

NOT GOING OVER TO MR. BRYAN

Another Political Writer
Goes to Gary to Size
Up Situation.

UNION MEN SORE AT GOMPERS

Charles Wheeler, of Chicago Inter
Ocean, Sizes Up the Political
Situation in Gary.

Another political writer has been to Gary to size up the political situation there. Charles N. Wheeler, the Inter-Ocean expert, says:

"But what of Gary? The republican campaign managers in Indiana have been unable to get a poll of the new citizens at Gary, Indiana Harbor, and the smaller towns that have sprung up from the sand dunes since 1904. Even the steel company's officials at Gary have met with the same failure. The men will not talk. That characteristic is true of the poll among the labor forces all over the state.

"From what could be gathered from two of the union men at Gary in a confidential talk, however, it appears that the new laborers in Lake county are not going to go over to Bryan in any large numbers. The reason for this is quite obvious. Here is a \$100,000,000 plant in process of construction. Twenty employ when completed at least 12,000 men, at good wages. Every prominent man identified with the United States Steel corporation is for Mr. Taft with all his heart and soul. Somewhat insidiously, but, nevertheless, effectively, the story has got to these men that the election of Mr. Taft means the speedy completion of the plant with good wages for an army of men for all time. The story has also got to them that the election of Mr. Bryan will throw a pall of uncertainty over everything, that the further progress of the plant may await a settled policy of some sort or another at Washington, that the future will be all uncertainty and no one can predict what might happen.

One Union Man's Views.

"One of the better paid union men at Gary, said, after we got him angry (for that was the only way we could get him to talk):

"Do you think we are a lot of sheep to let Sam Gompers deliver us to any candidate for anything? We are not mixing up in politics. We don't care who's the next president. Just so we get a square deal. The union men here have no place in politics. We are stronger and more effective to each other politics and make the old parties give us a fair deal."

"And yet when Mr. Taft recently made his speech in Indiana Harbor, after all the mills had been shut down, there were not to exceed 600 men to hear him, and they were as cold as cucumbers."

"From now until election day the union men are going to have his ears split with two Macedonian shrieks. One will come from the republican orators, who will point their fingers at him, make a noise like shaming him, and ask him if Sam Gompers carries him around in his vest pocket to deliver his vote."

THE CASE IS DELAYED

The case in which Gallagher and Williams of Gary are seeking to enjoin the officials and men of the building trades council of Hammond from interfering with their hiring of men, will come up in Judge Virgil S. Reiter's court this afternoon.

LeGrand T. Meyer, the attorney for plaintiffs, went hunting this morning, and as the court is busy with the case of Pollmar vs. the Hammond, Whiting and East Chicago Street Railway company, it is possible that the hearing of the case may be delayed until late in the day.

Attorney Charles Greenwald will appear for the union men and is confident that he can show that Gallagher and Williams have no grounds upon which an injunction is necessary.

POLICE DISCOVER SUFFERING FAMILY

Brutal Father in Indiana
Harbor Neglects Children
for Saloons.

MOTHER SICK BABES HUNGRY

"Booze Fighter" Threatened With
Imprisonment Unless He
Brous Up.

(Special to THE TIMES.)

Indiana Harbor, Ind., Oct. 21.—The police were yesterday called to investigate the conditions of a family residing on Butternut street, in this city. According to the reports of neighbors, he mother and children were in a destitute condition, due to the failure of the husband and father to provide the necessities of life.

Officers Welfenbach and Ford, who made the trip to the place from which the report originated, returned with a tale that cannot fail to arouse the sympathy of the public. The mother was found ill in bed and weak from lack of proper nourishment and care. Five children, ranging in age from 13 years to eighteen months, were in the house, yet unable to lend their mother the aid she desired. Although there was plenty of food in the larder, the children were unable to prepare it, and for several days had lived on uncooked foods.

Only last week the infant child of the family died, and was buried in the Hammond cemetery. Investigation into the habits of the father showed him to be a human being of the worst type, although capable of earning reasonable wages, he preferred to spend his money in saloons. He cared but little for the welfare of his family, and often so expressed himself so to the neighbors. When his money was gone he resorted to the cowardly tactics of wife-beater, and according to the narrative of the woman herself, had abused her until she was barely able to find her way about the house.

DEMOS GET A SPEAKER

East Chicagoans to Hear
Raymond Robbins at
Chicago Tonight.

