CAMPAIGN LIE IS BEING CIRCULATED

Politicians Would Drag the Steel Company Into Deal.

CHARGE COERCION OF VOTERS

Corporation Stands Neutral and Report that Workers Must March is Unsupported.

A few malicious politicians yesterday started the story around the city that the Indiana Steel company was making an attempt to whip their employees in line to vote the republican ticket. The stories which they have been circulating about the city are branded as infamous untruths by these who are in a position to know.

The political yarn which attracted the most interest yesterday and was circulated with the most diligence was the story that the steel company was circulating a petition asking all of its employees to join in the Taft parade Saturday night. After the petition had been circulated in certain departments those who had refused to sign were immediately sent to the office where they were asked for an explanation for their action.

Company Is Neutral. Those who have followed the politics of the steel company and their local attitude know that this is an impossibility, for they have maintained a position neutral throughout the present campaign. The republican managers have never received a cent from them to carry on the campaign in this city and all such reports as have been

emanating from certain quarters have been branded as falsehood by both the employees of the mills and the citizens of the town.

Aside from the instance above referred to there have been many other attempts of the same nature to stampede the employees of the steel company, who seem at the present time to be fixed in their support of republican tariff policies. The attempt to get the employees to bolt the ticket which history has shown the steel men repeatedly slippert, the democrats have warned the men not to stand for any political dictation from the mills, in spite of the political inactivity of the officials of the company.

ATTY. CONROY SLIPS UP

Taft Banner Was Painted By Union Painters and They Forgot Label.

Joseph Conroy took occasion in an East Chicago speech to roast the republican party management in Hammond for not putting the union label on the large Taft advertisement which was strung across Hohman street.

Mr. Conroy, who is usually a pretty fair minded man overstepped himself in his enthusiasm for his party in this case. The banner which was placed across the street was painted by union painters and but in the rush of the work the label was left off.

The banner was taken down and the label was placed on it. The union men of Hammond and this vicinity know that the republicans have been scrupulously careful to have the label on everything they have used and this in spite of the opposition of some of their democratic members to the party.

What is more, the republican party in Lake county have given the union men more work at higher wages in a week than the democrats have in the whole campaign. Mr. Conroy failed to make mention of the fact that Samuel Gompers was willing to sit on a platform down in Indiana that was not made by union carpenters when the carpenters there refused to sit on the platform with him for that reason.

JEALOUS OF HIS GIRL

Samuel Hunter, residing at Washington street and Ninth avenue in Gary, was arrested last night on the charge of assault and battery upon his sweetheart, and while languishing in the town jail today he will have ample time to reflect upon the evils of jealousy.

Samuel, according to Maggie Nolan, who is the complainant in the case, is very much in love with her, in fact so much that it hurts him to see her speak to any other man. He figures that he is being robbed of just so much pleasure. She says that he remonstrated repeatedly with her for her actions and that on several occasions he has beat her for exercising her privilege. She says that he did the same thing yesterday that was the reason why she had him arrested. Hunter will be tried tomorrow.

While Maggie was telling her story that Samuel loved her too much, a report came in from the Tolleson Lumber company district that a man there did not love his wife enough. Officer Newman went down there and found a regular family squabble under full steam. He applied the official brakes, but did not make any arrests.

CARL MAY GET FIGHT

The challenge issued a few days ago by Fred Lucas and printed in The Times, the New York Italian middleweight, has borne fruit as Carl Anderson, the Indiana fighter, has accepted it on the condition that Lucas will be 158 pounds at the ringside.

One of the clubs in Kansas City wants to bid for this meeting and if Lucas will agree to Anderson's terms there will be no further hitch in the negotiations. Anderson says he would like to secure a side bet of \$200 and to have the contest take place within three weeks.

ANNOUNCE THE CARD

The members of the boxing club at West Hammond, which is promoting the ten-round contest Oct. 30 between Denny Goodman and Frankie White, local featherweight boxers, have announced the complete card for the show. Goodman and White have agreed to make 126 pounds at 3 o'clock on the day of the contest.

The semi-windup will be between George Sterling of this city and Louis Dejaki of Hegewisch, Ill., six rounds at 124 pounds at the ringside and the minor event will bring together "Kid" Nichols of Dayton, O., and W. Brady of Gary, Ind., six rounds at 118 pounds at the ringside.

NO INJUNCTION ISSUED

The injunction which was brought against the Gary carpenters and builders by Gallagher and Williams, was dismissed this morning on the motion of the plaintiff in Judge S. Virgil E. Reiter's court.

Up until a late hour today it was thought that the case would be pushed to a conclusion, but Messrs. Gallagher and Williams saw that they had no case against the carpenters and they decided to drop the matter.

Judge Virgil S. Reiter's ruling in which he said that there was no pressing necessity for an injunction, served to show Gallagher and Williams that they really had no grounds upon which to ask for an injunction.
