

COMPANY TO FILE ITS PAPERS

Valparaiso-Gary Interurban
Will Make Application for
Incorporation Today—
Franchise to Be Consid-
ered After Organization.

IS NOW BUYING UP ITS RIGHT OF WAY

Unlimited Capital Said To Be Behind
Project—Son of Senator John P.
Hopkins, of Chicago, is Interested
—Promise Operation Some Time
Next Summer.

Articles of incorporation of the new
electric line which is to be built from
Valparaiso to Gary, via Hobart, will be
filed with the secretary of state today.

This is the statement made by F.
Keator of Aurora, Ill., one of the pro-
moters of the new road, who was in
Gary yesterday and who was present
at the meeting of the town board, in
hopes of securing an entrance for his
line into town. This the board re-
fused to grant until the company was
incorporated under the laws of the
state.

Mr. Keator, in talking to a TIMES
reporter last night, said that articles of
incorporation would be filed today at
Indianapolis.

"We have no limit of money to back
the building of the road," said Mr.
Keator last night. "The finances of
the road are being furnished by United
States Senator Hopkins's son, of Illi-
nois, J. S. Hopkins, and friends of his
in Chicago."

Buying Right of Way.
The right of way from Valparaiso
to Hobart has already been purchased
and agents of the road are now at
work securing the right of way to-
wards Gary.

The only thing that has delayed the
work at all is that the promoters did
not feel inclined to further the pro-
ject until they were satisfied they
could get an entrance into Gary. The
members of the town board assured
Mr. Keator yesterday that just as soon
as the company was incorporated a
franchise would be granted to them.

"We want your line to come to
Gary," said President Knotts of the
board, "and just as soon as we see the
disposition on the part of your offi-
cials to incorporate we will grant you a
proper franchise. At this time we
do not feel inclined to grant any com-
pany a franchise to build a line into
Gary without it is incorporated and
show that it is responsible."

To Be Completed Next June.
Mr. Keator said that the promoters
were exceedingly anxious to start the
construction work on the road this
fall and intend to begin grading on
the Valparaiso end of the line at once.
If the Gary franchise can be secured
the company intends to have the line
in operation by Decoration day next
year. That is the reason the com-
pany is so anxious to start work on
the line this fall.

The line will be built on private
right of way between Valparaiso and
Hobart.

MUNSTER.
School will be closed here Friday
while the teachers attend association
for two days in Hammond.

Mr. and Mrs. J. Viler and family
moved to Hammond today, where they
will live in the future.

Mr. J. Boland is in one of the Chi-
cago hospitals with quite a severe
case of blood poisoning. He hurt his
leg some time ago while stepping from
a buggy, and blood poison set in.

Nick Kikkert was a Lansing visitor
yesterday.

Mrs. William Partridge of Chicago
is here visiting friends for a few days.

Miss Helen Kaske has been on the
sick list for several days.

Miss Jane Kikkert visited relatives
in Saxony yesterday.

CROUP QUICKLY CURED.
Don't Let the Child Choke to Death
While Waiting for the Doctor.

Hymel, the miraculous, antiseptic,
dry air treatment, will cure croup in
either the first or second stages. Easily
inhaled, even when the breathing is ir-
regular, it reaches more promptly than
any other remedy the terribly inflamed
membrane of the windpipe. Its sooth-
ing balsams act immediately, the in-
flammation is allayed, and the swelling
reduced.

"Not long ago our little boy, Walter,
awoke in the night with a bad attack
of croup. We allowed him to inhale
Hymel; he began to breathe easier,
and in half an hour was fast asleep. I
am glad to speak a good word for a
remedy that will rob croup of its ter-
rors."—Rev. Geo. Sisson, pastor of M.
E. church, South Londonderry, Vt.

Hymel (pronounced High-o-mel) is
guaranteed by Summers' pharmacy to
cure catarrh, coughs, colds, asthma,
bronchitis and croup, or money back.
A complete outfit, including a neat
hard rubber pocket inhaler, costs only
\$1.00. An extra bottle of Hymel, if
afterwards needed, costs but 50 cents.

Women as Substitutes for Pack Horses in Montenegrin Army.

Women carry a large part of the packs when the army of Montenegro is on the march. The situation in the Balkans has given the Montenegrins war fever and the army is full of activity.