(Special to THE TIMES.)

East Chicago, Ind., Oct. 21.—East Chicago's democracy is to have another treat this evening when Raymond Robbins of Chicago will address the voters of East Chicago and vicinity on the issues of the campaign. The meeting will be held in headquarters on Olcott avenue and will be attended by a large crowd, according to the statements of the democratic leaders.

Mr. Robbins is well known as a prominent settlement worker and vitally interested in the outcome of the election. He is a speaker of force and integrity and will doubtless make one of the fairest addresses of this year's campaign. Candidates for the several county offices will be present and show to their constituents the advisability of their election, although, save in one or two instances, the election of the republican candidate is assured even by the democratic leaders.

GET BUILDING PERMITS

Three more building permits were issued by the building department yesterday for new residences in Gary. Joseph Frost will erect a new two-story frame residence on lot 32, block 22, first addition to Gary, facing on Jefferson street. George Dodd will soon commence the erection of a two-story brick building on lot 31-32, block 35, on Broadway.

A two-story frame residence is to be erected for Joseph Frost on lot 38, block 3, first addition on Jefferson street.

SALOONMAN 'TOUCHED' BY TWO MEN

Ike Odons and Frank Simmons
In Trouble at
Gary Yesterday.

The Odons, aged 24 years, and Frank Simmons, aged 25 years, went to Gary on a spree yesterday and as a result of an attempt on their part to steal \$8.65 cents in change from the pocket of a Gary saloonkeeper, Frank Simmons will probably have to serve a jail sentence and his partner was released with a reprimand.

The two young men work for the Cain Construction company in Indiana Harbor and came to Gary to make a tour of the red light district in the "Patch." In the course of their travels they went to the saloon of John Barnick and started to play the slot machine in his place of business.

They ran out of change and one of them asked Barnick to get them some change. They noticed that he went to the pocket of his coat and took from it a quantity of change and they determined to get the rest of it if they could without attracting attention.

Work a Foxy Ruse.

The lights in Barnick's saloon are acetylene gas and the coat hung on the pump by which the pressure of the gas is maintained. Simmons told Mr. Barnick that his lights were getting low and offered to pump up the pressure on the gas a little.

While he did that he took all of the change in the coat, which was hanging on the pump. He did not get away with it, however, for the saloonkeeper had him arrested, and in the trial before Judge Huber this morning he was bound over to the Lake superior court.

Odons was released on the plea that he did not know that Simmons was going to steal the money when he went over to the pump.

EX-CHIEF LANDS IN BASTILE.

(Continued from page 1.)

ing, Rogers raised his fist and struck the astonished officer a blow in the face. The assailant is a man of over 200 pounds and his blow bore terrific force, cutting the officer's flesh and causing the blood to flow profusely.

Policeman Defends Himself.

Grasping his club Officer Thompson made a desperate effort to repudiate the attack of Rogers, but in the melee that followed the "billy" was dropped. Rogers closed in and for several minutes it was a case of "who's the best." Finally, when the officer was almost exhausted, but still aggressive, two citizens, whose names could not be learned, interferred and slipped a pair of handcuffs on the now thoroughly sobered Rogers. Officers Gensauski and Haugh arrived on the scene at this time. Followed by the mob who had witnessed the attack they escorted the ex-chief of police to the station, where he was booked by Sergeant Bowen.

Wants Him to Go His Ball.

Here Rogers had the nerve to ask the officer whom he had assaulted but a few minutes before to sign his ball bond. The officer declared that he was willing to do so, but Sergeant Bowen declared that Rogers would have to remain in jail all night. He will be arraigned before Judge Deane sometime today, following the issuing of the necessary affidavits and warrants by Prosecuting Attorney D. E. Boone.

Rogers served as head of the police department under the Hale administration, leaving the office in 1904, after four years of service. His record at that time was the best, and East Chicago pointed with pride to the man who had made such a splendid police official. On entering into the saloon business he gained quite a reputation as a "belligerent," but leniency has always been shown him by the police department.

Shoots Up the Town.

Only last week he was implicated in a shooting affray in a downtown saloon, firing several shots into the ceiling. No arrests were made on this occasion, although had it been anyone else but good-natured John Rogers the offender would have received the extreme penalty of the law.

When not under the influence of liquor Rogers is said to be a man of splendid mental power and capability. East Chicago residents have been disappointed prior to the attack of last evening to deal with his outbursts with leniency.

