grew worse in the night and when a physician was called at

1 a. m. he was too late to be of assistance.

Death of Mrs. Brennan.

Mrs. Ed. Brennan of 6224 Evans avenue, mother of John J. Brennan of Roby and Ed Brennan of Englewood, died last night at her home at 10:30. The deceased had been an invalid for more than fifteen years, but despite this she lived to be 74 years old. The remains will be shipped to Urbana, O., tomorrow where they will be buried next Saturday.

Seems Too Good To Be True.

At a meeting of the committee on streets and alleys south, yesterday that body turned over to the south park commission Bond avenue, from Eighty-first court to Seventy-first street and the latter street from Bond avenue to Jackson park for boulevard purposes. This piece of news seems too good to be true. It has come about, however, through the persistent efforts of the Windsor Park residents, who have petitioned time and again for the boulevarding of Bond avenue and now that it seems assured the citizens are waiting patiently for its realization.

Weekly Dancing Sessions.

Beginning with next Wednesday evening, Professor Kraus will give weekly dancing sessions at the Calumet theater hall. Professor Kraus has made all arrangements for the coming fall and winter events, and he predicts that this will be one of the most strenuous seasons in the Calumet district.

Goes to Rosebud, S. D.

W. H. Reeves, the Stony Island Park real estate dealer, has left for Rosebud, S. D., to attend the opening of the government lands which will occur this week. Mr. Reeves has already registered and is living in hopes with others from the Calumet district that he will be successful in getting a section of land.

SOUTH CHICAGO HIGH SCHOOL NOTES.

A great many pupils, mostly boys, were absent from school yesterday. We wonder if the last game between the Sox and Tigers had anything to do with it.

It looks as if Mr. Lenton and Mr. Whitney had a talk about changing the rules in their classes. Both told the pupils today that when a period is missed it had to be made up before credit will be given for the work done during that period.

The girls glee club had a business meeting at 12:25 p. m. yesterday.

The juniors had a meeting in Miss Darling's room yesterday at the close of school. Theodore Schmullen, the president, presided. Nothing could be learned about what was done, but it will probably be known today.

The physiography class will go out for their annual outing tomorrow for study and pleasure both, but mostly for pleasure.

The teachers were not severe in their marking the first month, and as a result the pupils are now relieved of their anxiety.

Most of the surprises were for the pupils in the English and American history classes.

Frank Ramsey and Harry Gerber, who received their diplomas last year, visited the school today. They noticed a few changes in the school.

The new school is beginning to become a reality. It will not now be very long before it will be ready for occupancy.

ARE YOU STORING A LOT OF UNUSED THINGS—ABOUT YOUR HOUSE OR OFFICE—THINGS THAT A "FOR SALE" AD IN THE TIMES WOULD CONVERT INTO MONEY?

HEARD BY RUBE.

That loud noise which you are liable to hear in the near future will be nothing more than the entry of the pay-as-you-enter cars on the South Chicago street car lines.

Get all the good you can out of the glorious month of October, as it will be a long time between Octobers.

Politics is warming up at the present time in both the republican and democratic camps in South Chicago.

If Hetty Green is looking for another cheap flat, she might come out to South Chicago and make an inspection. We have flats anywhere from \$1.93 up.

A Washington boy has gone and rigged up a flying machine out of his mother's sheets and soap boxes. Your boy, proud parent, is probably wasting his time over vulgar fictions. Some South Chicago boys are so backward.

From all reports the dewskinned goat of Stony Island Park is recovering nicely and is able to consume his usual amount of tin cans and show bills.

There is quite a little work for the humane society in South Chicago in regards to the way some teamsters overload their wagons and then beat their horses when they can't draw the load.

Not wanting to change the subject, but if you didn't register last Saturday, don't forget to chalk it down next Saturday.

There are still a few of those pay-as-you-freeze cars to be seen on the South Chicago car lines.

From the talk around the political headquarters one would think that the rattle of a few pennies in a tin cup is what the managers need to cheer them up at the present time.

It is said that Mrs. W. E. Corey, formerly Mabelle Gilman, is about to go on the stage again. She might get a little good practice going on amateur nights at some of the local theaters.

All of the South Chicago base ball fans have escaped the "silly house" so far, although several have gone so far as to hang crepe on their hats in mourning the defeat of the Sox.

HERE AND THERE.

Mrs. James Timmons, formerly of 729 Ninety-third street, has moved to Grand Crossing, where she will make her future home.

James Holleran of 729 Seventy-ninth street, left yesterday for a three weeks' visit in Wisconsin.

William Streiger of 346 One Hundredth street, has returned from a three weeks' visit to Kankakee, Ill.

Miss Maud Ellison of 8900 Washington avenue returned yesterday from Paxton, Mich., after spending two weeks with friends and relatives.

Work of painting all the buildings at Bessemer park is going on at the present time, under the direction of the south park commissioners. The interior of all the various rooms is being decorated for the coming winter season.

