

HERE AND THERE IN THE CALUMET REGION

LOUIS BLAND.

Windsor Park Club's Action.

Mrs. William Brady of the Windsor Park Woman's club, who is at the head of an organization which is taking action against the first ward hall by the presenting of a resolution to Mayor Busse and Police Chief Shipley. This is to follow action taken by women attending the meeting of the second district Federation of Women's clubs, Saturday, when resolutions were adopted denouncing the functions were passed.

HEARD BY RUBE.

We wish to goodness that the first man in South Chicago who started to wear his mittens and fur cap would have put it off a few weeks longer.

Even the world's championship series was forgotten yesterday at the dedication of the Columbus Memorial fountain.

Almost everybody in Chicago was here yesterday in the crowd it seems.

Eight deaths from railroad accidents in South Chicago and vicinity in one week is a record that needs investigation.

Captain Streeter made a big mistake when he tried to grab off a part of the shore of Lake Michigan. He should have settled on a snag in the Chicago river and waited for the island to grow up around him.

Every business man in South Chicago ought to be congratulated for the way in which their business houses were decorated.

If Christopher Columbus could have seen the demonstration that was made in his honor yesterday he would have indeed been proud of discovering this old country.

According to reports Jake Kern is going to cut a big swath in the vote for state attorney in South Chicago. When a man slugs anybody in Chicago at a ball game they have to answer for it in the courts.

adopted denouncing the functions were passed.

In addition to the first ward hall feature, the resolution presented by Mrs. Brady contained clauses censuring saloons which remain open after hours, the prevalence of vicious dives and the "white slave" traffic.

Win Chance Cup.

The Koster Colts of Chicago were successful in winning the Frank L. Chance cup yesterday in defeating the Alma Maters of South Chicago in the afternoon, and the Nippersinks in the morning at Anson's park.

When a man slugs anybody in Chicago at a ball game they have to answer for it in the courts.

The games played yesterday were for the Championship of Chicago. The Alma Maters are the undisputed champions of the South Side, and the game yesterday morning between the Nippersinks and the Koster Colts soon settled the dispute for the west side championship title.

The Alma Maters did not have a show against the invincible Koster Colts, who treated the South Chicago aggregation to nine complete shut-outs, much to the disappointment of our fans.

Police Watch "Smoker."

The police in Jackson park were busy again yesterday baring from the park the smoking automobiles. They also kept a sharp lookout for all speeding automobiles coming from South Chicago down Jeffrey avenue. About one hundred were prevented from using the smooth pavement during the day and made travel the cobble stones. Captain Richards said last night that no trouble with any owner had been reported. Every officer had orders to arrest any chauffeur who refused to obey the order to get off the boulevard. "The park board has started in to compel the owners not to make smoke," said President Henry G. Foreman, "and we will stick to that program. It has been demonstrated beyond question that an auto can be operated without smoking. The chief cause of smoke is that the chauffeurs allow too much oil to run into the cylinders. With proper care that could be avoided. We have experienced no difficulty in enforcing the ordinance so far and anticipate none, as the owners are co-operating with the park board."

AT THE CALUMET THEATER.

"THE COWBOY GIRL." A musical melodrama is "The Cowboy Girl" which opened at the Calumet theater yesterday and was greeted with a packed house. The reports are most favorable about this production and play and company are called an entertainment new in construction and thoroughly entertaining and of the different worthy sort. "Gyp" and her "Frisky Bronco" are a happy band of young ladies, good looking and talented. They dance and sing during the action of the play and form a happy relief against the more serious melodramatic part of the performance. "The Cowboy Girl" is a plausible western story well written and intelligently acted by the Kilroy & Britton company. The well known writer,

Lem B. Parker, is responsible for it, and to say it is a pronounced hit, original in theme and character and a production entirely different, is but telling the truth. The idea of introducing a pretty chorus of show girls, enlivens the play and pleases the audience.

