"Accepted in the beloved." God treats us as Jesus. The Father reckons us as his own son, and gives us His standing and privileges. God restores what has been lost; our lost heritage of purity and strength. He admits us to the exchange of friendship's sweets—if He may; that is to say, if we will.

Prayer meeting at 7:30 p. m. each Wednesday.

WHY SUFFER?

Breathe Hyomei and Kill the Loathsome Catarrh Germs.

Just as long as you have catarrh your nose will itch, your breath will be foul, you will hawk and spit, and you will do other disgusting things because you can't help yourself. The germs of catarrh have got you in their power; they are continually and persistently digging into and irritating the mucous membrane of your nose and throat. They are now making your nose and throat. They are now making your life miserable; in time they will sap your entire system of its energy, its strength, its vigor and vitality.

But there is one remedy that will kill the germs and cure catarrh, and that is Hyomei, the Australian dry air treatment.

Summers Pharmacy will guarantee Hyomei to cure catarrh, or money back. Don't delay this pleasant anti-septic treatment. Breathe in Hyomei and kill the germs.

Summers Pharmacy will sell you a complete Hyomei outfit, including inhaler, for only \$1.00. It is also guaranteed to cure bronchitis, asthma, coughs, colds, hay fever and croup.

FOOTBALL TEAM GOES TO MICHIGAN CITY.

The football team representing the Hammond high school, journeyed to Michigan City this afternoon where they will contest for honors against the team from that city.

The boys are confident that their disastrous defeat at the hands of South Bend will not be repeated and they expect to take the first step in securing the championship of the Tenth district.

Hammond defeated Michigan City last year and the team representing this city expects to repeat the performance today.

MERCHANDISE SHOOT.

The Hammond Gun club will hold a merchandise shoot on Sunday, Oct. 11th, at 1 o'clock sharp, at Sharpshooters' park. Fourteen prizes have been donated to the club, some of which are valuable, and a spirited contest is expected. Also the final shoot of the season will be held to determine the winners of the trophies for the year. A cordial invitation is extended to all shooters to be present.

MEMBERS' INFORMAL BANQUET.

(Continued from page 1.)

association, concluding his remarks by saying that the meeting had been called for the purpose of getting an expression from the members regarding the prospects of securing a drainage district in Indiana.

All Were Favorable.

Everyone had something to say favorable to the enterprise. It was decided that the time for drainage action is the present. There is no benefit to be obtained by delaying the mammoth undertaking, and committees will be appointed in the very near future to draft resolutions concerning with the minutes of last night's meeting. Those present favored the institution of a district of sanitary drainage as outlined by President Hembroff, which will include the cities of Gary, Hammond, Whiting, East Chicago and Indiana Harbor. The legislation of such a district would compel the building of suitable ditches and sewers that would carry the sewage of these cities away from Lake Michigan. Water Chemist Brewster, whose report was recently printed in the columns of THE TIMES, declared that the water used in the homes of Hammond and Whiting alone contain four-fifths of the sewage of these cities. His report was a potent factor in the calling of the meeting which promises so much to the people of the Calumet region. It brought them to a sense of their duties and showed them the necessity of immediate action in order to avoid the vast spread of disease throughout Lake county.

Question of Location.

The only question which confronts the committee is the location of the proposed sanitary drainage district. Some are in favor of including the entire county, while others demand the including of merely the lake front district, extending into Porter and Cook counties for a short distance to connect with the Chicago sanitary system. This will be settled before long, however, by further expressions from the members and the necessary steps for legislative action taken by the association. The session of the state legislature, which convenes next January, will be asked to consider the matter, and Lake county given proper sanitation and a preventative of disease that will reflect credit on the members of the waterways association.

Cause Is Worthy.

The association itself is incorporated and is comprised of three members of the business men's associations and three municipal representatives from each city in the Calumet region, and as evidenced by their meeting at the South Bay hotel, have for their purpose the development and care of the lake region of Indiana and its immediate vicinity. It is a worthy cause and entirely worthy the commendations being showered upon it from every side.

WILL BE RELEASED IN A FEW DAYS.

Mrs. James Miller Recovers From Her Attempt To Take Her Life.

Mrs. James Miller, who attempted suicide in the Maine hotel and was secretly spirited away to the hospital a few days ago is said to be getting along nicely and will be released in a few days.

She will suffer no permanent effects from her attempt to end her life. It is not known what will be her plans for the future. The sisters have been taking good care of her and she will soon be restored to complete health.