Mrs. Emma Woodington announces the marriage of her daughter Lola to Harry Wilkerson Ford yesterday, at Muncie, Ind. At home after Dec. 1 at 299 East Sixty-sixth street.

CHELtenham AND WINDSOR PARK.

Many new buildings are being built throughout Windsor Park and Cheltenham.

J. Watt, 77 Saginaw avenue, has recovered from a severe cold which has kept him in the house for a number of days.

A number of prominent Windsor Park ladies have formed a singing class and they will receive instructions of Miss Wood, the instructor at Russell Square. The following ladies compose the class: Mrs. Fletcher, Mrs. Harmon, Mrs. Horlock, the Misses Disbrow and Prassl, Mrs. M. Kenny, Mrs. George Castle and Mrs. Brown.

Mr. and Mrs. Ramsey visited Mr. Bryan on their way home from Colorado and found him to be a good entertainer.

Charles Dooley, manager of the Cheltenham football team, has scheduled the Marquette for next Sunday, the game to be played at Bessemer park. The Marquette, it will be remembered, defeated the local lads two years ago, and now the boys are out for revenge. This will probably be one of the most interesting games of the season.

Mrs. Anderson, 824 Matinee avenue, has been visiting friends in the city.

EAST CHICAGO AND INDIANA HARBOR

EAST CHICAGO.

A Great Story.

Officer Gorman has a goat, and there is a tale that would do credit to a Baron Munchausen. While registering at the police headquarters last night Gorman told the story of his wonderful goat and its voracious appetite. It seems that the officer recently ordered a ton of hard coal to be sent him by a Whiting dealer. The coal arrived safely, but the goat immediately leaped upon parts of it. When Gorman arrived home after his day's travels he was surprised to note the apparent deficiency in the weight of the coal. Hastily calling the Whiting dealer, he told him of the short weight. "I sent you a full ton, but will come down to look at it," promised the Whiting man, and in a few minutes he stepped from the street car. "Sure, an' that looks like half a ton," corroborated the dealer and was unable to explain the difference in the size of the pile. The two men then walked around the coal and soon met the cause of their trials. Mr. Goat was quietly munching the coal as fast as he could get it into his mouth, and Gorman declares that the animal had swallowed a full half ton of coal in half a day. Of course, the Times will not vouch for the veracity of the tale, but Gorman declares that he will defend his story until some one explains where the rest of the coal went, even though classed as a "nature faker" by his brother officers.

Democrats of East Chicago have opened headquarters in the Galloway building on Olcott avenue, between Chicago avenue and One Hundred and Forty-eighth street. Here it is expected the deep laid plots of the local disjoined democracy will be formulated for the overthrow of the republicans of the city only to meet with defeat at the November polls. The first meeting of the year will be held on Saturday evening when speakers furnished by the central committee at Hammond will attempt to lead citizens of this city from the straight path that can only lead to success, republicanism.

Miss Pearl Egan has returned to her home on East St. Louis street after a brief visit at the home of Miss Mayma Fogarty of Northcote avenue.

Mrs. H. S. Weiskopf and mother, Mrs. H. Poggensee were Hammond theater visitors last evening, witnessing the performance of "The End of the Trail" at Towle's Opera House.

Attorney P. McClosky yesterday settled the case of Joseph Kubel against the Haskell Barker Car works, of Michigan City. Kubel mashed his foot early last summer and asked for \$10,000 damages. The amount of settlement was not given by Attorney McClosky, but it is understood that it was far beyond the man's expectations.

Several changes have been made in the personnel of the East Chicago and Indiana Harbor Water and Light company. C. L. Kirk, who formerly directed the interests of both the water and light departments, will henceforth have full charge of the water department only, with E. J. Jenkins as his assistant. The electric light business will be under the supervision of I. W. Wartena, of Hammond, who has been with the light company for several years.

Indiana Harbor's electric light transactions will be under the guidance of J. A. Baird, who has reconsidered his resignation and accepted the new position offered him by C. H. Geist, president of the company.

The "Busy Bee" club will give a carnival Friday and Saturday evenings, Oct. 30 and 31, at the local I. O. O. F. hall. The ladies are busily arranging for the many features, among which are a "country store, gypsy fortune tellers, and candy and popcorn booths. Saturday afternoon will present a home bakery sale, from the proceeds of which the ladies expect to net a handsome amount. A voting contest is also being considered, in which a ring will be given to the young lady receiving the greatest number of votes. Saturday evening being Halloween, dancing will be the main feature of the evening, and the I. O. O. F. hall will likely be the place of rendezvous for all the young people, susceptible to ghost stories or not, in this city and Indiana Harbor.

Mr. and Mrs. Thomas Campbell of Todd avenue were visitors in Hammond last evening, attending the regular performance at Towle's theater.

Miss Dorothy Pierce of Beacon street was a Chicago visitor yesterday afternoon and evening.

Mr. and Mrs. T. W. Spencer of 1205 Beacon street entertained Mrs. Beacons sister, Miss Anna Rohrmann of Hammond, at supper last evening.