COMPLETING BEST SEWER IN INDIANA

Gary Contractors Say They
Will Finish Job in
Three Weeks.

IT COSTS \$25 A LINEAL FOOT

Green & Sons Now Building 100 Feet
a Day—Begins at River, Ends
at Twenty-Second Street.

Green and Sons, the contractors, who
are now engaged in the construction
of the great sewer known as district
sewer No. 1, announced yesterday that
they expected to have the work com-
pleted in three weeks, at the latest.
This will mean the completion of the
greatest work of its kind in the state,
costing the city over 25 per foot and
a total of over \$200,000.

The district sewer runs from the
Grand Calumet river south to Thir-
teenth street, then west to the alley
between Washington street and Broad-
way. It then turns south and runs as
far as Twenty-second street. Mr.
Green said yesterday that they were
as far as Eighteenth street at that
time and were moving along as rapidly
as they did not have the water to car-
ry. They are now capable of averaging 100
feet per day of construction.

Best Sewer System in State.
When the big district sewer is com-
pleted, together with the numerous local
sewers, which will soon be con-
structed or are being built at the pres-
ent time, Gary will have the finest
sewer system in the state. Judging
from the announcement of James Green,
the senior member of the firm of Green
and Sons, this is soon to be realized.
The first local sewer to be completed
is local No. 1, which was also built by
Green and Sons. This is located between
Ninth and Tenth avenues, in the alley
between Broadway and Washington
street. The city engineer reported yes-
terday that the work had been satis-
factorily done and that it was carry-
ing sewerage at the present time. The
sewer will be accepted by the town
board at its next meeting.

Last Moments of Great Musician.
A letter written by Count Grzy-
mala, who was an ardent admirer of
Chopin, has been made public in Lon-
don by Eduard Zeldensrust. In it the
last moments of Chopin are thus re-
ferred to: "A few hours before he
died he asked Mme. Potocka to sing
some melodies by Rossini and Bellini,
and this she did with sobs in her
voice. Listening to her voice he
passed away." Speaking of the fu-
neral the writer says: "Mozart's re-
quiem and his own funeral march
were performed with the assistance of
Lablache, Viardot and the concert so-
ciety. It was characteristic of the
times that the artists should have
asked 2,000 francs for this last trib-
ute to Chopin. One would have
thought that pride would have kept
them from selling their gifts on such
an occasion."

Her Word at a Discount.
Mrs. Frost—Mrs. Brown says you're
the stingiest woman alive.

Mrs. Snow—Well, do you think for
a moment I believe her?

ROBBERS LOOT WINDOW TAKEN TO THE SUPERIOR COURT

Throw Brick Through Pane
of Glass and Get Some
One Dollar Williams.

Another window smashing episode
occurred in Gary early this morning
when an unknown man wrapped a pair
of overalls around a brick and threw
it through a plate glass window. In
the Boston store on Broadway, between
the Michigan Central tracks and Tenth
avenue.

Officer Nestorovich went past the
Boston store just before 2:30 and at
that time everything was all right. He
returned on his beat a few minutes
later and found the window broken
and the brick wrapped in the overalls
in the window.

There had been on display a number
of hats with one dollar bills in them
and there were also four gold watches
in the window. The thieves placed the
cloth around the brick so that the noise
would not be so great and managed to
get away with six of the bills and all
of the watches.

The police are working on the case
and believe they have a good clue as
to the identity of the window smash-
ers. The window itself is worth more
than the loot taken by the thieves.
This is the third case of the kind that
has occurred in Gary.

MAN HURT BY A BRICK

Bricklayer Taken to Mercy
Hospital in Serious
Condition.

A man, whose name could not be
learned, was badly injured while at
work as bricklayer on the new Em-
erson school building in Gary. He was
taken to Mercy hospital where it was
found that he is suffering from a
heavy blow on the head.

The manner in which he was in-
jured is not known. Dr. T. B. Tem-
plin, who dressed the man's injuries,
said that it might have been the re-
sult of a fight, or it might have re-
sulted in an accident such as being hit
by a falling brick.

The man lay unconscious in the
building for some time before he was
discovered. He is not thought to be
fatally injured, however, and it is be-
lieved he will recover.

