Indication of Large Vote.

Indications are that both parties will poll a larger vote than ever known before in Center township, and there will be few stay-at-homes or muggumps this year. At the present writing the polls present a lively appearance, and the workers of both parties are working tooth and toe-nail for their respective candidates. The present campaign has certainly awakened the interest of the Center township voters and to be in the swim a man has to talk politics.

Quite a little money changed hands on the outcome of the election last night, most of it being wagered on the sheriff's chances. AN OPEN LETTER

To the editor of the Times, and I want the people of Hammond to know that I write the following voluntarily.—Harry L. Goodiel.

I have suffered for the last five years and have tried different doctors, but have had no relief until I bought a 50-cent box of Mi-o-na from our drug store (R. W. Knowlton's) here a short time ago.

The first box did me so much good that I immediately purchased another one, and now I feel better than I have at any time in the past five years. Am able to eat anything and everything, and to get a good night's sleep afterwards.

Was so bad at one time that all I was able to eat for over a month was a raw egg in a half a glass of milk, two or three times a day. I would earnestly advise anyone suffering as I was from dyspepsia, to give this remedy a fair trial. I remain, gratefully yours, Harry L. Goodiel, 8½ River street, Ashtabula, Ohio.

ANNOUNCES A MEETING

President of Calumet Deep

Water Association Sets

Date As Nov. 6.

(Special to THE TIMES).

Indiana Harbor, Ind., Nov. 3.—T. M. C. Hembroff, president of the Calumet Deep Water association, has announced the next meeting for that body, and set 8 o'clock in the evening of Nov. 6 as the time.

In a circular that he has sent out he has the following to say:

"At that hour members of the association are earnestly requested to be at the board room of the Chicago sanitary trustees, on the fifteenth floor of the American Trust & Savings bank, corner of Monroe and Clark streets, Chicago.

"R. R. McCormick, president of the Chicago sanitary board, will there address the members of the Calumet Deep Water Ways association for about an hour.

"After his address the members will go to the German room at the Grand Pacific hotel, Clark and Jackson streets, for dinner.

"Tables will be set for thirty guests. Service will be a la carte from bill of fare of the cafe.

"After the dinner there will be a general discussion between members on the various draining projects already submitted, and perhaps a short address from some eminent engineer.

"It has been deemed wise for the association to meet in Chicago this time as it was believed extremely desirable to hear the views of President McCormick on the relations between the Calumet region of Illinois to the Calumet region of Indiana in reference to sewerage and drainage, and also in reference to the deep water channel to connect with the Lakes-to-Gulf ship canal.

"Owing to the importance of the meeting it is hoped that all members of the association will attend.
