

FR NEIGHBORING TOWN AND CITY

NEWS OF THE COUNTY SEAT

E. D. CRUMPACKER AT CROWN POINT TOMORROW.

Will Speak at Central Music Hall Tomorrow Evening.

Every man and woman in Crown Point, regardless of politics, is invited to tomorrow night to hear the Hon. Edgar D. Crumpacker speak on the political issues of the day at Central Music hall. Mr. Crumpacker is one of Crown Point's old stand-bys in the way of a political speaker and never fails to draw a crowded house. Mr. Crumpacker's long and varied experience at the seat of government at Washington has given him a keen insight into the political questions that are before the country at large, and that he will handle them in his own masterful and fair-minded manner goes without saying. The Republicans are getting a reputation for having their crowds composed mostly of ladies, and so as to not disappoint certain democratic organs, the ladies are especially invited to hear Mr. Crumpacker at the Central Music hall tomorrow night, at 8 o'clock sharp. The Hammond male quartette will render several selections.

Tackles Hammond High School.

The great game of the season between the county high schools will occur next Saturday afternoon at the local eleven's ground on South Fourth street, when they will tackle the Hammond high school eleven. Crown Point high has been a consistent loser this season, having lost four consecutive games. However, they will endeavor to turn the tide next Saturday, and if Hammond wins it will be because they have the superior team. The local eleven are prepared to do or die, this time. Great interest is being displayed and a large crowd of rooters for both teams are expected to witness the games.

Politics All the Rage There.

Politics occupy the center of the stage in Crown Point at present, and hardly any other topic is discussed. The Republicans are interested in the funny angle the Marshall and the saloon question has taken and while he is the avowed candidate of the brewery interests there are many distillers and temperance people who are giving their support to win in the central part of Indiana. Verily, there is a hog in the fence somewhere, and Marshall has to be given the credit for playing an adroit and two sided game of politics. Probably the truth of the matter will not be aired until too late, when those who have lent their support to the two sided game will have plenty of time to wait and quash their teeth.

Study Club Meets.

The Woman's Study club met yesterday afternoon at the library building. Mrs. Eugene Crowell was elected to membership, and after the usual business Mrs. Etta Vilmer entertained the club with a fine paper on "Gustavus Adolphus," followed by Mrs. Luella Tinkham on Household Ventilation. After the critics report the club was adjourned to meet again next Tuesday, at which time Mrs. Scheddel, the delegate to the State Federation convention, now being held at Indianapolis, will give her report on the convention.

Many Crown Pointers attended the Lightner funeral at Hobart yesterday afternoon and report a big crowd there to pay their respects to one of Lake county's popular and esteemed citizens. The Masons from here attended the services in a body.

Politics are a hard thing to argue this year, with one side having most of the arguments in their favor, past performances, satisfactory legislation and one of the most popular candidates ever known, and the opposite side.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until today we have a rich storehouse of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases. It is his duty to properly investigate them and in so doing he has discovered the most efficient stomach tonic, liver invigorant, heart tonic and regulator and blood purifier known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvellous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of the most reliable testimonials contributed by grateful patients who have been cured by it of catarrhal affections of the uterus, irregularities, profuse and painful discharges, caused by weakness, derangement of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

KRUSE CASE ON TRIAL.

The remonstrance case against Peter Kruse to prevent the issuing of a county liquor license is on trial in the Porter circuit court today before Judge McMahon. This is the case that was appealed from the commissioners' court some time ago.

ONE ON THE PROFESSOR.

A well-known Valparaiso young man was recently experiencing difficulty in putting a problem on the blackboard during a recitation in mathematics in a class at the university when the professor in charge said: "Abraham Lincoln could have solved that problem when he was your age." Quick as a flash the young man replied: "Yes, and Abraham Lincoln was president at your age, but you are not."

Mr. Barts: "It is distilled from, er, er—"

Bright Student—"Seeds."

The juniors won the first battle; nobody seriously injured.

Next Thursday afternoon the Hobart boys play Wheeler high school at that place.

Mr. Thompson has received a number of plays. He is now reading them to take his choice, and a good high school play will be presented to the public about the middle of December.

The sophomores and juniors were defeated by the seniors and freshmen in their third game of basketball this season. The game was played Saturday afternoon, and the score was 10 to 6. The sophomores and juniors won the first two games and so are not discouraged by this defeat.

The general averages for the first month were very good. The two highest in each class were: Seniors, Fred Frank, 94%; Theresa Butts, 94%; Juniors, Ethel Crockett, 98%; John Flick, 92; Sophomores, Ellwynn Roper, 93.5; Carl Leazer, 98; Freshmen, Doris White, 98; Mabel Trager, 98.

The game of basketball between Hobart and Crown Point was played last Saturday, the former winning, score 1 to 2. About 200 saw the Hobart team win, though the visitors showed good form, but lacking practice. The line-up for Hobart was: First center, Edna Borger; right guard, Edith Chase; second center, Elsie Rose; left guard, Alvina Krause; right forward, Tillie Rose; left forward, Margaret Bullock.

Rexall

"93" HAIR TONIC

Our faith in the superior remedial qualities of Rexall '93' Hair Tonic is so strong that we promise to return your money—without question or quibble—if it does not do what we claim it will.

Because it contains Resorcin, Beta Naphthol, Pilocarpin, Borax, Glycerin and Alcohol in perfect combination, Rexall '93' Hair Tonic provides the softening, cleansing, antiseptic, germicidal, stimulating and nourishing properties, so desirable and necessary for the successful treatment of scalp and hair troubles.

If used according to directions for a reasonable length of time, we are absolutely positive that it will thoroughly cleanse the scalp and hair, relieve irritation, eradicate dandruff, stimulate the hair follicles and papilla, revitalize and nourish the hair roots, stop falling hair, prevent baldness, promote hair growth and make the hair naturally soft and silky.

You must realize that we would not dare back up our claims with such a liberal offer unless we were positive that we can substantiate our statements in every particular, and the most skeptical person should at least be willing to try Rexall '93' Hair Tonic at our risk.