Wonderful Swiss Machine.
An automatic machine capable of
threading 1,000 needles per minute is
a mechanical marvel of a large Swiss
factory. The operation includes pick-
ing up the needle, propelling it to the
suitable position, tying a knot, cut-
ting the thread and returning the
needle to its assigned resting place.

"Preserved" Drama.
One of the provisions for old age
which will soon be made by every
actor and actress is the record of his
or her best work by means of the
cinematograph. Imagine the triumph
with which an old actress would pro-
duce her film and her phonograph,
and let the young ones know what she
was at her best.

A Difference in the Family.
Young Mother (tenderly)—Baby-
hood is a sweet life drama.

Young Father (testily)—No, it isn't
in the drama class. It is a screaming
farce.

TAKEN TO THE SUPERIOR COURT

East Chicago Ex - Police
Chief Case Venued from
Judge Ed. DeBriac.

ATTY. BOONE TAKES A HAND

Fire In Rodger's Home Adds to the
Troubles That Oppress Him Since
His Arrest on Saturday.

East Chicago, Ind., Oct. 28.—John
Rodgers, the Chicago avenue saloon-
keeper, and former chief of police, will
be given a chance to explain to the
superior court the reason for his strik-
ing Officer John Thompson, of the lo-
cal force, several nights ago.

Rodgers, it will be remembered, de-
liberately struck Thompson a cowardly
blow while in a semi-drunken state.
His trial was continued for several days
at the request of his attorney, A. Ot-
tenheimer, of this city, and upon final
arrangement this morning, the latter
advised Judge Edward DeBriac that
his client desired to have his case tried
before another judge.

State's Attorney D. E. Boone here
looked a hand in the affair and de-
clared that he was perfectly willing to grant
such a change, but that Judge Reiter
would hear the case.

He immediately filed action in the
superior court and Rodgers was re-
arrested on a sheriff's warrant, charged
with assault and battery and the carry-
ing of concealed weapons. His pun-
ishment, if demanded by the higher
court, will be much heavier than any
Mayor DeBriac could have imposed,
and residents of East Chicago are dis-
posed to believe that Rodgers had bet-
ter accepted and paid a fine in the local
court.

Rodgers has been drinking quite
heavily since his first arrest, and an in-
vestigation of the facts leading up to
the destruction of his home, as chronic-
led in THE TIMES of last evening,
shows him to have left a lighted lamp
in one of the upper bedrooms. It is
conjectured that he threw the half-
burnt match into a pile of clothing on
the floor, causing a slow fire. The ex-
treme dampness of the roof prevented
the discovery of the fire earlier in the
evening, practically the entire upper
section of the house being destroyed
before the roof caught fire.

Fortunately, there was no one in the
house at the time, Mrs. Rodgers being
visiting in Pittsburgh, Pa., at the
time at the bed of a sick brother, while
John Rodgers Jr. was working at the
Republic mill at the time of the fire.
The building was fully covered by in-
surance handled through the George
W. Lewis agency of this city.

The Uniform.
If there is one thing above all others
which militates against enlistments it
is the sending forth into civil life of
dishonorably discharged soldiers and
sailors in uniform. How can a respect
for the uniform be maintained and an
interest in the wearers of it be aroused?

If men who have been adjudged a
"disgrace to their uniform" be per-
mitted to appear before the American
people in the garb they have dis-
graced? Such men are constantly be-
fore the public eye. Shiftless and
worthless, they wear their uniform, un-
til it is worn out, and do incalculable
harm to the military profession and
to the reputation of the manly and
worthy men in the service.—Army and
Navy Life.

The Ice Napoleon.
The ice magnate was breakfasting
on his yacht in the cool, wind-swept
harbor.

"Queer people, the poor," said his
son. How they must stint themselves.
A sweatshop worker dropped in at the
office yesterday—said his two babies
were sick—and paid for a week's ice
in advance.

"He could pay in advance, eh?"
mused the magnate over his cham-
pagne-drenched grapefruit. "Then
wire headquarters to put up prices
twenty per cent at once."

**JOIN THE ARMY WHO HAVE TRIED

IS BOUGH'S ASSAILANT

Walter Wolf and W. L. Rog-
ers Arrested in Chicago
Yesterday.

Walter Wolf, age 25, who lives at
670 West Superior street and W. Rog-
ers, age 27, who lives at 687 West Su-
perior street, Chicago, who were ar-
rested after they had held up Frank
Bough in his Gary resort and shot him
in the wrist, will be arraigned for
trial tomorrow afternoon at 2 o'clock
in Judge Huber's court.

