

**U.S. Army Officer Accused Of Abandoning Wife, And Daughter Of Gen. Logan, Who Brings The Charge.**

Col. W. F. Tucker

Mrs. W. F. Tucker

Colonel Wm. F. Tucker, chief paymaster of the department of the lakes, is in a precarious condition from dropsy, trouble at the Southern hotel, St. Louis, under police surveillance, but is to be brought back to Chicago as soon as possible to face a charge of desertion preferred by his wife, Mrs. Mary Logan Tucker, daughter of the late General John A. Logan. His friends are trying to prevent his return, alleging that he was under an official army order to proceed to Hot Springs, Ark., and that the civil authorities have no right to interfere. Mrs. Logan's attorney, Haynie R. Pearson, says a contention of that kind is ridiculous, and that if the colonel recovers sufficiently to proceed to Hot Springs he will be able to come to Chicago, and that his refusal to keep his word in this respect will be a tacit acknowledgment that the charges are true and that he fears to face them. In the meantime Mrs. Tucker, her mother, Mrs. Logan, and her son, Captain Logan Tucker, are speeding to Chicago from Washington ready to prosecute the charge of wife abandonment. The time of hearing will be fixed immediately upon Colonel Tucker's arrival.

**JUDGE SCORES JOHNSON**

Gary Gambler and Colored Saloon Man Gets His from Justice Fitzgerald, Who Binds Him Over to Lake Superior Court.

For the first time in the history of a justice court a prisoner was bound over to the superior court on a charge of assault and battery. The victim of this unusual case was none other than Dave Johnson, the king pin of the colored men and proprietor of a disreputable house at Gary. Judge Fitzgerald stated that the reason that he bound him over was that he did not have the power to fine him all that he would like to, so would place him in the tender mercies of the upper court.

## Bent Up Foreigner.

The testimony was that Mr. Johnson had unmercifully beat up a foreigner and a negro by the name of Smiley who were drinking at his bar. He charged that the latter were attempting to steal some money from a colored man. This was \$5 and was in the shape of a bill of that denomination. This, he says, was passed from the foreigner to the negro and that as he noticed it he asked that it be given back to the rightful owner.

In defense of this the negro claimed that he received the money for the purpose of changing it and his statement was verified. During the course of the testimony it developed that Johnson is now selling liquor in his bar, the fight which resulted in his assault and battery charge, probably resulting in the most reprehensible manner, and some attempt by the authorities should be made to close it up.

## Sent to Higher Court.

In giving his decision to send the case to the superior court, Justice Fitzgerald arraigned Johnson in the most severe manner. He stated that he ought to be prosecuted for selling liquor without a license for running a disreputable house and for allowing gambling in his place. He was censured and criticized in the most grueling manner and none who heard the remarks of Judge Fitzgerald felt that they were not justified.

**SENATOR BEVERIDGE IN GARY OCT. 24**

Last Big Republican Rally For Steel City Before the Election.

At a meeting of the executive committee of the Gary republican club a great celebration on the occasion of the visit of United States Senator Albert J. Beveridge will be held in the skating rink in Gary.

There will be seats provided so that the rink will have a capacity of 2,500 people and it is confidently expected that the rink will be more than filled.

Of all the speakers who have been assigned to this region, with one exception, namely, William H. Taft, who will make a thirty-minute address in Hammond on Oct. 24, Albert J. Beveridge is the biggest card.

As an orator he is probably the greatest in the country, and he has been in such great demand over the whole of the United States that he has spoken in but few places in Indiana.

The determination of the Gary republicans to get out a big crowd on the occasion of the visit of Senator Beveridge will afford him an opportunity to speak to a large audience.

## Crowds from Other Cities.

It is expected that there will be large numbers of people from Hobart, Indiana Harbor, East Chicago and other of the smaller towns in the county who will go to Gary to hear Mr. Beveridge. It will be Gary's big day in the campaign.

W. F. Hodges, of the republican executive committee in Gary, was made the chairman of the committee on arrangements, and he and a live crowd of workers will leave nothing undone to make the meeting a great success.

The meeting will occur only a little over a week before the election, and it is considered all important that it should be made a success. Gary is not conceded by both the republicans and the democrats to be republican, but the workers over there realize the danger of over-confidence and will work as though their lives depended upon the result.

Large posters are to be put up in every town in the country, and provision will be made for the decoration of the hall and the hiring of bands. There will be a large parade similar to that which was held in Hammond and the surrounding towns will be asked to send delegations to march in the parade.

## Wont Conflict with Taft Meeting.

The Beveridge meeting is to be held in Gary on Saturday, Oct. 24, the same day that William Howard Taft speaks in Hammond. This will be in the nature of a conflict, but an effort will be made on the part of the Hammond delegation to go to Gary after Mr. Taft is through speaking in Hammond.

