"LOST TRAIL" TONIGHT.
In writing "The Lost Trail" the dramatist has done a thing obtained by few—created a masculine man in Bud Larrabee, the salaried westerner, and at the same time a delightful feminine woman in Edith Faulkner, the general's talented daughter. The clean, vital love story in which these two are prominent figures is great in conception, great in emotional power, great in its simplicity and strength of plot. The play has for its setting the wilds of interior Colorado at the present time, with its men of blood and iron and its beautiful scenery and attendant atmosphere. "The Lost Trail" will be seen for the first time in this city at the Towle opera house tonight, Wednesday matinee.

THEY COME FROM AFAR

Couples Come a Long Way to Crown Point's Gretna Green.

[Special to THE TIMES]

Crown Point, Ind., 13.—The reputation of Crown Point Gretna Green is growing and the town is brought into the limelight in the various papers throughout the country nearly every day, by the stories of elopements, marriages and other trials that go along with the marriage ceremony. It is a puzzle to some of the officials who are acquainted with the facts as to how some of the couples come to select Crown Point as the place to get a license, coming as they sometimes do from the eastern and western coasts of the United States. The other day a license was issued to a man from Pennsylvania to marry a woman whose residence was in the state of Washington, which fact goes to show the wide territory in which Crown Point is advertised by the different couples who come here to marry.

PAPER PRAISES EBERT

Michigan City News Says That "Captain" Was Star Ground Gainer.

After holding the Hammond high school football team to an even score at the end of the first half, the Michigan City high school football warriors went down to defeat Saturday afternoon. The score was 11 to 5. Michigan City fought desperately, especially on offense, during the opening half, only to fall down in the final session. Saturday's game saw the successful execution of the forward pass on the part of Michigan City. In this respect the crimson played an improved game over their work on the Saturday previous. While the forward pass was attempted but once in the Elkhart battle, a week ago, it proved a failure. The defensive playing of both teams was weak. On offensive work in the way of straight football Hammond excelled. The visitors' principal ground gainer was Captain Ebert, a "little" giant of over 200 pounds. Hunter at fullback and Kennedy as a halfback, were good on end runs. Misjudgment of a Hammond punt on the part of Roy Canhaugh and Krause and their failure to fall upon the ball before the Hammond ends came upon the scene was a costly mistake. Hammond recovered the oval on Michigan City's ten-yard line and in three plays went over for the winning touchdown—Michigan City News.

FIRE STATION COMPLETE

City Buildings Are Now Almost Ready For Occupancy.

The new Central fire station and city barns have been taken up to such an extent that nothing more than the detail work is left to complete. The walls are entirely completed, as is also the hose tower and the carpenters are now at work on the interior finish. The contractors have had ideal weather this summer and fail to do their work and have progressed with it accordingly. It is thought that by Thanksgiving the building will be so far completed that the moving into them may begin. Work will also have to begin on the raising of Michigan avenue in order to bring it on a level with Hohman street. The new building is built on the Hohman street level and stands considerably above the Michigan avenue street level.

MAKES ASTONISHING CURES.

Mi-o-na Tablets Cure Dyspepsia by Promptly Removing the Cause, or Money Back.

Dyspepsia cannot be cured by taking a digester, such as pepsin, because pepsin simply digests your food artificially, and not all of the food either, for it has no effect at all on stomachy food, such as potatoes, rice, oatmeal, bread, etc.

There is just one way to cure dyspepsia and stomach disorders, trivial or serious, and that is to tone up or put energy into the stomach walls, so that they will be able to properly mix and churn the food.

Mi-o-na Tablets cure stomach troubles by putting strength and energy into the stomach. They quickly arouse the stomach from its inaction, and in a short time it is able to do its work properly.

Mi-o-na is successfully used in vomiting of pregnancy, in ear and sea sickness.

And bear in mind that when the stomach is in good condition, constipation disappears, also nervousness, drowsiness, night sweats, heartburn, etc.

Summers' Pharmacy, the druggists, sell Mi-o-na tablets at 50 cents a large box, under a rigid guarantee to do all that is claimed for them, or money back.

WOMAN'S IDENTITY IS KNOWN

Miss Helen Truesdale of South Side Admits That She Was the Companion of Haynes Injured On Auto Trip.

OWNER OF AUTO WANTS HIM ARRESTED

H. T. Arnold Comes Out From Chicago to Get Clue to the Whereabouts of His Machine and Affair May End Up in the Criminal Court.

The identity of the woman who was in the automobile with Mr. Haynes when they came to grief in the neighborhood of Douglas park is now known. She is Miss Helen Truesdale, 8900 Bond avenue. She revealed her identity, as she said to protect the name of the man with whom she was riding Sunday when the accident happened in Hammond.

But what she had to say did not protect the name of Mr. Haynes-Ames, for did not even attempt to explain how it happened that she was out riding with a married man in the evening and how it happened that he had ordered a dinner for two at Hendrix cafe.

The local police say, furthermore, that Mrs. Haynes-Ames is in the hospital in Chicago and that while she was relaying there helplessly Mr. Haynes-Ames was cavorting around with the young woman whose identity was not revealed until she elected to come out into the spot light.

Mr. Arnold investigates. Yesterday Mr. H. F. Arnold, who owns the wrecked machine, came out to Hammond and told the police that E. C. Haynes was merely a salesman for the Chicago Automobile company, and took the machine out, ostensibly to show it to a customer. The rules of the house are that no machine shall be taken out for exhibition purposes after 6 o'clock.

Mr. Arnold says he saw Haynes-Ames going down Michigan avenue at about 3:30 and that was the last he heard of him until word came that the accident had seriously injured Haynes-Ames and a young lady friend near Hammond.

