NEWS OF THE COUNTY SEAT

DEATH OF FORMER LAKE COUNTY MAN.

Only One Member Left of Trio of Brothers Now.

Further reports of the death of Horace M. Griffin, who was well-known throughout Lake county, especially in Hammond where he in the past was a successful business man engaging in the electric lighting business at that town, have recently come from Colorado. His death was due to a paralytic stroke, he being stricken at Boulder, Colo., at which place he and his wife were sojourning to benefit his health. The remains were shipped to Wenter, Tex., where the interment took place. His brother, Cassius Griffin, of Hastings, Okla., is now the only surviving member of the family that were so well and favorably known in Lake county.

All Are Invited.

Don't forget to hear Judge Belter's address at the republican headquarters over Scheddell's drug store on Friday evening. Belter has his own particular way of saying things and its particular way that takes with his audiences. All are invited to this affair, which will be in the nature of a gentlemen's smoker.

Will Send Delegation There.

Having finished so successfully the big Watson barbecue and rally of last Saturday, the Center Township Republicans are looking for more worlds to conquer, and now are considering taking a delegation to Gary to hear William Howard Taft there on Saturday night. The matter will be taken up at the meeting Friday night and all those wanting to go will please report at the meeting, republican headquarters.

Makes Another Stop.

The Erie milk train made one of its regular stops at its new station, "Way-Side Wait" on one evening this week, and passengers on the old cow train arrived some time after 10 o'clock. The matter was considered as a joke at first by the passengers, but its regularity has made it anything but that, and bets are now made by the passengers on their chances of getting on time.

Treasurer Maack is a pretty busy man these tax-paying days and it keeps him on the jump to handle Lake county's money. Anyone that groans over expenditures in Lake county should see the corresponding receipts that are taken in and they will realize that Lake county is big with a big "B" and cannot be run for a song. The Standard Oil company alone paid nearly \$50,000.00 into the treasurer's office yesterday.

NEAR DEATH'S DOOR.

"I was near to death's door. The doctor said he had done all he could, that my stomach was old and worn out. I was so weak I could not walk. I took Mi-o-na tablets, and have been eating hearty ever since, and I am able to work like a tiger. I wish I could go and thank you myself. I send you my picture, and you can use my word and my picture, and I thank you again."—Mrs. Nelson Lucifer, 112 Fisk street, Athol, Mass.

Mi-o-na cures dyspepsia. If any readers of The Times are suffering from stomach trouble of any kind, Sammers' pharmacy will sell you a box of Mi-o-na for 50 cents with an absolute guarantee of relief, or money back. In many cases one box will effect a permanent cure; in chronic conditions more is necessary. But one thing is certain: one box of Mi-o-na will make you feel so much better and brighter, so much more energetic, that you will not give it up till cured.

WRITES LETTER TO WM. J. BRYAN

(Continued from page 4.)

which they have always been as keen as a turkey buzzard?

4. If there is to be a surrender of principles, shall we accept the role of penitents and sinners, or shall they?

5. If we are to open a new set of books, what kind of books are they? Will it be an enrollment of real democrats or just so-called democrats?

Why keep a set of books if the roll is to be any old thing with the tag on its back? If the books are not to record something more personal and important, why open them? In the future, if we should not agree, of what use would they be to us, more than our present record? If our present record speaks truth why open a new set of books?

I would not have you think that I love discord better than harmony, but how can we harmonize unharmonious elements—why talk of harmony when that is an impossibility, why talk of peace when there can be none among warring elements?

These people just now are very loud in their advocacy of your ability—but after your nomination will they be any truer to you than they were in the past? Or to Mayor Byrne in Chicago? If they should, would it mean that they were anxious to help you put democratic principles into action, or would it mean that they wanted to grab all the offices in sight and act as stumbling blocks in your path? In days gone by you denounced Sullivan and others for advocating your candidacy as not only personally distasteful, but an injury rather than a help to you and the cause of true democracy—also that he must give up the fruits of "highway robbery" before he was entitled even to clemency. We have seen no evidence of disorging on his part, nor that of Thomas Taggart, or any of their kind. No works meet for repentance? We are loath to believe that your conception of justice, political or otherwise, has changed in the past few months. We prefer to think of you in the old attitude of fidelity to truth, principles, and common honesty in politics, and determined to sacrifice nothing in that line merely to be elected president of the United States.

We shall refuse to believe this implied change of front on your part until we have it from your pen over your own signature. We are anxious to hear from you on these points, indicated in this letter, in order that we may set at rest fears that have arisen among the doubting, which we feel confident are unfounded.

I am not one who would wish to make war on these people who oppose us so much in our own ranks, but at the same time I do not hesitate to say that I do not believe for a moment in permitting them to dictate to us in anything. Neither have they shown anything that would entitle them to any place in the management of our political organizations. If we permit the humblest of positions. If we permit it—they will cut our throats as they did our candidate in Chicago last spring. I hope to hear from you at length.

Yours for true democracy.
E. G. BALLARD.