"I got Cleveland's autograph," said the friend, "by addressing to him, a little ode on his splendid work in the White House against the Russo-Japanese war—or was it something else? At any rate, I shall never forget my delight when, by return mail, Mr. Cleveland wrote: "Dear Sir: I have read your verses with interest. They appear to me very deficient in sense and substance." "I sent a sonnet of sympathy to Bernard Shaw or the failure of his play, 'His House in Order'—or some other such title. Mr. Shaw replied on a postcard as follows: "Thank you very much for your sonnet, which seems at least sincere." "I once ventured to address a rondeau to Ellen Terry. In it I praised her beauty passionately. Miss Terry sent me a long and interesting note of acknowledgment, in the course of which she said: "I noticed many faults and weaknesses in your rondeau, which, however, made me laugh heartily."

INTERESTING FACTS

Kaufmann & Wolf Offer to Cure Catarrh—The Medicine Costs Nothing If They Fail.

When a medicine effects a cure in 98 per cent of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not cure Catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people of Hammond to substantiate. We want them to try Rexall Mucu-Tone, a medicine prepared from a prescription of a physician whose specialty was Catarrh, and who has a record of thirty years of cures to his credit.

We sell more bottles and receive more good reports about Rexall Mucu-Tone than we do of all other catarrh remedies sold in our store, and if people only knew what a thoroughly dependable remedy Rexall Mucu-Tone is, it would be the only catarrh medicine we would have any demand for.

Rexall Mucu-Tone is quickly absorbed and carried by the blood until it thoroughly disfects and cleanses the entire mucous membrane, destroys and removes the parasites which injure and destroy the membranous tissues, soothes and heals the irritation and soreness, stops the mucous discharge, and builds up strong, healthy tissue, relieves the blood and system of diseased matter, stimulates the mucous, aids digestion and improves nutrition until the whole body vibrates with healthy activity. In a comparatively short time there is a most noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Mucu-Tone, beginning a treatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Rexall Mucu-Tone in two sizes, 50 cents and \$1. Kaufmann & Wolf, Hammond, Ind.

E. H. HARRIMAN FUNDS TO IMPROVE ERIE ROAD.

\$14,000,000 Pledged For Electrification of Suburban Lines in New Jersey.

New York, October 11.—E. H. Harriman has pledged \$14,000,000 to the Erie railroad to enable that company to electrify its New Jersey suburban service, which has provoked bitter complaint among commuters for the last two years. A great electrification program now practically is under way.

Mr. Harriman's pledge to raise \$14,000,000 for the Erie at this time is regarded in Wall street as the best news received in months.

One of the directors of the Erie admitted that the electrification of the main line between Jersey City and Suffern would be started soon.

When the Hudson river tubes and bridges were being discussed nearly four years ago the Erie railroad company employed Blon J. Arnold and L. B. Stillwell, leading experts in railroad electrification, to make a report on the suburban lines of the company. These experts figured out that 220 miles of suburban lines in New Jersey could be electrified profitably at a cost of \$14,000,000. But the Erie's troubles began soon afterward. A stock market panic and business depression set in and the report of the electrical commission was shelved.

PRICE OF LAMARTINE'S POEM.

Pecuniary Value Which the French Poet Put Upon His Work.

The Gaulois tells a good story of Lamartine's estimate of the pecuniary value of his poetry, says the Westminster Gazette.

It was in 1848, when he was at the acme of his glory and a cabinet minister. He had just contributed "La Marseillaise de la Paix" to the Revue des Deux Mondes and Buloz, the editor, called on him at the ministry. "I believe I owe you £80. Here is the money," said Lamartine, producing a bundle of bank notes.

"Pray deduct the amount of the Revue's indebtedness to you for your poem," said the editor.

"I meant to make you a present of it," rejoined the poet.

"Not at all; I insist on paying you."

"How much?"

"Your own price, whatever it may be."

"Ah, well; if you will have it so, I must oblige you," said Lamartine, and with a magnificent gesture he swept up the whole bundle of notes representing the £80, and restored them with solemn dignity to his pocket.

To Get Rid of Mice.

When traps are of no avail or are objected to in catching mice a good plan is to saturate bits of sponge or cotton wool with oil of peppermint and place it in their holes, or sprinkle the oil in any place that they are likely to frequent. Another plan is to make a cement of plaster of Paris, cayenne pepper and cold water, and fill the mouse holes with this. The best remedy, however, is a cat.

Seeking a Happy Medium.

"What do you intend to give to our campaign fund?" asked the political expert. "It's hard to decide," answered Mr. Dustin Stax. "The amount must, of course, be big enough to help the cause and at the same time small enough not to start a scandal."