PROMOTORS OF AIR LINE TALK OF PLANS

Paving of Track Bed on
Broadway, Gary, Will
Begin at Once.

NO TOLLESTON FRANCHISE

This, However, Will Not Be Permitted to Delay Construction
Work as Was Promised.

George Raff of South Bend, and Mayor Lemuel Darrow of Laporte, large stockholders in the Gary and Interurban, and the New-Chicago Air line passed through Gary last night on their way back from the town board meeting at Tolleston, and incidentally dropped into THE TIMES office to tell of their plans for the improvement of the Gary and Interurban and also for the air line. Mr. Raff also signed up a contract with W. A. E. Parry, the local brickman for the brick to be used in the pavement of Broadway.

"The material for the foundation for the brick work is now lying in cars on a siding in Gary," said Mr. Raff, "and the work will be started this week of laying the concrete foundation for the brick, unless some unforeseen difficulty prevents. We expect the brick to arrive in less than two weeks. The work of paving Broadway will be a long tedious job owing to the careful process which we use in laying the pavement. The concrete mixer is now being set up ready to begin operation."

Promises to Reach Gary by June.

Mr. Edwards, one of the most successful railroad construction men in the business will be put in personal charge of the work. Mr. Edwards is the man who recently succeeded Chief Engineer Mapledorum of the air line. This will insure on the best jobs that that can be put in according to the officials who were here yesterday. Mr. Darrow was certain that the new process would be successful.

In regard to the plans for the Air line, Mr. Raff said that they would have the line completed to Gary by June and that it would then be pushed straight to Hammond.

"The fact that we did not secure a franchise in Tolleston, however," he said, "may make some difference in our plans. It may now be necessary to build it north of that town instead of straight through it as we originally intended. It is not likely however, that this will be allowed to effect the progress in the construction of the road."

SAVE THE PIGS TO BUY WIVES.

One Reason Why Cannibalism Flourishes in the New Hebrides.

The New Hebrides are still populated by hordes of man-killing and man-eating savages, precisely as they were in the days of Cook.

Owing to international jealousy, missionary enterprise has been able to accomplish little or nothing on the majority of the islands. Indeed, the interiors of most of them remain to this day unexplored and the tribesmen there have never seen a white face.

Nevertheless they all own firearms, which they have obtained from the coast dwellers, and labor-recruiting vessels. With these they go gunning for one another in order to replenish their larders, for they are cannibals to a man.

Not cannibals occasionally, and through stress of circumstance, as are some of the Central African negroes. The New Hebridean native eats human flesh habitually because he likes it, and because it costs nothing and is easily procurable.

This is shown by the fact that although pigs abound on most of the islands, they are rarely killed for food. Such a proceeding would be regarded as sinful extravagance. For pigs constitute the currency of the country, and can be exchanged for tobacco and beads; or for wives, the greatest of all luxuries.

For 20 pigs one can buy a really good-looking girl-wife, who will delight her lord and master in her youth, and slave for him from daylight to dark in the yam plantations when she gets past her prime.

PATRIOTISM STIRRED IN SERBIAN HEARTS

Foreigners Ready to Champion Cause of Balkan
Fatherland.

T. M. Millich, Gary's well-known Serbian saloon man, at 17 Broadway, attended a mass meeting of his countrymen in South Chicago yesterday, which was called for the purpose of discussing the disruption in their native country.

The meeting was attended by thousands of Serbians from all over the Calumet region and Chicago, and Millich says that 1,500 Serbians are ready to go to Serbia at a moment's notice to fight for their country. A telegram was sent to King Peter yesterday morning, saying that they were willing to serve their country if needs be.

The Serbian leaders in South Chicago and Gary, among whom Mr. Millich is at the head, are working up sentiment among their countrymen and if the Balkan trouble is not settled soon many of them will leave Gary at once and depart for Serbia.

SHORT BOARD MEETING

Gary Town Fathers Will
Hold a Special Session
This Week.

The Gary town board met for their regular weekly session yesterday afternoon, but nothing of special importance came up before the meeting. Owing to the fact that President Knotts was on the reception committee for the Marshall meeting, the members soon disposed of the business on hand in a short time.

Attorney Call, representing the Chicago, Lake Shore and Eastern railroad, asked the board for a franchise permitting them to cross the Clark road with several switches. The request was granted by the board.

