A Woman's Back

Has many aches and pains caused by weakness and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness. If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent, invigorating tonic and strengthening remedy known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the box wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well-proven remedy or known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equalled. Little sugar-coated granules—easy to take as candy.

ONE CERTAINTY

Some Hammond People Fully Realize it Now.

When the back aches from kidney

When urinary troubles annoy you. There's a certain way to find relief. A sure way to be cured.

Doan's Kidney Pills will do it. Hammond people endorse this claim.

Mrs. Maggie Heckelman, 414 Truman avenue, Hammond, Ind., says: "For years I suffered from kidney disease. The pains in my back were almost unendurable, and there was a feeling that I can hardly describe, a sort of dull dragging, bearing down pain that at times was terrible. I had no strength, and in the morning when I first got up would be so tired, weak and languid that I could hardly do my household work. Whenever I caught a cold it would settle in my kidneys thus aggravating the trouble. A friend advised me to try Doan's Kidney Pills and I bought a box at Ricketts & Co.'s drug store. Before I had taken half of the contents, I noticed a great improvement in my condition and I steadily grew better until at last I was cured entirely. I have not had any return of the trouble since, although the cure was performed several months ago."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's and ask no other.