Frank Badur, of Michigan City, was an East Chicago visitor yesterday afternoon.

850 Waltham or Elgin movements in twenty-year stamped, gold filled cases, at Max Nassau's jewelry store, Olcott avenue, East Chicago, Ind.

H. E. Jones of Crown Point was an East Chicago political visitor yesterday, again receiving the assurances of both his democratic and republican friends for his election to the county readership.

John Toth and Edward Wells were visitors at the republican headquarters in Hammond yesterday afternoon.

Miss Emily Brown of Olcott avenue made her weekly trip to the Chicago Musical college yesterday afternoon.

Mrs. Colonel J. J. Funkhouser is seriously ill with a severe case of asthma, being confined to her home on Baring avenue.

A. G. Lundquist of Indiana Harbor

transacted business in East Chicago last evening.

Manager McCormack has reduced the price of admission to his theater, with 5 cents, instead of 10, as the fee. The weekly vaudeville "stunts" will be eliminated and merely the highest grade of motion pictures furnished to the public.

B. Wartena of Bensenville is spending a few days at the home of his uncle, I. W. Wartena of Baring avenue, this city.

The local high school freshmen will meet the Whiting high school lower class team at Sawmill park next Saturday afternoon. The local boys are already deep in practice for the on-coming slaughter of the innocents and will attempt to roll up a goodly score on the unsuspecting "green and white" enthusiasts.

PROPERTY LOANS at Roe's Law Office.

Misses Bridget Gorman and Edith and Mildred Evans were guests of friends at the Gary skating rink last evening.

The Chicago Telephone company is installing a metallic cable in the Chicago avenue alley, preparatory to remodeling the telephone system of this city. Several new lines will be installed and the service bettered in other advisable ways.

Attorneys J. A. Meade and Abe Ottenheimer, A. G. Stoumb and Mose Spector were Hammond visitors yesterday afternoon.

J. B. Bettles and wife of Laporte returned home this morning after two days' visit with their daughter, Mrs. G. F. Bicknell of Magoun avenue.

Fred Stewart has returned from Mt. Carroll, Ill., but will return to that city in a few days, accompanied by other local contractors. The large building now being erected by Mr. Stewart in that city is rapidly nearing completion and when completed, it is said, will be one of the finest edifices in the Illinois town.

The East Chicago tigers will attempt to hand defeat in a fair sized package to the Oxford A. C., of Englewood, Ill., next Sunday, expecting to play one of the most interesting games of the football season at Sawmill park.

Miss Maurie James and friend were visitors at the Gary roller skating rink last evening.

F. J. Ault received a bad "bump" yesterday when the awning in front of the Goldberg building, on Olcott avenue, slipped its moorings and struck him on the calf of his right leg. It was thought at first that the leg was broken, but the verdict of three physicians, who happened to be on the scene, was to the effect that Frank had merely sustained a severe bruise. Cheer up, it might have been worse!

John Dreesen of Forsyth avenue received a bad ankle sprain while practicing basketball in the high school gymnasium last evening. He is reported as recovering rapidly and almost ready to get into another scrimmage.

William Cadman of the high school senior class has been elected captain of this year's basketball team and has already ordered the boys to commence practice.

J. D. Kennedy, East Chicago's city attorney, accompanied County Commissioners Krimblin and Brown to the Forsyth avenue bridge over the river yesterday afternoon. The bridge is now almost completed and will be accepted by the commissioners within the next two or three weeks.

Mrs. David Campbell and Miss Litcha Campbell were guests at Towle's theater in Hammond yesterday evening, witnessing the performance of "The Lost Trail."

Socialism had its fling among the foreigners in the south end of town last evening when John Adnarski, a Chicago foreigner, attempted to draw his fellow-countrymen from the solid ranks of republicanism. They refused to be drawn, however, and when the call for funds was made contributed but 75 cents to the glorious cause of socialism. Even an improvement association can do better than that.

INDIANA HARBOR.

Attorney J. A. Patterson and Dr. Sauer were spectators at the "awful" box game in Chicago Tuesday afternoon. "Doc" is still smiling while an appearance of "bore" overspreads the usually genial countenance of the attorney.

Mr. and Mrs. Theodore White of Grapevine street are the parents of a bright little baby boy, born Tuesday morning.

Julius Cohen's building on Michigan avenue is now ready for the roofers. Inside workmen will begin their labor next week and Indiana Harbor soon supplied with an excellent office and residence structure.

The Simmons' saloon on Block avenue was opened yesterday under the direction of Agent Charles Stanick of the Fortune Bros. Brewing company. Albert Barrett of Hudson, Mich., has accepted a position at the Inland Steel company's sheet mill.

Mortician Teal yesterday directed the funeral of little Emma Ignatz, of Pennsylvania avenue, who died Tuesday after a brief illness. Interment was made in Greenwood cemetery, following services at the Ignatz home.

Mr. and Mrs. R. S. Wallborn of Tolson have moved into the Hemlock street flats recently vacated.

Mr. and Mrs. T. F. Roberts of Grape-