President Knotts said that owing to special business that would come up before the next regular meeting next Tuesday a special session of the board would be held later on in the week.

was left to take what recourse he would.

At the convention at which the democrats were to select a prosecuting attorney and a judge of the Lake circuit court, it endorsed Charles Greenwald, the republican candidate for prosecutor, and Judge W. C. He wants to take advantage of the law which permits a man to have his name placed upon the ticket of any party when there have been no nominations made by that party and he succeeds in securing the names of twenty-five members of that party to his petition.

It was a frigid reception that the ambitious Whiting party received when he appeared before the county commissioners and asked to have his name put on the democratic ticket.

The democrats realized that it would cost them many votes because of the necessity for scratching the ticket that would result, and the republicans did not like it because Charles Greenwald is now certain of election, and there is no need of complicating matters.

POLITICS IN WHITING VERY MUCH ALIVE

Democrats Are Well Organized and Republicans Claim the City.

MANY MEETINGS PROMISED

Croatian Banquet on Saturday Will
be Well-Attended and Elaborate Affair.

(Special to THE TIMES.)

Whiting, Ind., Oct. 21.—Leading members of both political factions in the oil town are sanguine and while on a tour of investigation yesterday afternoon assured THE TIMES representative that Whiting would be carried by the democratic and republican columns with majorities of from 300 to 800 votes in either event. Both parties are active, the democracy being especially well organized and the republicans fighting hard to retain their majority of past years. Public rally evenings have been arranged and for the next two weeks Whiting will present somewhat of its former political aspect, enthusiasm being promised for every public demonstration and meeting.

Meet Tomorrow Evening.

The oil city democracy will hold an informal meeting in their headquarters on One Hundred and Nineteenth street tomorrow evening. Ex-Senator Johannes Kopeike of Crown Point will deliver the principal address. Mr. Kopeike is a fair-minded speaker, and is one of the strongest men drafted by the democratic county central committee. Messrs. Edward O'Hara, William E. Hickey and Charles Naef will also address the voters, and attempt, by their explanations of the Bryan policies and their multiple meanings to throw Whiting off the republican ship of state into the troubled sea of democratic doctrines.

On next Tuesday evening the final rally of the year will be held. The speaker has not yet been engaged, although Colonel J. Hamilton Lewis, the ex-Chicago corporation counsel; George W. Peck or John W. Kern, the vice presidential candidate, are mentioned as possibilities.

Republicans Are Active.

On the other side of the fence Chairman Vater's forces are exerting every effort to make the big Croatian-Hungarian-Polish-Slavish-Lithuanian meeting on next Saturday evening a big success. Several sheep are to be roasted in pits on the outskirts of the town, and brought to Mettler's hall for the feeding of the 2,500 persons expected to attend the meeting.

Pante Haralovich, who controls the foreign vote of Whiting, is probably the most enthusiastic republican in Whiting and is working night and day for the successful culmination of his banquet idea. He has succeeded in securing the services of a prominent foreign speaker, president of several foreign societies in Pittsburgh, to address his countrymen. Senator A. J. Bower of Chesterton is also scheduled to deliver an address, as will also several of the county candidates. Most of the latter have promised to be present after the Taft demonstration at Gary on that night.

Although this banquet and smoker is advertised as the final rally of the campaign, local republicans will endeavor to secure two or three speakers of this state, if not national reputation, for the last Saturday before election day. This matter is still in abeyance and will be decided by the latter part of this week.

A STARTLING STATEMENT

New York Medical Authorities Claim Dyspepsia Causes Consumption.

The post mortem statistics of the big New York hospitals show that some cases of consumption are due to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis.

Dyspepsia wears out the body and brain, the weakened, irritable stomach unable to digest food, the body does not receive the required nourishment, constipation ensues and the victim becomes thin, weak and haggard. As a result, the body becomes a fertile field for the germs of disease to lodge and flourish.

Therefore, the person who permits dyspepsia to progress unhindered is guilty of contributing toward the development of one of the most insidious and fatal diseases known to mankind. Dyspepsia is curable if properly treated. Kaufman and Wolf sell a remedy which they positively guarantee will cure indigestion or dyspepsia or they will pay for all the medicine used during the trial. This remedy is an absolutely new medical discovery and has been named Rexall Dyspepsia Tablets. Certainly no other could be more fair, to try this remedy.

