Smith's Bond Questioned.

Edward Garston Smith, of Gary, lost his case, in which W. F. Feuer, the owner of the Smith building in Gary, is attempting to oust Smith, in the justice court in East Chicago and Mr. Smith asked for an appeal to the Lake superior court at Hammond.

The appeal bond was placed at \$2,000 and Mr. Smith gave some property which is alleged he owned in Toleston as the security. The attorneys for Mr. Feuer say they have discovered that Mr. Smith does not own the Toleston property and that the owner, Mr. Edward Behnke, has filed a foreclosure against him.

They will ask to have the appeal bond declared void and it will be up to Mr. Smith either to dismiss the appeal or to furnish another bond, providing the court finds the old bond is not good.

GARY POLICE NOTES.

Now that the nights are getting too chilly for tramps and hoboes to sleep in the open air the police station is being besieged regularly each night with an army of lodgers.

Whether the station in its present condition will be large enough to accommodate all these men during the winter is a question that is causing Chief Martin some concern. "We took care of an whole army last winter," said the chief, when conditions were worse than they are now, and I guess we will be able to do so in the future until the new station is erected."

Night Sergeant Catey is away at the present time on his vacation, which will last about a week. Catey will return at the end of that time loaded with information and stories which will furnish entertainment for those who spend their evening hours at the station for many months to come.

Work was commenced today on the erection of a temporary shed in which the chemical wagons of the fire station will be stored during the winter. The building will be located on Washington street, near Thirteenth street, and will furnish ample fire protection in that district.

HEARD BY RUDE.

Meanwhile the dealers in fall goods in Gary are anxiously awaiting a large consignment of winter weather.

In Gary it is useless to look in the mirror to see if your face is clean after washing it. The best way to do is to look at the dirt on the towel.

The proper way to dispose of hoboes rustling in your coal sheds is to give them a left jab to the jaw.

It may be well to take your fur coat along on Oct. 21 when Bryan speaks. You know this is the season of killing frosts.

Indiana is every bit as doubtful as it was the year when it wasn't doubtful.

Gary is to have another brand new interurban. It won't hurt Gary one bit if it connected with every town and city on the map.

Chicago may have a monopoly on hungry school children, but it is a cinch that Gary has "monopoly" on hungry hoboes.

IOWANS VISIT IN GARY

T. W. Englehardt Corral Prospective Investors in Real Estate.

President T. W. Englehardt of the South Broadway Land company again enrolled a number of prominent business men of the west and brought them to Gary yesterday for the purpose of investing in steel city property. Among them were Frank Cook, president of the First National bank of Marengo, Ia. Mr. Cook, it is said, is prepared to invest as much as \$50,000 in this city, in property for speculative purposes.

In addition to Mr. Cook and his wife who were in the city, Mr. Richard Kenney, sales manager of the Benedict, Murray and McDowell, live stock company, was in the city with K. H. Thompson, a wealthy stock raiser of Iowa. Both of the men were taken through the mills, and like every one else were amazed at the industry. They both had seen some of the largest plants in the world, but stated that the Gary industry was the most wonderful that they had been privileged to see. They also liked the town very much, and there is no question but what they will prove to be heavy investors.

TO FACE HIS ACCUSER

In looking through the city directory of Gary a few days ago Chief Martin noticed the name Emil Camus, and thinking the name sounded familiar began to look into the matter. He soon found that he had a report on his desk of a man by that name wanted in Detroit for seduction, and he at once began an investigation.

After a search of over a week the man was finally located but before the officers could make the arrest the man moved to a shack in another part of the city. The police followed him, however, until yesterday his place of abode was located inside the grounds of the steel company and the man was placed under arrest. He had been employed in the mills as a machinist for some time.

After Camus had been taken to the station he confessed everything to Chief Martin and expressed his willingness to be taken back. He said that he knew that he had caused trouble with a girl at that place but felt that she was as much to blame as he.

SAM. ROTH IS ARRESTED

Samuel Roth of Gary was arrested on a warrant sworn out by Andrew Schoppel, also of Gary, on the charge of assault with intent to kill. The nature of the assault was the pointing of a shotgun by Roth at Schoppel after the two had had a quarrel earlier in the day.

A peculiar thing about the fight is that it started where the two men were engaged in building a church. Andrew Schoppel is engaged in the digging of wells and was expected to drive a well on the property where the German Lutheran church is to be built.

Sam Roth is the contracting carpenter on the job. Roth wanted the well driven so that he could go on with his work, while Schoppel did not want to drive the well until he had been ordered to do so by the officials of the church.

Roth is said to have picked up some timbers and made an effort to assault the well-digger, and the weapons were taken out of his hands. Whereupon he went home and got a shotgun with the idea of either threatening or shooting Schoppel. The gun was taken away from him and he was arrested for assault.

ILLINOIS ARE BACK AT PRACTICE

State Team Will Take No Chances Against Indiana Eleven.

