LODGE WORK

The coming election is partially detracting from the attendance at the various lodges in the city, and most of the big events that are planned will not take place until after the election. Business meetings are in order since most of the active members are also largely identified in the campaign.

The biggest event in lodge circles this week undoubtedly is the Silver Jubilee celebration of the order of the Royal League and it will be appropriately observed by Pioneer Council next Thursday evening in K. of P. hall.

Invitations have been extended to the public through the lodge members, each one being entitled to bring three guests with him. For the benefit of the visitors a part of the degree will be given publicly, this to be part of the evening's entertainment. In addition to this there will be readings, music and singing, and addresses by prominent Royal League members of this region. Charles E. Fowler of Indiana Harbor, who is advisory archon for the Indiana Harbor council will deliver one of the principal addresses of the evening. His address to be on the Royal League. W. C. Reiman, who is a member of Pioneer Council, will have for his subject, "Pioneer Council."

Pioneer Council is the oldest Royal League lodge in the state, having been established for twenty-one years. The committees have been hard at work for the success of the occasion and will undoubtedly receive it. The Owls are planning a social evening, which is to be held soon. For next Thursday, however, there will be a regular business meeting.

The coming election is playing havoc with the attendance for the Elk lodge meetings. A regular business meeting will, however, be held tomorrow evening.

The same holds true with the Eagles. Their members at present are too busy with politics to devote much time to lodge meetings. Those of the members who are paying close attention to the work, however, are beginning to set the wheels in motion for a pleasant evening, which is to come around in the near future. For the present, however, there will be a regular lodge meeting tonight.

Calumet lodge, I. O. O. F., holds a regular meeting tomorrow night. Moltke lodge, I. O. O. F., meets on the following night.

At its regular meeting next Monday night the second rank will be conferred upon one candidate.

The Macabees hold an important meeting this evening in K. of P. hall, and as business of importance will be transacted all members are requested to attend. The first degree will also be conferred upon two candidates.

Two Prominent State Candidates Will Help Make Things Lively There.

(Special to THE TIMES.) Crown Point, Ind., Oct. 14.—When the school teachers of Lake county meet for their annual association in Hammond this year, on October 30 and 31, they will get a taste of real politics and what it means to have a politician play for your vote.

At the coming association, Lawrence McCurnan, republican candidate for state superintendent, and his democratic competitor, Robert J. Aley, of Bloomington university, are to appear before the teachers. Each will give a short outline of his plans should he be elected to fill the state office, and it will at the same time give the teachers an opportunity to get acquainted with the future state superintendent.

The main work for the association falls on W. W. Black, teacher in pedagogy in the state university at Bloomington, and Flora J. Cook, who is a teacher in the local school branches in the Chicago university.

The session will last two days and will be interspersed with papers and discussions by Lake county talent. The session will be enlivened with a number of entertainments which will number by the various high schools of the county. It is more than likely that a lecture will be given on the first evening of the two meeting days.

afternoon and attend the Chicago-Indiana game in a body.

A report is abroad that over half of Crown Point's team is ineligible, but they are confident of making up their work in time for the Hammond-Crown Point game.

The senior class has been organized into the "99 Debating Society." They will have organized debates every other Tuesday, in the English room. The following officers have been elected: Harry Booth, president. Floyd Murray, secretary. Wm. Whitaker, vice president.

Floyd Murray and Hollis Hunter are saving their "pin money" to buy pennants for a couple Michigan City "coeds."

Superintendent McDaniel had charge of the opening exercises yesterday morning and chose for his topic "Success." He read the opinions of different men on "Success," and then said that 95 per cent of the men that embark in business fail, and that only 5 per cent succeed. His talk was a very interesting and thoughtful one.

The physical geography class went on an excursion to Miller Station. They had their studies arranged in such a manner that they would have Tuesday afternoon open.

Both the pupils of the high school and eighth grade were given a fire drill by going down the fire escape. Girls as well as boys went down and ninety students of the eighth grade went down in four minutes, this shows their efficiency.

No practice was held last night on account of the excursion to Miller Station. This gave the boys a good rest so they can work all the harder.