The local police say there is no question that the injured man's name is Haynes, as it has been proven by Mr. Arnold and in other ways. Arnold and his wife both came to Hammond yesterday and they are very angry at Haynes for ruining the car.

Miss Helen Truesdale, who figures in the case, admitted that Edward C. Haynes was not the name of the man who was out with her. She said that Edward C. Haynes-Ames was merely a fiction and she was out with a man by another name.

When she was asked who the man was with whom she took the ride she positively refused to reveal his identity.

Says Machine Was Stolen. Mrs. H. F. Arnold, 1429 Michigan avenue, called Dr. J. A. Graham, the Hammond physician who attended Mr. Haynes-Ames, to the telephone this morning and asked him if he knew where Haynes was taken.

She said that Haynes had stolen her automobile which had been placed on sale in the garage of the Chicago Automobile company, and that if she could locate him she would have him arrested.

The doctor told her that the man had secured a carriage from Whitaker's livery and that the driver might tell her where the carriage had been driven to and what was Haynes-Ames address.

She said that she would get the liveryman on the wire and that she would see what she could find out from him. Mrs. Arnold was greatly incensed to think that her machine had been stolen from the place where it had been put on sale.

She said that she was not through with the matter yet and would have Haynes-Ames arrested before she was through with him.

EDITOR HICKEY IS SURE

Says Lake County Will Give Eight Hundred Democratic Majority.

Billy Hickey, the genial democratic editor of the Whiting Sun, is in Hammond on business today, and incidentally looked over THE TIMES plant. Mr. Hickey says he has been in every county in the state during the past two months and declares that Marshall will have a walkway. He says that the democratic county ticket will be elected by majorities varying from 600 to 800, and that Auditor Charles Johnson is the only republican who has a chance. He says Bryan will be elected. According to Mr. Hickey the election is going to be marked by the number of lifelong republicans who are going to vote the democratic ticket.

The Ginger Jar

Gabriel had just blown his trumpet for the last time, and a long line had already passed through the golden gate. Only six people were left outside where St. Peter stopped the third last man and spoke to him:

"Pray, what may your name be?" he quizzed.

"Eats Davis, from Hammond, former member of the board of public works," was the answer, and thinking that he explained sufficiently he tried to rush by the saint to avoid a scene.

"Wait a minute, wait a minute," urged the keeper of the portal as he stroked his apostolic beard while revoking the next question in his mind.

"What have you ever done to gain your entrance here?" he asked with a penetrating glance.

"I voted for Eugene V. Debs in 1908," said the former member while sizing up the curbing on the gold brick street.

"You did, did you?" said the human rock, "Please step to your left and take the 'Red Special' which leaves immediately going south." With that he grabbed the door knob and pulled it to and from the outside the Hammond man heard the first strains of The Holy City.

They are giving the Erie depot a coat of paint. Its that same color in which Billy Hastings promises that the republicans of Lake county will do up the democrats.

According to Charley Friedrich's version of it is easier to get stake-holders than takers.

Judge Jordan last Saturday held that a patron may not "lick" the teacher. When it becomes a matter between the teacher and the pupil, however it depends a great deal on the size of the boy.

As a last resort Judges Reiter and McMahon might hold each other in contempt of court.

It would be interesting to read Billy Blodgett's "stuff" in the Appeal to Reason.

Otto Duellke has a hard time figuring out which is the more important at the present time, the Cubs-Tiger series, or the Tatt-Bryan affair called politics.

Hammond teamsters are now demanding \$4 a day and getting it too.

From the last reports St. John township was still "preponderantly" democratic.

Judging from the decorations that the First National bank will have the directors of the bank must believe in signs.

Chief Dischneider is not worrying much as much about the electoral vote of Idaho as he is about the completion of the new fire station.

While the importance of the Calumet Deep Waterway is not overlooked still it might hold off for a few weeks when it will be allowed more space on the front page.

This is a political argument that was heard at the four corners this morning: Democrat—"Governor Hanly wants to get into the senate."
Republican—"He don't."
Democrat—"He does."
Republican—"He don't."
Democrat—"He does," and so on until a dog fight occurred, when they both yelled "Sit em."

***** HIGH SCHOOL TIDINGS. *****

Several have failed to bring in their report cards and consequently were reprimanded of it. Whether or not the grades on them were so pleasing, look at that the pupils couldn't part with them was the case, this was taken for explanation. Several were requested to take a stroll homeward and return with the cards.

The seniors held a meeting in the English room. These meetings have occurred quite often of late which shows that something is going to "be doing."

As yet no game has been scheduled.

FOR NEXT SATURDAY. An attempt has been made to secure Gary. No doubt, later in the week the management will secure a game.

Last Saturday's game was gone over with for exercises this morning. Mr. McElroy had charge and gave a short talk and then he called on Mr. Allee to give a short talk. He also spoke on the game and further on the points to be developed in order to down the other teams. A few remarks on training and practice were given by him and how the girls could play an important part was also emphasized by him.

Practice is still continuing at the park. Several new plays have been tried. As no important has been scheduled for next Saturday this will give the boys a rest. Both first and second teams are going under full sway.

The next literary program will be given only by freshmen. As yet the programs have not been posted.

FIRST NATIONAL BANK PUTS UP FINE SIGN.

Workingmen Erecting Electric Headlight For Financial Institution.

The First National bank of Hammond is now erecting a large perpendicular sign which is to be placed at the corner of the building in which the bank is located so that it will be visible from both Hohman and Sibley streets.

The working men are now engaged in putting up the board which will hold numerous electric bulbs and spell out the words, "The First National Bank."

Cashier Belman would not say what the sign is to cost but he intimated that it will be a beauty and it would have to be to match the most beautiful bank in Northern Indiana.
