### Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John F. Fife one of the Editorial Staff of The Eclectic Medical Review says of Unicon root (Helonias dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator. It makes for normal action of the entire reproductive system. He continues 'In Helonias we have a medicinal which more fully answers the above purpose than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent.' Dr. Fife further says: 'The following are among the leading indications for Helonias (Unicon root). Pain or aching in the back, with leucorrhoea; atonic (weak) condition of the reproductive organs of women; mental depression and irritability, associated with chronic diseases of the reproductive system; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppression or absent monthly period), arising from or accompanying an abnormal condition of the digestive organs and systemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen.'"

If more or less of the above symptoms be present, no invalid woman can afford to neglect Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicon root, or Helonias, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions it is of great value. It is useful in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

## HEARD BY RUBE.

Meanwhile the Gary coal man sits back and softly says: "There will come a time some day?"

The elephant is on the go. He never halts a day. But Mr. Bryan wants to know Who buys the creature hay.

It is not at all strange that Taft should prefer Gary to Chicago.

If the campaign is not sane enough for your kindly speak up and we will have it changed for you.

Down in Indiana the other day a man was shot, being mistaken for a squirrel. Being mistaken for a deer is bad enough, but being mistaken for a squirrel is certainly adding insult to injury.

Nothing distracts a candidate making a political speech as to have some outsider shout for the candidate on the other side.

Just think, Roosevelt is to get \$30,000 for it. They could get a real editor for just half the money.

There are a few people in Gary who are making predictions on the election. Better put on file and refer to the Nov. 4 and see what a fool you made of yourself.

Gary real estate dealers are working hard for their second game of the season. The boys are out nearly every night and expect to be in a decidedly improved condition when they meet Lowell. With good training Gary will have a splendid team.

There are many men in Gary, who although they have never been a witness in a lawsuit, they usually know what it is to be cross-examined.

In Pittsburg a man shot himself while at the telephone. You can hardly blame him if the service is as bad in Pittsburg as it is other places we know of.

The only drawback to the doings next Saturday night is the fact that we will hardly know what to do with all the people.

Although the local candidates have done very little speech-making local drug stores report a big sale of throat lozenges.

Cheer up, let the ice man have a full fling. You know it is an awful long time until next April.

### RAILROAD NOTES.

The Chicago, Lake Shore and Eastern have a large force of men employed in laying track for their enormous yards just east of Gary. It is said by the 15th of November that thirty-six railroad crews who formerly operated at South Chicago will be moved to Gary, which will bring at least 800 men to this place.

The Chicago, Lake Shore & South Bend Interurban are putting in new switches near Harbor Junction, and when completed will save much time in the schedule of transferring passengers from Indiana Harbor and Gary at that point.

The new ticket office and waiting room at Harbor Junction is nearly completed and is the largest of any on the line from Hammond to Gary.

The material for the paving in between the tracks of the Gary and Interurban has arrived and a large force of workmen are employed on North Broadway at the present time on the work. Now that the material has arrived the work will be marked until completion.

There will be special rates on all the railroads leading to Gary on Saturday night on account of the big Taft meeting at this place.

The new station of the Chicago, Lake Shore and South Bend Interurban at Gary is nearly completed, and will be open for business in a short time. The finishers are at work at the present time.

A building permit for the new Baltimore and Ohio freight house was issued by the building department a few days ago and work will be started on the new structure at once.

A large force of men are still employed in the elevation of the Lake Shore tracks at Gary. The task has been an enormous one, and has cost the Lake Shore a large sum of money. The 15th of next month will see its completion within the limits of Gary.

On the first of the week the C. L. S. and S. B. agents put on sale a fifty-four-ride communication ticket for \$5,

but the same is not rated after thirty days. The Gary and Interurban have also made a rate to school children of ten rides for 25 cents.

The yards when completed will be the largest transfer terminals in the state.

## FRANCHISE IS PASSED

Whiting, Ind., Oct. 23.—(Special).—At an adjourned meeting held last night by the Whiting city council the pending street car franchise to Lewis N. Erb was passed. In granting the franchise Mr. Erb was given 60 days' time in which to secure his franchise into Indiana Harbor and by this time he must have furnished \$1,000 cash bond.

The franchise is for a term of 30 years with the additional requirement that the promoter furnish a \$5,000 and that he pay annually for five years \$1,000 in cash to the city.

The time schedule is regulated to 15 minutes from five o'clock in the morning until 9 o'clock in the evening. Six tickets must be sold for a quarter and after five years of operation eight tickets must be sold for a quarter.