Wolfe is proof positive that Rexall Dyspepsia Tablets are a dependable and infallible remedy. Inasmuch as the medicine will cost you nothing if it does not benefit you we urge you who are suffering with indigestion or dyspepsia, to try this remedy. A twenty-five cent box of Rexall Dyspepsia Tablets contains enough medicine for fifteen days' treatment. Remember Rexall Dyspepsia Tablets are only sold in Hammond by Kaufman and Wolf.

Will Be Tremendous Affair.

This will be a tremendous affair with Taft dividing honors with Senator Beveridge, who will be on the point of invading his home state. The senior senator will start bright and early Monday morning on a special to tour Indiana for five days. He will visit practically every county and make a stop in every city and town of any considerable size. His tour will be the most complete of any other speaker touring the state.

Both the national and state committees are depending on Beveridge to effect the Bryan gain in Indiana. Other speakers will be on the stump, notably Vice President Fairbanks and John L. Griffith, consul general to Liverpool, but the task of answering Bryan has fallen to Beveridge.

Many speakers have been sent out by the state committee to entertain the crowds at the Taft points pending the arrival of the special. These will be expected to hold the crowds and keep good feeling uppermost. Charles W. Miller will be at Ft. Wayne, Addison C. Harris at Warsaw, and Monteville Flowers at South Bend.

TAFT TO MAKE A FINE TOUR

Republican Candidate For
President of United States
Expected to Roll Up a
Big Majority in Indiana
as Result.

CITIES AND TOWNS MAKE PREPARATIONS

All Cities on Schedule Will Be Honored and Hammond and Gary Will Get the Closing Meetings of the Whirlwind Trip Through This State.

Indianapolis, Oct. 21.—Great preparations are being made by many Indiana cities and towns for the Taft meetings to be held tomorrow and Friday and Saturday in connection with the tour of the state by the presidential nominee in a special train. Forty-three scheduled stops are to be made, but more than forty-three cities and towns are donating their holiday clothes and planning to greet the distinguished visitor. Many places not on the official schedule will try to hold up the train. All Indiana wishes to see and hear Taft and the managers of the tour are inclined to accommodate the largest possible number.

It is positively stated at republican headquarters that Mr. Taft will appear at all the places for which meetings have been booked even though he finds it impossible to make all his promised speeches. He is suffering from throat affection and it may be necessary for him to refrain from speaking in the mornings, and evenings when the air is dank and raw. He will be seen by all, however, even if he is not heard.

First Stop at Lawrenceburg.

The special will enter Indiana from Cincinnati bright and early tomorrow morning and the first stop will be at Lawrenceburg at 7:35. Brief stops of five, ten or twelve minutes will then be made at Aurora, Osgood, North Vernon, Seymour, Brownstown, Mitchell, Bedford, Ellettsburg and Bloomfield and then will come the first real stop of the day at Lincolnton, which will be reached at 2:15 in the afternoon. Twenty-five minutes will be spent there and then a half hour will be spent at Terre Haute. Sullivan and Vincennes will have short speeches after which the special will enter Evansville for a big night meeting.

Reports from Evansville indicate that the meeting Thursday night will be one of the biggest in the history of the city.

Leave Evansville at Midnight.

The special will leave Evansville at midnight and the second day will open with a short stop at Brazil. Ten minutes at Greenfield and then the same length of time at Crawfordsville will bring the special to Lafayette at 10:05. After a twenty-five minutes' stop, the special will continue on up the state with short stops at Frankfort, Kokomo and Greentown. Marion will get an hour in the afternoon and Muncie and Anderson will get twenty-five minutes each after which the special will head for eastern Indiana with brief stops at Knightstown, Rushville and Shelbyville.

The night meeting Friday will be held here in Indianapolis and arrangements are being perfected for a mammoth demonstration with a street parade, outdoor speaking, etc.

The third and last day will open at Greenfield and then will come a twenty-minute stop at Richmond. Shooting north the special will stop at Winchester, Portland, Decatur and Ft. Wayne, where thirty minutes is scheduled. Columbia City, Warsaw, Goshen, Elkhart and then South Bend, where a full hour will be spent. Laporte, Michigan City and Hammond will wind up the last afternoon and then the special will steam into Gary for the final celebration in Indiana.

Will Be Tremendous Affair.

This will be a tremendous affair with Taft dividing honors with Senator Beveridge, who will be on the point of invading his home state. The senior senator will start bright and early Monday morning on a special to tour Indiana for five days.