Sergeant Rambo, who was sent to
Chicago to investigate the record of
the young men, visited their homes
and found that both of them had been
out of employment for the past three
months.

The record of Rogers was the worst
and he is said to have made it a prac-
tice to be away from home for weeks
at a time. When the young men left
their homes in Chicago, one of them
borrowed enough money to go to Gary.
They were unable to explain satis-
factorily where they got the money
which was found on their person after
they were arrested, and this is taken

SALLONKEEPERS MEET

East Chicago Organization
Is Addressed by C. R.
Wald.

East Chicago, Ind., Oct. 28.—The sal-
oonkeepers of East Chicago held a
business meeting of their Protective
association yesterday afternoon. It is
said that matters of the utmost im-
portance concerning the coming elec-
tions were considered, although com-
plete verification of this could not be
secured. It is known, however, that
the body was addressed by C. R. Wald,
a prominent Indianapolis saloonkeeper.

The Uniform.
If there is one thing above all others
which militates against enlistments it
is the sending forth into civil life of
dishonorably discharged soldiers and
sailors in uniform. How can a respect
for the uniform be maintained and an
interest in the wearers of it be aroused?

If men who have been adjudged a
"disgrace to their uniform" be per-
mitted to appear before the American
people in the garb they have dis-
graced? Such men are constantly be-
fore the public eye. Shiftless and

HARBOR REPUBLICANS RALLY ON SATURDAY

Two Good Speakers Will
Wind Up Campaign There
on Saturday Evening.

WILL GET A GOOD RECEPTION

Congressman From Roosevelt's Dis-
trict to Speak at Big Cele-
bration Here.

(Special to THE TIMES.)
Indiana Harbor, Ind., Oct. 28.—De-
spite the efforts of local Chairman
Charles E. Fowler to secure Albert J.
Beveridge for an address at Indiana
Harbor, he was unable to do so. How-
ever, the energetic leader decided to ac-
cept "half a loaf" for next Saturday
evening, and has made arrangements
for the presentation of Congressman
Walter W. Cocks of New York, and
Senator Walter L. Ball of Muncie, Ind.

The arrangements were completed by
Mr. Fowler on a special trip to Indian-
apolis on Monday. The state central
committee declared that Mr. Beveridge
could not come to Indiana Harbor, but
immediately telephoned to eastern
headquarters in New York, asking for
assistance. Hon. W. W. Cocks was as-
signed to the western work, and will
be given a tremendous reception at
Saturday night's meeting.

Mr. Cocks is the congressman from
President Roosevelt's district in New
York state and is considered one of the
"biggest" men in legislative circles to-
day. Senator Ball is well known to
Indiana audiences, and is a speaker of
merit and ability, his advocacy of the
republican cause bearing the stamp of
sincerity and truth.

Street Parade and Red Fire.
A street parade, several blocks in
length, with quantities of red fire and
torches will also be part of the even-
ing's program. Two bands, followed by
delegations from East Chicago, Ham-
mond and Gary will complete the most
spectacular, and give to Indiana Har-
bor such an outburst of enthusiasm as
it has never seen before.

William J. Bryan is to deliver an ad-
dress from the rear platform of his
train on Saturday evening and will no
doubt draw a large crowd. These will
be swept away by the martial music
of the republican leaders, to the Col-
iseum skating rink, where the meeting
is to be held. Another democratic
meeting is scheduled to take place at
Cohen's auditorium hall on the same
evening and there is a great deal of
preaching being made regarding which
party will have the better demon-
stration. Two men so well versed in the
discussion of both national and inter-
state topics as are Messrs. Cocks and
Ball, however, should not fail to meet
with the enthusiastic support of every
republican and every level-headed
democrat in the northern end of Lake
county, and it is safe to predict that
the Coliseum meeting will be by far the
larger of the two attractions of the
evening.

ARE STILL AFTER BRYAN

Gary Democrats Hope to
Get Mr. Bryan to Speak
in the City.

SALLONKEEPERS MEET

GARY TOWN BOARD IN REGULAR SESSION

Considerable Time Is Spent
in Discussions of
Projects.