A meeting will be held in the near future, according to Mr. Farovid, at which the officers of the new Commercial, or Business Men's club, will be chosen and the details for the prosecution of their idea considered. There is no doubt that the erection of such a building would be a splendid advancement for this city, where it is impossible to find clubrooms suitable for social or recreation purposes. The new building, when completed, will give business men of the city a place in which to meet half an hour or an hour's rest every day, hold their meetings for the advancement of the city's interests and mingle in friendly intercourse during the evenings.

## INDIANA HARBOR'S COMMERCIAL CLUB

John R. Farovid Secures Contributions From 30 Business Men.

(Special to THE TIMES). Indiana Harbor, Ind., Oct. 23.—Indiana Harbor is soon to have a Commercial club, comprising in its membership about forty of the prominent business men of this city. The organization is now being effected through the efforts of John R. Farovid, who has secured the names of about thirty men already, each willing to contribute a substantial amount for the purchase of a lot on Michigan avenue.

It is the intention of the club to spend about \$5,000 for a suitable piece of property and build upon it. A three-story brick building is contemplated, with clubrooms on the second and third floors and stores on the main floor. The building is to cost about \$10,000 and should bring handsome returns to those entering into the company for its building.

A meeting will be held in the near future, according to Mr. Farovid, at which the officers of the new Commercial, or Business Men's club, will be chosen and the details for the prosecution of their idea considered. There is no doubt that the erection of such a building would be a splendid advancement for this city, where it is impossible to find clubrooms suitable for social or recreation purposes. trying to dispose of ladies' wearing apparel to Jack O'Keefe, the popular restaurant man on One Hundred and Nineteenth street.

When taken to the station the suitcase which the man carried was opened and found to contain many articles of clothing belonging to the fair sex and all were of the finest material.

The collection consisted of three silk waists, one of which was a beautiful white one, and a purple velvet dress, which was exceptionally grand.

In addition to the wearing apparel Baker had a woman's gold turquois set ring, which he was also trying to sell.

### Himself a Good Dresser.

The man under arrest is quite well dressed, wearing a light suit, derby hat, patent leather oxfords. He is of medium build, dark brown hair and smooth face.

The story told by him when asked by the officer where he had procured the articles, was a most unusual one. Although only about 21 years of age, he told of being married and living at the above address. He said he and his wife could not agree, so they decided to break up housekeeping and the result was he was out selling her clothes. How a man has the right to dispose of his wife's clothing, even though they cannot agree and separate, is a mystery, and he will be held in the local jail until an investigation is instituted.

## DEMOS. STORM MILLER

"Little Joe" Makes Rapid Fire Attack on the G. O. P.

Miller, Ind., Oct. 23.—(Special).—The much-advertised democratic meeting at Miller was held last night, and the little schoolhouse was crowded to the limit. There was nearly a dozen democrats who came to Miller from Gary, so many attended, in fact, that they were unable to hold their own weekly meeting in Gary. That meeting was postponed until Monday evening.

At Miller the main speaker of the evening was Attorney Joseph Conroy of Hammond. He delivered his usual rapid-fire attack on republican principles and was well received by the crowd. He was then followed by Judge W. W. McMahon of Hammond, Edward Simon and a number of others also spoke. The rally last night was one of the largest that has ever been held in the city, as there were quite a few who attended from Hobart, which is also in Hobart township.

At Miller yesterday preparations were made to come to Gary tomorrow to attend the great Taft meeting of the republican party.

## DOING THEIR DUTY

Scores of Hammond Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty. When they fail to do this the kidneys are sick. Backache and many kidney ills follow.

Urinary troubles, diabetes, Doan's Kidney Pills cure them all. Hammond people endorse our claim.

Mrs. J. W. Addy of 307 Indiana avenue, Hammond, says: "Why will women suffer from kidney disease and other allied troubles when they can obtain such a grand remedy as Doan's Kidney Pills. Perhaps they were like myself. I felt weak and miserable for a long time but never stopped to ask myself the question, 'Are my kidneys the cause of my trouble?' I went right on suffering until at last I had to seek relief. I gave every remedy I thought would help me a trial, but without being benefitted in the least. Finally I heard about Doan's Kidney Pills and how many cases of kidney diseases they had cured, after doctors had failed. I decided to try them and procured a box at Hicknell & Co's. drug store. I improved soon after I began taking them, and before I had finished the contents of one box the benefit I had received was unmistakable. I used in all three boxes and by that time I was cured. I advise all suffering as I did to try Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