Mr. Taft is expected to be in Hammond at about 7 o'clock. He is not expected to talk for more than half an hour, and that would make it 7:30 by the time he is through.

## Easy to Carry Out There.

The plan of the brewers is easy to carry out here because they control at least 85 per cent of all the saloons. In fact, 85 per cent of the saloons

**DEMOCRATS HAVE NEW SCHEME**

Brewery Trust Expects to Work "Blocks of Five" Scheme to Defeat Election of James E. Watson and Republican Legislature.

Indiansapolis, Oct. 15.—The plan of the liquor interests to defeat the republican state and legislative tickets in Indiana is becoming so well developed that it is apparent to outsiders who have been wondering what course they would pursue.

It was learned today from a thoroughly reliable source that the brewers have called upon their friends throughout the entire state to deliver their friends to the democratic state ticket and for the democratic candidates for the legislature. Each brewery saloonkeeper, for instance, is expected to deliver five republican votes against James E. Watson and against the republican legislative candidates of his own district; in fact, the liquor interests have planned a "block of five" scheme, by which they hope to completely upset the republican party in the campaign.

They Must All Work.

Not only is every brewery saloonkeeper to deliver five republican votes, but every bartender, every porter, every brewery wagon driver, every brewery employee, in fact, everyone connected with the liquor traffic is to be called upon to deliver five republicans.

If the brewers can get their friends to come through in this way they feel that they can overwhelmingly defeat the republican ticket.

They have extended their plan in Indianapolis to the negro saloonkeepers; they are working it in this way.

For instance, a negro porter is told that he must go out among his friends and say to them that unless the republican ticket is defeated and the county option law is repealed he will lose his job.

## Keepers are merely in the employ of the brewers.

However, this "block of five" scheme is not to be confined to Indianapolis. It is now being worked in every city where there is a saloon, including the cities of Lake county.

The brewers have given their followers instructions to proceed as quietly as possible, but it is known beyond question that every member of the liquor trade

dependent for the brewer has been told that he must have five republican votes at his command and that he must have them at the polls on election day.

**WHITING ARRANGING A BIG BANQUET**

Republicans Among Foreign Element Will Have a Fine Time.

**1,200 FOREIGN VOTES THERE**

Pante Haralovich Giving Splendid Aid to the Republican State County Ticket.

(Special to THE TIMES.)  
Whiting, Ind., Oct. 15.—Whiting is to play an active part in this year's campaign, according to statements made last evening by Pante Haralovich, leader of the city's foreign republicans, to a Times reporter. "We are solid for Taft and Watson both," said Mr. Haralovich, "and are arranging one of the largest demonstrations that the county will know in the present campaign."

**1,200 Votes There.**  
Mr. Haralovich is right. Whiting can control at least 1,200 foreign votes, distributed as follows: Croton, 350; Hungarian, 200; Slavish, 400; Polish, 200. These men on political points are absolutely friendly and Mr. Haralovich, after a consultation with the party leaders at Hammond, decided upon the novel idea of a huge banquet and smoker. The affair will be held in Mettler's hall on Saturday evening, October 24, and a "howling good time" is assured to all visitors at the republican love feast.

Senator Bowser of Chesterton will address the voters on that occasion, speaking entirely on the issues of the campaign. Mr. Bowser is a forceful speaker, has won a splendid reputation as a politician of sterling worth and his recital of the tale of republican prosperity and democratic woes will not fail on unheeding ears on the occasion of the Haralovich banquet. Mr. Bowser will be followed by speakers in Polish, Slavish, Hungarian and Croton, who will, by their sound arguments, win the hearts of the few foreigners present who have been heretofore listed with other parties. Candidates on the county ticket are also expected to be there and assist in the making of a successful political meeting, although the fact that Mr. Taft is a speak in Hammond on that occasion will doubtless keep many of them from the Whiting banquet.

**Croton Republican Club.**  
The banquet and smoker is to be given under the auspices of the Croton Republican club of Whiting, which is composed of the entire Croton population of the oil city, numbering about 350. Its officers are Pante Haralovich, president; George Herodovich, vice president; Peter Baseach, secretary, and Andy Brendon, treasurer. These men are all influential party workers and are the proper men in charge of such a function, their very presence in the active ranks of the organization being sufficient warrant for the promise of one of the hottest, liveliest, cleanest and yet most powerful political meetings that Lake county has ever known.

**BUSINESS MEN HOLD A SMOKER**

"For the Good of South Chicago" Is Discussed at Function Last Night.

"For the Good of South Chicago" was the theme that ran through many able addresses that were made last night at an informal smoker given by the South Chicago Business Men's association in Lincoln hall. The only regrettable feature of the evening was the non-appearance of the president of the State Association of Businessmen. He was detained owing to the organization of another club in the southern part of the state. His absence was not permitted to long dampen the feeling of good fellowship that was prevalent. About 150 of the organization were present to spend the evening.