FRANCHISE MATTER IS UP

Plans for New Fire and Police Sta-
tion Are Inspected—Amendment
to Plumbers' Ordinance.

The Gary town board met for their
regular session yesterday afternoon.
All members were present at the regu-
lar meeting at 2 o'clock and it was
after 4 o'clock when the members
straightened their stiffened limbs and
wandered home.

During the two and one-half hours
that the board was in session very lit-
tle was accomplished, except the al-
lowing of the regular bills.

The board would look at the plans
for the new central fire and police sta-
tion and then somebody would start
to talk about sewers. Then there was
the promoters for the new Valparaiso-
Gary interurban. Each subject came in
for its share of discussion. Of course
there was nothing else for the board
to do but look over plans and let
others do the talking.

To Inspect House Connections.
Mr. James Green of the Green &
Sons Construction company, was pres-
ent for the acceptance of local sewer
number one. The city engineer's re-
port on same was adopted by the board.
Mr. Green said that the company has
spent thousands of dollars in clean-
ing out sand that has gone into the
sewers through the carelessness of
those who were making connections.

President Knotts suggested that an
amendment be made to the plumbers'
ordinance in that whenever house con-
nections were made in the future, they
would be inspected by the city en-
gineer.

The matter of the granting the fran-
chise to the company building their
line from Valparaiso to Gary, was
brought up for discussion. Mr. Keator,
representing the promoters of the new
company, was present, as was also
Attorney W. F. Chase, of Chicago, re-
presenting the Gary & Interurban.

There was some discussion as to the
interpretation of different clauses in
the franchise granted to the Gary &
Interurban, as to whether the fran-
chise allowed other companies to enter
Gary over their lines and do local busi-
ness in the city.

Others Companies Have Rights.
President Knotts yesterday afternoon
made that point clear and said there
had been much discussion on that
point. Mr. Knotts said that when the
Gary & Interurban franchise was
granted, it gave any other company the
right to enter into this time incorpo-
rated or organized, no franchise would
be granted until that time.

Mr. Keator said he would see that
at the next meeting of the board that
the company would be duly authorized
to do business, as they would be in-
corporated by that time.

Inspects Architects' Plans.
The plans for Gary's new central
fire and police station were submitted
to the board by Architects Kendrick,
Hammons and Hudson. Colored pros-
pective views were also submitted,
which shows the beauties of the build-
ings.

The new central fire and police sta-
tion will not be built on the property
donated by the steel company at the
corner of Fifth avenue and Massa-
chusetts street, but at Seventh avenue
and Massachusetts, on the property
purchased. The building will be a com-
bination police and fire station, with
offices for the city officials up on the
second floor.

In years to come, as the growth of
the city business demands it, the city
hall proper will be built on Fifth ave-
nue and Massachusetts.

The plans of the three architects will
be considered by the board at their
next regular meeting.

FORMER EAST CHICAGOAN DIES IN OHIO.

Word Is Received of the Death of
Walter Garthwaite of Leontia, O.
Fell From a Forty-Foot Scaffold.

East Chicago, Ind., Oct. 28.—(Special)
—The sudden death of Walter Garth-
waite of Leontia, O., comes as a shock
to the many friends of the young man
who knew him during his residence in
this city. Mr. Garthwaite will be re-
membered as having married Miss Ida
Mitchell, a prominent East Chicago
girl, about six years ago, and having
moved to the Ohio town, where up to
the time of his death, he was employed
as a mill-man.

Mr. Garthwaite's death was due to
an injury, received by falling about
forty feet from a scaffold. He is sur-
vived by his wife and two small chil-
dren, as well as relatives belonging
to his own family. Mrs. G. W. Mitchell
of this city, is in the Ohio town at the
present time endeavoring to console her
bereaved daughter as best a mother
can, and will probably return to this
city during the coming week.

Learn This To-Day.
The courtesy with which I receive a
stranger, and the civility I show him,
form the background on which he
paints my portrait.—John Paul Rich-
ter.

Seldom.
People seldom forget the names of
faces of those whom it may pay to
know.

Strength of Locomotive.
A railway engine may roughly be
said to equal in strength 900 horses.

Notice to Water Consumers.
The semi-annual water rent falls due
November 1, and must be paid before
November 15, or a penalty of 5 per cent
will be charged.

By Order
C. N. JEWETT,
Supt. Water Department.
