## CROWN POINT NEWS

### Will Be a Monster.

"One thousand from three Creek townships to attend the Watson rally at Crown Point on October 17," and similar reports from other sections in Lake and adjoining counties certainly augurs the great success of the big day at Crown Point a week from tomorrow. The committees are busy as bees. Their first thoughts were in getting a big crowd and now that the big crowd is assured beyond their wildest expectations, they are doubly busy planning to take care of and entertain them. Voluntary donations of all kinds of eatables have been received. Walters, the Merrillville cheese man, is making a big cheese for the affair which will be cut for Watson on the 17th. Special trains from the north part of the country in time to take part in the big political parade at 11 o'clock will carry a big crowd, in fact, an immense crowd to the big event.

### Special Meeting for Men.

A special meeting for men has been announced for Sunday afternoon at 3 o'clock at the Presbyterian church, in conjunction with the evangelistic services now being conducted by Rev. Chester Birch. Mr. Tarnier of Chicago, assistant auditor of the Burlington road, will deliver an address from a Christian business man's standpoint, and every Crown Point business man, young and old, is invited to attend, as their will be topics of interest to every one, discussed.

The county jail barn is being constructed on the East street line despite the recent ordinance of the town board prohibiting structures for that purpose being built within forty feet of the street line, and the removal of all barns now on the street line to the required distance from the street. It is said that nothing can be done to prevent the building being constructed at present, but as soon as a horse or cow is confined in it, an injunction can be gotten out prohibiting the building being used for that purpose. This is what several East street property owners threaten to do in case the barn is used to house cattle or horses.

Great interest continues to be manifested in the evangelistic meetings at the Presbyterian church, now being conducted by the Rev. Chester Birch, and crowded houses are greeting him every evening. Rev. Birch delivers his sermons in a masterful way and they are filled with logic and fairness to all, and devoid of the cant and ravings that some time go with the speakers who conduct revival meetings for the various denominations.

Mrs. Murphy is making extensive improvements on her home and South and East streets. It is said that Mrs. Murphy's daughter-in-law, Mrs. Minot Luther of California, who is now visiting here, will probably take up her permanent residence here with Mrs. Murphy, to be followed later by Mr. Luther, who is not at present in the best of health.

Mrs. H. T. Broughton and son, of Du-luth, Minn., are making a visit with Dr. and Mrs. Charles J. Tinkham for a few days.

The condition of Thomas J. Wood, who has been in poor health for some time, is said to have taken another change for the worse, and his family has been called to his bedside. He is under the constant care of physicians and grave apprehensions are felt as to his ultimate recovery.

### Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes there is a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle wrapper, what his medicines are made of and explains why he believes them to be the most effective of which his medicines are made and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for the baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Doctor Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

J. A. Donahue and family are now nicely settled in their new home on Main street.

## CURES ECZEMA QUICKLY.

New Drug, Psolam, Now Obtainable in Small Quantities.

Since its discovery one year ago, the new drug, psolam, has successfully cured thousands of chronic cases of eczema, and other distressing skin affections. Heretofore psolam has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treatment. This was to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, scaly scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. The over-come this, and in response to urgent appeals, the dispensers of psolam have been obliged to adopt, in addition to the regular two-dollar package, a special fifty-cent size, which in future may be found on sale at J. W. Wells and other leading drug stores in Hammond or may be ordered direct from the Emergency Laboratories, No. 32 West 25th street, New York City. In all eczema cases psolam stops itching with first application, and proceeds to heal immediately; chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application.

Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them.
