IT DEPENDS ON TAFT'S ELECTION

R. L. Vincent Contractor, Says Gary's Future Stands in Balance.

R. L. Vincent, a large building contractor in Kalamazoo, Mich., is going to do what everybody in Gary has been hoping and praying some one would do, namely: build homes for the hundreds of people who now live in Gary but who cannot find homes there.

Mr. Vincent has definitely decided to build at least ten houses, which will cost between three and five thousand dollars each and will aggregate in cost \$40,000 to \$50,000, but that is all that he has promised at the present time.

If William H. Taft is elected he says he is certain there will be no halt in the progress of the great steel mills at Gary, but if he is defeated he has his doubts as to the immediate future of the city, and he says that he will go no further with his plans.

But Mr. Vincent is a builder of homes and if the conditions in Gary warrant it, he will build one lot of ten houses and as soon as they are completed and sold he will begin the erection of another set of ten and will keep on until the people of Gary are supplied.

If he finds that the demand for his houses is so great that he cannot supply them fast enough he may begin the erection of them in blocks of twenty-five.

Mr. Vincent has recently purchased a dozen lots from the Gary Land company in the vicinity of Virginia, Pennsylvania and Harrison streets, and the work on the first ten houses will go forward as soon as the contracts can be let.

This matter of home building is one of the most vital that has yet been presented to the people of Gary for already employing thousands of men, but the merchants are not getting the advantage of it, for the reason that many of these people live in South Chicago and other cities in the vicinity and spend their money, earned in Gary, in these other cities.

But Mr. Vincent, who has undertaken this great project of supplying the people of Gary with homes, will not go ahead with his work unless he is sure that political conditions are settled, and he does not believe they will be settled with the election of Mr. Bryan.

Mr. Vincent became interested in Gary through the efforts of Captain H. S. Norton, and Mr. Norton was much impressed with Mr. Vincent's idea of what would be the effect of Mr. Bryan's election in paralyzing the building activities of the country.

CELEBRATE ANNIVERSARY.

The Royal League celebrated its twenty-fifth anniversary last evening in Weir's hall by holding an open meeting, to which the wives and friends of the members were invited. Between 250 and 300 guests were present and all report a most enjoyable entertainment. It was also an occasion of celebrating the twenty-first anniversary of the Pioneer council and Mr. W. C. Belman was present to give a very interesting talk on the council. The first degree of the league was given almost in detail, after which a splendid program of music and recitations was given. An elaborate luncheon was served, after which informal dancing was indulged in until a late hour. The celebration was one of the largest ever given in Hammond, and the members are pleased with the success of their undertaking. Fourteen applications were received, a number to be initiated at the next armory, the 25th of November. This will be the largest class ever initiated, as candidates will be received from about 300 councils. It is expected that there will be about 500 in the class.
