## ELECTRO-CHEMICAL RING

Trade-Mark, E.-C. Copyright, 1904, by W. G. Brownson.

The following diseases are caused by acid in the blood, and are cured by this ring, which takes from twenty-four hours to two weeks, according to disease and circumstances. The ring and the acid create an electro-chemical action, removing the acid and curing the disease. Rheumatism—Arterial, Lymphatic, Sciatic, Muscular, Gout, Lumbago, Neuralgia, Heart, FEVER, Rheumatic Pain, Type-writer, Pen, Operators, or whatever. Asthma, Cough, Blood Cancer, Varicose Veins, Varicocoele, St. Vitus's Dance, Nervous Prostration, Acidity of Stomach causing Constipation, Bright's Disease, Sugar Diabetes, Dropsy, Prostatitis, Congestion of Kidneys, Catarrh of Bladder, Gravel, Gall-stones, Stone in Bladder, Calculi, Salt-rheum, Psoriasis, Painful and Excessive Monthly Periods, Epilepsy, Chronic Dysentery, Bloody Flux, Nephritis, and all Internal Hemorrhages. Price, \$2.00. Gold-colored, \$4.00. By Mail or Express, Collect on Delivery. Send paper size of finger. Agents wanted at places not taken. Send for circular and information. This is the only ring on these words' guarantee. Ring can be returned and money will be refunded if not satisfactory. Not for sale by jewelers or druggists. Any person who wants a ring or copies from our advertising is fraudulently trying to do business on the reputation of this ring.

This ring is not for sale by wholesale houses or any firm advertising cheap rings, and can only be obtained from us and our authorized agents.

PEOPLE WHO ARE SUBJECT TO RHEUMATISM, KIDNEY, AND ALL ACID DISEASES, HAVE EXPERIMENTED FOR HUNDREDS OF YEARS, AND SPENT MILLIONS OF DOLLARS, TAKING AND APPLYING REMEDIES. The time will certainly come when intelligent people will not submit to be experimented with to see if a medicine can be made to cure acid diseases.

Any reputable physician will advise you that a permanent cure in that manner is impossible, as the acid is liable to accumulate again at any time after you quit using the best remedies known to the medical profession. That acid in the blood causes a limited number of diseases has always been admitted, but the knowledge of the fact that an excess of acid is the cause of so many diseases of hitherto unknown pathology has been a revelation to the medical profession.

Electricity, if applied continuously, and in the proper proportion, will remove acid from the blood, and this is admitted by all who are good authority in acid diseases. By the use of the Electro-Chemical Ring the best results are obtained by an electro-chemical action, as it acts directly on the acid, reducing the intensity and quantity, until there is no surplus, when the ring will quit working, and will work only when it is necessary to keep the acid reduced.