Urbana, Ill., Oct. 21.—Captain Van Hook and his Illinois followers reported on Illinois field today for the first time since the Illinois game, and went through a brief signal drill, popped off by a long run. Van Hook is not completely recovered from his illness, but the other players are in fine shape.

To keep the players from going stale before the next game is a problem for the coaches. The Illinois mean to take no chances with Indiana, which comes Oct. 21, and the team will be warned not to get chummy on the strength of the showing on Marshall field.

There will be no practice tomorrow, on account of a university convocation, so this will be a restful week. "Prep" White's freshmen are drilled hard, however, to meet the varsity on Saturday and they hope to surprise the regulars.

With large crowds at the remaining games, the prospects for a successful financial season are excellent and in the event that there is a good surplus, a new gridiron may be constructed. The present field is in bad shape, is as hard as a rock and a blot on the other excellent grounds.

CROSS AND MCFARLAND READY

Packie Will Fight "Bald-Headed" Tonight in New York Arena.

New York, Oct. 21.—Packie McFarland reached the city last evening from his training quarters at Stratford, Conn., in readiness with his bout with Leach Cross at the Fairmount Athletic Club tonight. The boys are to battle at 135 pounds and Packie is said to be well down to weight.

Much hinges on the bout for both men. Cross is a comparative newcomer to the game and only one year ago was fighting in preliminaries. He is of Hebrew birth and is a strong and rugged little scrapper like Joe Bernstein. He has always proved a difficult man to hurt, and his admirers deriving the pleasure of again beating the American league champs, Brown was tendered a silver service by admiring friends who flocked here from surrounding territory.

THE MAN OF THE HOUR

Champs Assist Mordecai in Making His Day at Terre Haute a Success.

Terre Haute, Ind., Oct. 21.—Mordecai Brown the three-fingered pitching marvel of the Chicago cubs, was the man of the hour at the local ball yard yesterday when the world's champions, with Brown in the box, routed the Detroit tigers 7 to 1 in an exhibition game before 6,000 fans, each of whom cherished a warm spot in his heart for the minor league pitcher. The game was a pleasure of again beating the American league champs, Brown was tendered a silver service by admiring friends who flocked here from surrounding territory.

RACETRACK FORFEITS LICENSE

Charter is Said to Give the Grounds Perpetual Rights to Make Books.

Cincinnati, Oct. 21.—Latonia's license was forfeited yesterday afternoon because the track directorate insisted on maintaining the bookmaking system in defiance of the state racing commission which had ordered the use of mutuels.

Secretary John Hachmeister of the course instantly reported that the card of today would be put off, and said that an injunction would be asked for to prevent the commission from interfering until the matter was thrashed out in the courts.

Latonia will take the ground that its charter, issued years ago, permits bookmaking and poolselling on races and that the present legislature cannot invalidate the act of those bodies gone before.

HARVARD WEAK ON DEFENSE

Second Eleven Crosses Goal of Regulars Three Times.

Cambridge, Mass., Oct. 21.—The Harvard varsity football team exhibited most surprising defensive weakness yesterday afternoon, the second eleven crossing its goal line three times and seeming always able to make its dis-

ance. This was in the latter half of the scrimmage, earlier in the playing the varsity scored twice.

Mike Farley, the old end and former head coach at Harvard, joined the coaches today. Captain Burr was absent owing to a cold and Fish captained the team.

Smith and Forscheimer were injured in the scrimmage. The former was so badly bruised on the hip that he may not be able to play again this season. Forscheimer injured his knee but his hurt is not so serious. However, the absence of both will be a serious setback to the team, for they are easily Harvard's two best fullbacks.

SCRUBS BEAT MAROONS

For the first time in four years a maroon freshmen eleven defeated the varsity team in a mid-season scrimmage yesterday on Marshall field. The unusual spectacle was the more painful because Minnesota plays in the hands of the first-year athletes, were responsible for the "freshie" victory. The score was 13 to 5.

The upset, coming on top of Stag's rosy views of the Midway gridiron situation, surprised the players almost as much as the rosters. The only hopeful feature of the performance was the fact that the varsity line was largely composed of substitutes. Captain Stephen, Schott and Iddings were also on the vacation list, the first two as the result of injuries.

BERRY LOST TO ST. VIEATRE'S

Quarter Back out of Game With Two Fractured Ribs.

Kankakee, Ill., Oct. 21.—After a rest of two days the St. Viator's eleven resumed practice here yesterday afternoon with every player on his toes, despite the grueling defeat handed them by the Marquette eleven at Milwaukee last Saturday. Signal practice served to limber up the cripples. Berry, the star quarter back, is out of the game for the rest of the season with two fractured ribs.

FRANKLIN CANCELS GAME

Bloomington, Ind., Oct. 21.—Franklin has canceled her game with Indiana Saturday because several members are in bad shape. The Baptists are weak this season and could not hope for a score of less than fifty points against them. Sheldon's team is to play the freshmen instead.