Prominent among the speakers for the evening were Dr. A. L. Blackwood of the Chicago board of Education, Attorney Lee Carpenter, Editor Henry W. Lee, Alderman P. H. Moynihan, George Buckland, Prof. A. L. Morse of the Philip Sheridan school, ex-President Jacob Schlosser, C. Merrill, W. W. Smith, A. H. Lauterjung and J. Tobin. The latter also presided as chairman for the evening in the absence of A. F. Kestermeyer. It was a great meeting and will surely be productive of good results.

Toward the close of the evening the entertainment committee composed of Messrs. Richard Binger, A. A. Bacon and A. H. Hanson, served refreshments.

The South Chicago Business Men's association stands together shoulder to shoulder. The good of South Chicago as a whole is always the main object that the organization keeps in mind and the association may be justly proud of what it has accomplished for the community, both in a material betterment and in moral welfare.

Keepers are merely in the employ of the brewers.

However, this "block of five" scheme is not to be confined to Indianapolis. It is now being worked in every city where there is a saloon, including the cities of Lake county.

The brewers have given their followers instructions to proceed as quietly as possible, but it is known beyond question that every member of the liquor trade

**NAMES NOT IDENTICAL**

Gary Mystery Found to Be More Puzzling Than Ever Today.

The theory which was advanced in Gary that the Macedonian who lost the suit case and the empty money pouch and the insane foreigner who asked Attorney Clarence Bretsch to recover \$90,000,000 which he had in the bank and lost, is found to be wrong, according to the attorney. The name which the insane man gave him and the name on the letters addressed to the man who owned the suit case, are not identical.

The circumstances, however, of the two cases have so many features which tend to point to the fact that they are the same men that the authorities have not given up hope that this is the man they are looking for. If it is not, then the police will be enveloped in as deep a mystery as when the suit case and the money pouch were first found.

Chief Martin still thinks that the owner of the suit case has been robbed and that he had considerable money in his possession at the time. The work of translating the letters, which were found in the suit case, will most likely begin today.

Prominent among the speakers for the evening were Dr. A. L. Blackwood of the Chicago board of Education, Attorney Lee Carpenter, Editor Henry W. Lee, Alderman P. H. Moynihan, George Buckland, Prof. A. L. Morse of the Philip Sheridan school, ex-President Jacob Schlosser, C. Merrill, W. W. Smith, A. H. Lauterjung and J. Tobin. The latter also presided as chairman for the evening in the absence of A. F. Kestermeyer. It was a great meeting and will surely be productive of good results.

Toward the close of the evening the entertainment committee composed of Messrs. Richard Binger, A. A. Bacon and A. H. Hanson, served refreshments.

The matter was also taken up with the principals of the various schools about South Chicago and the pupils will be notified about the same. During the past two weeks numerous complaints have come in from the property owners living in Windsor Park of small boys who are killing the birds. They are armed with slingshots and are making life miserable for dogs and cats in that district. An order will be issued in the schools that no more slingshots will be allowed.

**JUDGE DARROCH SPEAKS AT THE COUNTY SEAT.**

Crown Point, Ind., Oct. 15.—(Special) Judge Darroch, democratic nominee for congress, spoke to a good sized audience of democrats at the democratic headquarters last evening. A democrat present estimated the crowd at 200. Judge Darroch handled his side of the question in a convincing and able manner.

**BAD FIRE MENACES THE CITY**

Forest Blaze Near Gary Results in Splendid Work or Immense Damage Would Have Been Done to Many Buildings.

The worst forest fire that has yet threatened Gary started yesterday morning and was not extinguished until after the Gary community outfit and dozens of people had worked from the middle of the morning until after 5 o'clock in an effort to stop the progress of the flames and save their homes.

All of the methods which are resort ed to by the fighters of fires in the northern woods and on the prairies were adopted at Gary, and it is estimated that at least fifteen buildings were saved by the intelligent and faithful work of the firefighters.

**Whole Families Fight Fire.**

Whole families, including the children, got out in the smoke and dirt and fought to save their homes. Some of them beat the fire out with dampened blankets and others started small "back fires" and stopped the progress of the flames in this manner.

The fire raged the fiercest in the neighborhood of Lincoln park and Glen Park, and it was in this vicinity that the flames threatened great damage to the isolated homes of the people who live there. In some cases it is said that the flames were as high as a man's head and in several cases it was positively dangerous to get in the path of them.

The firefighters had to be cautioned all the time to be careful not to let their clothes get on fire. By evening the fire was well in control, and it is believed that the greatest danger is now over.