SULLIVAN FOULS HART. LOSING TEDIOUS BOUT

Referee Gives Verdict to Kentuckian in Fifth Round.

Boston, Oct. 21.—The scheduled 12-round bout between Jack (Twin) Sullivan of this city and Marvin Hart of Louisville ended abruptly tonight at the beginning of the fifth round, when Sullivan struck the Kentuckian a foul blow which rendered the latter helpless. The referee declared Hart the winner.

The fight was a poor one from a spectacular point of view, both men at times boxing like longshoremen. Sullivan weighed about 160 and Hart 220 pounds. For the first two rounds Sullivan sabbed with his left to the head and drove his right to the body. Hart was staggered with a left swing to the nose, a left to the body and a right to the face. Hart countered heavily on ribs and stomach. In the middle of the third round Sullivan swung left low and it landed on Hart's groin. He went down and was carried to his corner.

After a five minute rest the fourth round was called. Sullivan repeated the foul in the fifth and the fight ended. Sullivan had a shade of whatever advantage there might have been in the milling.

BASKET BALL TEAMS IN CLASH AT EAST CHICAGO

The first and second teams of the East Chicago high school clashed in the first basketball contest of the season yesterday afternoon. The game resulted in the defeat of the second team by a score of 17 to 15. Both teams played a scrappy game, but showed the lack of training which will soon be overcome. East Chicago promises to have an exceptionally fine team this year, with such men as Palmer, Cadman, Riley, Hill and Silverman on the first team, and such timber as Cohen, Peterson and other members of the second team from which to choose the substitute list. Daily practice will be commenced in a few days under the direction of Captain Cadman.

SPORTING BRIEFS.

Ed Dunkhorst is to return to the ring. It is said the "human freight car" now tips the beam at nearly 450 pounds.

Nesmith, Harvard's second team coach, is the official "scout" for Coach Houston.

So far Michigan has not been able to do much scoring on the little fellows. In the navy's practice Richardson at fullback has played fine football.

Charles F. Moll has been re-elected president of the Wisconsin-Illinois League for a term of three years.

With a losing team behind him Nap Rucker, the Brooklyn pitcher, made a great record the past season.

Nothing will ever change the opinion of the New York fans that they were robbed of the National League pennant.

"Eddie" Hart, the former Exeter captain, is making a good showing on the Princeton freshmen eleven.

His cheek bone broken and three teeth knocked out was all that happened to Kleinhart, Pennsylvania's quarterback, in the recent game with Bucknell.

Gary hotel serves Noonday lunch, served from 11:30 a. m. till 2:00 p. m., 40 cents.

NUPTIALS ARE NIPPED PYTHIANS HAVE BANQUET

Tony Horovek Arrested on Charge of Girl That He Wronged Her.

(Special to THE TIMES.)

East Chicago, Ind., Oct. 21.—Arrested on the eve of his marriage by the girl whom he is alleged to have wronged, was the chapter added into the life of Tony Horovek, a foreigner residing in Indiana Harbor, by Constable Charles Mueller last evening. The sweet-heart, who resented the action of her lover in wedding another girl, is Teresa Vjelal, of this city. She is about to become a mother, and that the father of her child is the man now in jail at Indiana Harbor.

According to the story told by Teresa, Tony contemptuously marrying a Whiting girl. Yesterday he went to Chicago and ordered the furniture for his home, expecting to have it shipped to Indiana Harbor. He was scheduled to become a benedict on Friday, but the latest action of the court will doubtless prevent this, and he will be made to pay the punishment, if applicable, of his alleged wrong-doings.

He was even afraid to have the bans published in the East Chicago church, said Teresa to the judge last night. "Instead, he went to the church at Joliet and for the last three Sundays, without my knowledge of what was going on, has deceived me."

Horovek was arrested as he stepped from the Lake Shore train at Indiana Harbor at midnight last night. To say that he was surprised is insufficient. He pretended innocence and refused to accompany the officer. He later gave up his resistance and asked that ball be fixed in any reasonable sum. In the meantime, sweet-heart No. 2, whom he left but few hours, will wait, and in vain, for the return of her fiancé. The wedding will have to be postponed until after the trial, which will probably occur on Friday and the wronged maid declares that she will use every influence to compel Horovek to observe the laws of marriage ethics and care for her child.

HOBART.

Congressman Crumpacker's speech Monday night in Stratton's Opera House was listened to by a good-sized audience.

Indiana Harbor Knights Are Splendidly Entertained Last Night.

(Special to THE TIMES.)

Indiana Harbor, Ind., Oct. 21.—Indiana Harbor Knights of Pythias last evening held a banquet at Sternberg's cafe on Michigan avenue that, for merits of the occasion, was far in advance of any similar function ever held in this city. Over ninety members of the local lodge and their wives were guests at the banquet tables, which had been prettily arranged and decorated by the intuitive genius of Mr. Sternberg. The banquet was served in seven courses and was in itself a triumph of the Harbor caterer's skill.
